SELECTMEN'S REPORT

The past year was the first for Watertown under the modified form of town meeting.

By providing a time and place for the meeting of all voters in each of the six precincts an opportunity was offered for nominating on a truly representative basis and followed the spirit of the legislative act which provided that candidates shall appear on the ballot without political designation. At each of these public meetings held in February, 1920, of which every voter received due notice, a full quota of nominees was made to which additions were later made by individual action.

The resulting body of legislators has been perhaps more representative than faithful in attendance. At one special town meeting a quorum failed to appear and at the others only a few over half responded. There were also many absentees at the regular spring meeting.

It is to be expected that the one-third quota to be filled at the spring election of 1921 will bring in members more fully aware of the nature of their duty and obligation which, with the experience of the remaining two-thirds, will materially increase the interest and effectiveness of the new form of town meeting.

It is to be remembered that our modified form is on trial and still in the experimental stage, Watertown being one of the first and perhaps legally the first, to effect this change. It is incumbent, therefore, on all citizens to assist in making the most effective use of the new method which has been adopted with a view to accomplishing a more direct and representative expression of the whole community.

Of perhaps greater importance in the matter of efficiency is the necessity of considering a change in the administrative branch of local government. A special committee will report recommendations on action in relation to Chapter 591 of the Acts of 1920 by which the legislature gives to towns the right to concentrate authority.

Here in Watertown there are some forty elected officers or members of boards or committees, each unit independent of the other and responsible directly and only to the town. It is not practical to intelligently lay down policies, build a budget, spend money, or administer affairs with such a disjointed organization.

Streets

On account of the shortage of labor and materials, your Selectmen determined to build only such streets as required a permanent form of construction by contract. Upon securing estimates, we found that a cement road could be built as cheaply as one of asphalt and accordingly contracted with Simpson Brothers Corporation to build Pleasant Street, from Green Street, to the Newton line at the bridge over the Charles River, School Street and Beacon Square with Hassam Compressed Concrete. We are much pleased with the results and recommend this type of construction for Pleasant Street from Green Street to the Square at Galen Street.

The Hassam pavement on Galen Street, and a portion of the bridge which was laid in 1908, has been cut open in several places by the Water Department, and is beginning to show signs of wear. We are advised that if any longer neglected we may lose this piece of road and accordingly recommend that it receive a bituminous top similar to that already laid on one side of the bridge in 1917.

Adams Avenue, Boylston and Winthrop Streets still remain unfinished. As all are in an extremely bad, if not a dangerous, condition we recommend that they be resurfaced next year.

Betterment Streets

With the completion of Putnam, Dartmouth, Porter, Fairfield, Stuart and Maplewood Streets, Hillside Road, Concord Road and Summit Road, the town has built since 1915, when this policy was first adopted, four and one-fourth miles of betterment streets at a cost of \$61,000, which will all be returned to the treasury of the town with interest thereon.

Petitions have been received to build in this manner the unaccepted portions of Irma Avenue and Spruce Street, West-

land Road, Kimball Road, Avon Road, Summit Road, Bay Street and Prescott Street. These have all been viewed and laid out as and for public ways by the Selectmen, and we recommend them for acceptance by the town. Beechwood Avenue, Crawford Street and Putnam Street east, already laid out and accepted, remain to be built in 1921. To provide for necessary drainage before building Avon and Sunset Roads, as well as for a portion of Common Street, the Selectmen of Belmont have agreed to ask for an appropriation sufficient to pay half the cost of extending the drain in Belmont Street, from Hall Avenue to Alden Road.

Perambulation of Boundaries

The boundaries of the town have been perambulated this year according to law, which requires that this be done once in every five years by the Selectmen and representatives from adjoining municipalities. With a few exceptions all marks were found to be in good condition and properly set, the defective ones will be cared for as soon as conditions will permit.

The southerly line of Belmont Street was fixed by the General Court in 1911 as the boundary between Belmont and Watertown. Where Cambridge, Watertown and Belmont meet on Belmont Street the line between Cambridge and Watertown begins at a stone buried in the street 13.64 feet from the bound between Belmont and Watertown. This was called to the attention of the town in 1906 by the Selectmen in their report for that year, who recommended that the boundary be relocated, but nothing was done in the matter. We have taken up the question with Cambridge officials who suggest that a new boundary be established on the curb line, a distance of about eight or ten feet from the property line.

The Selectmen of Belmont agree with us that the suggestion is an excellent one and will co-operate to bring about a similar change between Belmont and Watertown.

This will enable our citizens whose property abuts on Belmont Street to secure a sidewalk of a permanent character, which under present conditions they are unable to obtain. That portion of Belmont Street has no continuous walk; all persons passing

through on foot must walk in the roadway, and it is especially dangerous for the children living in this section who have to walk long distances to school. We recommend that the necessary authority be given to petition the Legislature for this change.

During the year, 11,481 linear feet of granolithic walks were laid and 1,763 linear feet of curbing. 1,748 feet of sewers were built, 8,800 linear feet of storm drains and 7,786 linear feet of betterment streets. Details of this work may be found in the reports of the Town Engineer and the Superintendent of Streets.

For details in respect to the departments under the supervision of the Selectmen reference is made to the reports of the Superintendent of Streets, Chief of Police, Chief of the Fire Department, and other executives and agents.

CHARLES M. ABBOTT,
ERNEST K. INGALLS,
G. FREDERICK ROBINSON,
Selectmen.

CHARLES M. ABBOTT,
 ERNEST K. INGALLS,
 G. FREDERICK ROBINSON,
Appraisers.

For year ending December 31, 1920.

**List of Jurors Approved by the Selectmen in the Town
of Watertown for the Year 1920**

Allen, Edward E., director,	Perkins Institute
Anderson, Robert, clerk,	17 Patten st.
Andrews, Charles E., printer,	172 Maplewood st.
Andrews, William S., letter carrier,	45 Myrtle st.
Ashby, George T., chief mechanic,	29 Commonwealth road
Bacon, Edward K., manager,	19 Fayette st.
Bailey, Ambrose C., decorator,	20 Union st.
Bailey, John, cleanser,	46 Washburn st.
Bailey, Walter J., dyer,	17 Frank st.
Balch, Joseph, janitor,	12 Dana ter.
Barclay, Alexander H., printer,	15 Cedar st.
Barnard, Samuel O., clerk,	16 Otis st.
Bake, William, watchman,	100 Beechwood ave.
Barnes, Francis H., clerk,	220 Main st.
Barrett, John P., plumber,	550 Main st.
Barrett, Peter P., farmer,	536 Main st.
Barry, Garrett G., machinist,	32 Bacon st.
Barry, Thomas F., rubber worker,	792 Mt. Auburn st.
Barry, William D., painter,	19 Church Hill st.
Bartels, George L., bookkeeper,	307 Waverley ave.
Beale, George, stationer,	126 Church st.
Benjamin, Harold C., mechanical engineer,	28 Marshall st.
Boyce, Wallace H., rubber worker,	155 Spruce st.
Bransfield, Jeremiah S., postal clerk,	29 Capitol st.
Brigham, Charles, architect,	84 Garfield st.
Broe, George J., machinist,	32 Capitol st.
Brown, Hamlin D., salesman,	37 Chester st.
Bixby, Curtis W., architect,	45 Oliver st.
Buchanan, Daniel, finisher,	52 Phillips st.
Bustin, Charles F., watch factory,	83 Franklin st.
Bustin, Frank H., musician,	93 Franklin st.
Bullock, Horace S., salesman,	10 Winsor ave.
Burns, Joseph A., salesman,	126 Main st.
Burnham, Henry C., motorman,	14 Ladd st.
Bridge, George H., retired,	48 Commonwealth road
Brown, Charles J., rubber worker,	211 Orchard st.

Brown, Lewis E., retired,	15 Fayette st.
Burroughs, Stanley M., clerk,	4 Winsor ave.
Camp, Edward C., clergyman,	215 Mt. Auburn st.
Caney, Frank H., statesman,	98 Common st.
Canady, Oscar M., editor,	26 Olcott st.
Cazmay, Thomas W., taxi business,	16 Riverside st.
Chase, Paul E., electrician,	95 Church st.
Coolidge, Herbert, insurance,	77 Garfield st.
Cole, Howard, bookkeeper,	186 Maplewood st.
Cotter, Michael E., printer,	44 North Beacon st.
Cooney, Joseph R., moulder,	298 Main st.
Cooper, Walter A., clerk,	20 Union st.
Connor, Walter J., machinist,	47 Elliot st.
Coburn, Charles F., organ maker,	2 Appleton st.
Coburn, Chester A., clerk,	15 Appleton st.
Cremin, William, employee, H. P. Hood & Sons	43 Myrtle st.
Crouse, James E., foreman,	40 Chester st.
Cummings, Charles W., retired,	24 Patten st.
Coen, Thomas J., motorman,	20 Green st.
Conroy, Michael E., mason,	24 Bacon st.
Cunniff, Martin J., moulder,	84 Galen st.
Dahlberg, Gustaf R. L., government employee,	266 Belmont st.
Dardis, James B., janitor,	32 Cuba st.
Day, Charles A., superintendent,	44 Bates road
Day, John M., salesman,	134 Summer st.
Deignan, Patrick C., rubber worker,	9 Appleton st.
Dunphy, Patrick J., retired,	45 Grenville road
Dunphy, James P., postal clerk,	45 Grenville road
Drake, Fred L., clerk,	303 Mt. Auburn st.
Dunbar, Arthur R., chemist,	60 Katherine road
Doherty, Thomas P., railroad clerk,	73 Galen st.
Draper, William H., clerk,	54 Barnard ave.
Durnan, James H., grocer,	17 Melendy ave.
Earl, Francis H., leather business,	27 Appleton st.
Emery, Richard S., salesman,	149 Winsor ave.
Emerson, William M., clerk,	48 Walnut st.
Evans, David A., conductor,	73 Capitol st.
Farley, Charles A., piano dealer,	60 Church st.

Feather, Maurice, architect,	129 Langdon ave.
Fitz, C. Fred, civil engineer,	18 Common st.
Files, Eben S., bookkeeper,	65 Marshall st.
Freethy, George E., salesman,	98 Barnard ave.
Foote, William H., painter,	32 Purvis st.
Garhart, Nathan K., manufacturer,	37 Langdon ave.
Graham, Robert J., undertaker,	4 Franklin st.
Greenwood, Chester T., lawyer,	165 Winsor ave.
Gerry, Joseph W., wall paper dealer,	35 Marion road
Gooch, William D., bookkeeper,	35 Adams ave.
Gookin, George F., salesman,	79 Marshall st.
Green, Waldo S., buyer,	43 Parker st.
Griffith, Wallace C., salesman,	29 Winter st.
Gallagher, Thomas F., postal clerk,	118 Waltham st.
Glover, Charles A., tinsmith,	32 Fifield st.
Goodspeed, George E., treasurer, Safe Deposit and Trust Co.,	279 Mt. Auburn st.
Green, Fred C., reporter,	113 Church st.
Hach, John P., manager,	121 Marshall st.
Hackett, Paul, starter,	14 Bates road
Hamrock, Michael, retired,	46 Prescott st.
Harrington, Ralph E., produce dealer,	1024 Belmont st.
Hall, Albert B., clerk,	40 Franklin st.
Hewitt, Frank J., salesman,	55 Capitol st.
Hillman, Howard L., advertising agent,	30 Hawthorne st.
Hodges, Cornelius C., designer,	124 Cypress st.
Hogan, John J., Jr., clerk,	38 Prentiss st.
Hogan, Thomas A., clerk,	38 Prentiss st.
Hillman, William F., expressman,	67 Spring st.
Hubbard, Charles B., watchman,	36 Boyd st.
Hughes, Patrick T., agent,	41 Paul st.
Hussey, John H., moulder,	106 Fayette st.
Haynes, Alberto F., architect,	18 Marshall st.
Jacobs, Harry K., clerk,	34 Chester st.
Jessup, George W., draftsman,	42 Maple st.
Johnson, Carl W., manager,	72 Winsor ave.
Jones, Arthur B., bookkeeper,	29 Carroll st.
Jones, William H., teacher,	181 Maplewood st.
Kelley, James R., motorman,	11 Union st.

Lawton, James J., foreman,	30 Barnard ave.
Leigh, Albert F., engraver,	38 Royal st.
Lucas, William H., superintendent,	31 Otis st.
Lyons, Thomas F., watchman,	786 Mt. Auburn st
Madden, Charles H., iron moulder,	100 Langdon ave.
McBride, Sylvester J., printer,	47 Elliot st.
McDonough, James H., inspector,	67 Franklin st.
McGann, Michael J., laborer,	50 Winter st.
Maguire, John J., clerk,	27 Grenville road
Mason, Herbert G., architect,	1 Centre st.
Minot, John Clair, editor,	98 Mt. Auburn st.
Morse, C. Milan, chemist,	83 Commonwealth road
Mabry, Willis, piano maker,	248 School st.
McNally, James C., laborer,	50 Church st.
Mee, Dennis, rubber worker,	10 Norseman ave.
Monahan, Arthur E., machinist,	9 Bay st.
Morley, Thomas P., expressman,	9 Howe st.
Noble, Archie E., lumber dealer,	32 Russell ave.
Nolan, John R., chauffeur,	7 Elmwood ave.
Newell, Samuel H., conductor,	40 Union st.
Norcross, William W., foreman,	39 Spruce st.
Nugent, Joseph M., blacksmith,	43 Waltham st.
Oates, William F., clerk,	12 Dartmouth st.
Olsen, William C., tool maker,	13 Rutland st.
O'Neil, Arthur E., superintendent,	25 Langdon ave.

Willoughby, Charles C., assistant curator,	291 School st.
Wickes, Forrest F., manager,	45 Boylston st.
Woodman, Alpheus G., professor,	367 School st.
Wright, Warren M., clerk,	93 Garfield st.
York, William F., mason,	114 Fayette st.

REPORT OF THE TOWN COUNSEL

December 31, 1920.

Honorable Board of Selectmen.

Gentlemen: I report to you as Town Counsel for the year 1920 as follows: Many claims and actions against the Town have been referred to me, and there are now pending in the courts the following actions:

1. Anna Hamlet, an action for personal injuries alleged to have been received by reason of a defect in the sidewalk on Pleasant Street.

2. Benjamin H. McElroy and Joseph McElroy, his son, two actions for injuries alleged to have been sustained while traveling in an automobile on Galen Street on August 18, 1916. This accident occurred while the Boston Elevated Railway Company was repairing its roadbed on Galen Street, and believing that company to be responsible for the condition of the street and therefore liable for the accident, I summoned the company in to defend these cases.

3. Simpson Brothers Company, an action for injury to property claimed to be due to the storm drainage entering the cellar of the building used by the company in its business, said building being located on Main Street.

4. Stephen Kavafian, for land damages claimed to be caused by the establishment of the building line on Bigelow Avenue in 1915.

The action brought by the Town by me against the Town of Maynard for money expended under the Poor Relief and Mothers' Aid Statutes, in the care of one Annie Nucci and children, was not entered, due to the fact that before the day of entry the Town of Maynard made a complete settlement of the total claim, by paying the amount claimed to be due.

The actions of Noroian and Boghosian for land damages due to the establishment of the building line on Bigelow Avenue

have been settled by the payment of nominal sum of \$75 as costs and expenses in both actions.

Several other small claims have been settled out of court by the payment of small sums.

During the year I have drafted several bills for the Legislature which have been enacted into law, among them being a bill amending the act governing our Town Meetings, which amendment became necessary by reason of the admission to the rights of suffrage of the women under the 19th amendment to the Federal Constitution.

I have also drafted an act to make consistent the so-called police listing law as applied to the Town of Watertown and the cities of Boston, Cambridge and Chelsea, with the said amendment to the Federal Constitution. This act has not been passed but undoubtedly will be at the next session of the General Court.

The interchange of land between the Federal Government and the Commonwealth in the vicinity of North Beacon Street and Arsenal Street near the United States Arsenal has been completed, and the Town has received from the Commonwealth the sum of \$30,000 as provided in the law authorizing such interchange.

As a part of my duties I have advised the various departments of the Town whenever called upon, with relation to their powers and duties, and I have drafted many deeds, releases, easements and other like instruments.

It has been my endeavor to impartially advise and assist in the administration of the affairs of the Town to the end that its business be carried on strictly in accordance with the law.

Respectfully yours,

WESLEY E. MONK, *Town Counsel.*

REPORT OF THE FINANCE COMMITTEE

To the Citizens of Watertown:

The estimates and requests for appropriations submitted by the various departments, together with the amounts asked for under the several articles in the Warrant, amounted to \$1,743,674.23.

The Finance Committee, after careful investigation, recommends a budget which calls for the appropriation of \$1,344,290.23. This includes many projects that have been delayed during the late war, namely: re-building of Pleasant and School Streets, Athletic Field, site for Town Hall, and additions to Fire Station No. 2.

A very large amount of the total appropriation must be assessed on the Polls and Estates, as our borrowing capacity at present is \$138,000.00.

Estimated Receipts

Water Income	\$105,000 00
Bank and Corporation Tax	70,000 00
Street Railway Tax	4,000 00
Poll Taxes	10,000 00
Miscellaneous	55,000 00
	<hr/> \$244,000 00

Balances Available

Betterments Received	\$3,532 33
Unexpended Balances	12,682 06
Premiums	8,028 06
1918 Overlay	35,000 00
1919 Income Tax	1,328 79
	<hr/> 60,571 24

May Be Borrowed

Construction of Pleasant Street	\$35,000 00	
Construction of School Street	20,000 00	
Construction of Arlington Street	20,000 00	
Buildings at Athletic Field	30,000 00	
Additions to Fire Station No. 2	28,000 00	
Site for Town Hall, Outside Debt		
Limit	80,000 00	
	<hr/>	\$213,000 00
Total		<hr/> \$517,571 24

This leaves to be assessed on the Polls and Estates the sum of \$826,718.99, which would give the Town a tax rate of about \$31.00, provided the assessed valuation is increased about \$1,000,000.00.

If the tax payers insist on improvements they must expect to pay the bills through the taxes, as the borrowing capacity must not be reduced to an unsafe figure.

Salaries

While increases in salaries have been granted in all departments, some of the amounts of increase requested were all out of proportion to the importance of the office or to the amount of service rendered the Town, and your Committee has tried to be fair to both the Town and the employee. It is impossible to compare the salaries in various departments, owing to the great difference in the responsibility and work required of both heads of departments and clerks. It would also be foolish to try and compare them with the salaries paid by private corporations in Boston for the same work, because the item of car fares, lunches and general additional expenses must be taken into consideration in favor of the out-of-town employee.

School Salaries

The principals and teachers have again petitioned the School Committee for an increase in salaries, and after careful consideration, this Committee has granted the several increases

asked for, with the exception of the principal of the High School, who is placed on a flat rate rather than on a maximum basis.

Fire and Police Salaries

The maximum on salaries of Firemen and Police officers is raised to \$1,800.00.

Use of Automobiles

A bad practice exists in some of the departments over the use of private automobiles for town work, and the Committee believes that it would be for the best interests of the Town if this should be discontinued, and it so recommends.

Fuel for Schools

This Committee has recommended an appropriation sufficient to purchase coal enough to carry through to the end of the school year in 1921, and it also recommends that all coal delivered at the schools be weighed by a competent weigher not connected with the firm furnishing the coal, so that a correct figure as to the amount delivered and burned in each school can be obtained.

Street Construction

The appropriations asked for the construction of Spring and Boylston Streets should be postponed to a later meeting, owing to the large expenditures to be made at this time, and as the borrowing capacity will not permit of any further bond issues until later in the year. To add these amounts to the tax levy would carry that item to a prohibitive figure.

The same reason holds good in the postponement of the appropriation for Beechwood, Maplewood and Crawford Streets under the Betterment Act.

The Committee recommends the appropriation for the construction of Pleasant and School Streets, and for the widening and alterations to grade crossing on Arlington Street, which will do away with a very dangerous condition.

West School

While this Committee agrees that a School of some kind is needed in the West End of the Town, we feel that owing to the very incomplete and indefinite report presented to us, this matter should be referred back to the Special Committee with instructions to report at a Town Meeting to be held in the Spring on, (1) the advisability of an addition to the present Marshall Spring School, (2) whether this should be a Junior High School or Grade School, (3) size of building if for a Grade School, (4) size of building if for a Junior High, and it so recommends.

School

The tabulated report of expenditures calls for a much larger appropriation than ever before, and in view of this fact and the certainty of a new school in the near future, the Finance Committee recommends that the following vote be passed:

The Finance Committee recommends that it be authorized to have an educational survey of our Public Schools by proper, competent and disinterested persons, for the purpose of ascertaining their condition, their effectiveness, their results, the fitness of the personnel, and generally whether the Town is receiving a proper return for the large expenditures that are being made.

Tabulated Schedule of Appropriations

	Unpaid Bills 1919	Balance 1919	Appropriation Asked 1920	Committee Recommend 1920
Taxes (\$177,557.45)

Article 4. To grant such sums of money as may be thought necessary for uses and expenses of the Town the ensuing year, direct how the same shall be raised, or act thereon. (See Tabulated schedule of appropriations, pages 34 to 45.)

Article 5. To see if the Town will vote to appropriate the necessary sum of money to pay that portion of the Town debt which matures on or previous to January 1, 1921, direct how the money shall be raised, or take any action relating thereto.

Recommend that the sum of one hundred and twenty thousand (\$120,000) dollars be appropriated for the purpose of paying that portion of the Town debt which matures previous to and on January 1, 1921, and that this amount be paid from the Tax Levy for the year 1920.

Article 8. To see what action the Town will take relative to the appointment of a director for the supervision of gardens in the Town of Watertown.

Recommends no appropriation.

Article 9. To see if the Town will appropriate the necessary sum of money to pay the cost of an addition to Fire Station No. 2, direct how the money shall be raised, or take any action relating thereto.

Recommend that the sum of \$28,000 be appropriated and that this sum be borrowed for this purpose, at such time or times and upon such terms as the Selectmen and Town Treasurer shall arrange.

Article 11. To see if the Town will purchase the Kelly corner, so called, as a site for a Town Hall, or other public work.

Recommend that the sum of \$80,000 be appropriated for this purpose, and that this sum be borrowed outside the debt limit.

Articles 12 and 13. To see if the Town will acquire a parcel of land in the Western part of the Town for the purpose of constructing a school thereon.

Recommend that this be referred to a later Town Meeting.

Article 14. To see if the Town will appropriate the sum of money necessary to pay the cost of the laying out, construction and the equipment of an enclosed athletic field, direct how the same shall be raised, or take any action relating thereto.

Recommend the sum of \$60,000 for this purpose; \$30,000 to be borrowed at such time or times and upon such terms as the Selectmen and Town Treasurer shall arrange; the balance, \$30,000, be assessed upon the current tax levy.

• *Article 15.* To see if the Town will appropriate a sum of money necessary to pay the land damages and the cost of construction caused by the relocation of Arlington Street, from Mount Auburn Street to Elm Street.

Recommend the sum of \$20,000 for this purpose, to be borrowed at such time or times and upon such terms as the Selectmen and Town Treasurer shall arrange.

Articles 16 to 28 inclusive relating to betterment streets.

Recommend that these streets with the exception of Beechwood Avenue (Article 12), Maplewood Street (Article 25), and Crawford Street (Article 28) be built under the provisions of the betterment act and that appropriations be provided for that purpose in the sums designated on pages 39 and 40 of the tabulated report.

Article 29. To see if the Town will vote to appropriate the necessary sum of money to pay the cost of reconstruction of Pleasant Street, direct how the same shall be raised, or take any action relating thereto.

Recommend the sum of \$35,839 be appropriated for this purpose, and that \$35,000 be borrowed at such time or times and upon such terms as the Selectmen and Town Treasurer shall arrange, and the balance of \$839 be assessed upon the current tax levy.

Article 30. To see if the Town will vote to appropriate the necessary sum of money to pay the cost of reconstruction of School Street, direct how the same shall be raised, or take any action relating thereto.

Recommend the sum of \$20,000 be appropriated for this purpose, and that this sum be borrowed at such time or times and upon such terms as the Selectmen and Town Treasurer shall arrange.

Article 33. To see if the Town will vote to pension Martin J. Burke, an employee of the Highway Department, on account of injuries received while in the employ of the Town.

Recommend that the sum of \$450 be appropriated for this purpose, and that this sum be assessed upon the current tax levy.

Respectfully submitted,

IRVING B. COBURN, *Chairman.*

Voted: That the report of the Chairman be accepted and adopted as the report of the Committee.

RODNEY G. PAGE, *Secretary.*

REPORT OF THE CHIEF OF THE FIRE DEPARTMENT

To the Honorable Board of Selectmen:

Gentlemen: I herewith submit the following report for the Fire Department for the year ending December 31, 1920.

The total membership of the department is thirty-five men classed as follows: One permanent chief, two permanent captains, one permanent mechanic, twenty-seven permanent privates, and four callmen.

During the year eleven permanent men were appointed in order to properly operate the Two-Platoon System which went into effect May 3. The call force was further reduced so that we now have but four callmen, all of whom have been with the department a number of years. One of this number is a call lieutenant and one a call captain.

With the number of men and officers now provided I believe we can properly handle the equipment and apparatus of the department, at least, until such time as additional apparatus is purchased.

The six pieces of motor apparatus are in first-class condition and have rendered excellent service during the year. The motor ladder truck, in service five years without any cost for repairs, was thoroughly overhauled and improvements added in December. During the year a number of tire renewals were necessary — ten solids and five pneumatic tires being purchased.

I repeat my recommendation of the past year that the addition be provided for the East End Fire Station and that a ladder truck be installed there. These needed improvements have been put off from time to time although plans have been provided for the addition to the building. It is unwise to put off any longer this needed protection for a so rapidly growing section of the Town.

Three hundred dollars was appropriated to continue alterations at the Central Fire Station and has been expended for the same, all work possible being done by the permanent men.

The storm period of February and March was a severe test for the department. That the department was successful may be attributed to the co-operation of the men who gave up their days off and remained on duty continually ready to render all service possible.

The Two-Platoon System went into effect on May 3, 1920, and I can honestly say from my observations that this system has been a wonderful success. The men have shown a desire to co-operate, with the result that over seventy per cent answered to all first alarms and one hundred per cent to second alarms, while off duty. We now have fifteen permanent men stationed at quarters every hour during the day, and eighteen men at night, the other men off duty together with the four call men acting as a reserve force, and on alarms respond either to quarters or directly to the fire.

Realizing as I do the great cost of everything at this time and the increase this year due to so many men reaching the maximum salary, I have refrained from asking for anything but what I believe to be absolutely necessary to properly conduct the department for the coming year.

Fires and Alarms

Fire Prevention work by members of the department was continued during the year. Even more inspection was made than formerly, as the most of this work is now done by the platoon off duty.

The department responded to a total of one hundred and forty alarms for all causes. This is the lowest number of alarms during the past four years and below the yearly average for that time of one hundred and sixty-four alarms. Sixty of the alarms were bell alarms, and eighty were still alarms responded to by permanent men only.

The losses reported are the lowest for the past ten years. I believe that the Two-Platoon System as operated in this department helped materially in the reduction of alarms and losses.

With the steady increase in valuation and the increased cost of production, both of which have been above normal,

any reduction in the fire loss constitutes a material gain, as the losses must be compared with the increased value and the cost of replacement.

	<i>Values</i>	<i>Losses</i>	<i>Insurance</i>	<i>Insurance Paid</i>
Buildings,	\$261,000 00	\$13,022 90	\$217,350 00	\$13,022 90
Contents,	176,900 00	7,960 95	150,800 00	7,760 95
Totals	<hr/> \$437,900 00	<hr/> \$20,983 85	<hr/> \$368,150 00	<hr/> \$20,783 85

I appeal to all citizens to assist the department in its effort to prevent fires. During the past year every fire which resulted in a loss was the result of carelessness or negligence and could have been avoided. Report any condition you believe liable to create or increase fire; the department is ready to assist in having any dangerous condition removed.

I desire to thank our citizens in general for their generous support and confidence and I assure them that everything that has been done for us, sometimes under trying circumstances, is appreciated by every member of the department.

In behalf of the Town I thank the Departments of Newton, Waltham, Belmont, and Cambridge, for their assistance and co-operation.

For a detailed report of the Department expenses refer to the Auditor's Report.

Respectfully submitted,

JOHN W. O'HEARN,
Chief of Fire Department.

WIRE DEPARTMENT

Watertown, Mass., January 15, 1921.

To the Honorable Board of Selectmen:

Gentlemen: The report of the Poles and Wires Department for the year ending December 31, 1920, is herewith submitted.

New Construction

A new line of wires and cross-arms was installed on Waverley Avenue between Fayette Street and Main Street and a new fire-alarm box on Waverley Avenue at the corner of Main Street. Underground cable was pulled in on Waverley Avenue between Main Street and the Boston and Maine bridge, in order to take care of the overhead wires there. A new line of wires and cross-arms was installed on Waltham Street between Pleasant Street and Bridge Street, and new poles were set in there by the Edison Electric Illuminating Company of Boston. New wires and cross-arms were also installed on Coolidge Hill Road between Arlington Street and Grove Street, and on Mount Auburn Street between Prentiss Street and Cottage Street. On this last line fire-alarm and police boxes were transferred to new poles. On Royal Street we installed a new line of wires and cross-arms between Riverside Street and North Beacon Street and we also installed cross-arms and ran wires on to new poles set in by the Edison Company on Riverside Street between Ladd Street and Royal Street, on Whites Avenue, Garfield Street, Brigham Street and Bailey Road.

Maintenance

Poles were reset by the Edison Company and the Telephone Company on the following streets, and our wires, cross-arms and boxes were transferred to them:

Arlington Street, Capitol Street, Carroll Street, Cypress

Street, Hillside Road, Lexington Street, Main Street, Maplewood Street, Mount Auburn Street, Orchard Street, Union Street, Whites Avenue and Winthrop Street. Wires were also transferred on to the new building at the Walker & Pratt Manufacturing Company plant at the entrance to the foundry box. Three police boxes and five fire-alarm boxes were transferred to new poles and four tappers were transferred to new locations. Old and bare wires along the Boston and Maine Railroad tracks between Coolidge Hill Road and Cottage Street and along Cottage Street between Mount Auburn Street and the Boston and Maine Railroad tracks, were taken down. The cable post at the corner of Mount Auburn Street and Parker Street was broken, but the cost of replacing this post was paid by the person responsible for the damage.

All fire, police and underground cable boxes were cleaned and painted and the fire and police circuits thoroughly gone over and cleared of tree limbs and insulated wires. The fire-alarm boxes were tested at least once a month.

New Tappers

Wires and cross-arms were installed on the following streets, to take care of the tappers required for the two-platoon system; Oakland Street, Norseman Place, Myrtle Street, Hunt Street, Irving Street and Nichols Avenue. On French Street and Patten Street wires and cross-arms were installed and underground cable pulled in, to take care of the tappers installed on these two streets. The tappers were also set up in the houses occupied by the new appointees.

A new fire-alarm box was installed for the Government Paint Works on Arsenal Street, near the United States Arsenal.

I wish to express my thanks for the help and courtesy accorded the Department during the past year by the Edison Electric Illuminating Company and the New England Telephone and Telegraph Company.

Wiring Inspections

The decrease in building operations did not lighten the work of interior wiring inspection of the Department, as a great many

old buildings were wired. I made twelve hundred inspections and two hundred and sixty permits were issued to the Edison Electric Illuminating Company for new service.

Our fire and police signal systems are extended every year and the work of the Department has grown so that the Inspector of Poles and Wires should have the assistance of a permanent lineman.

Respectfully submitted,

PATRICK J. VAHEY,
Inspector of Poles and Wires.

REPORT OF INSPECTOR OF BUILDINGS

Watertown, Mass., January 15, 1921.

To the Honorable Board of Selectmen,

Gentlemen: I herewith respectfully submit the following report of permits issued from this office for the year ending December 31, 1920:

Whole number issued 255; probable cost of same, \$1,170,165, as follows:

13 factory buildings and additions,	\$259,460
45 one-family houses,	309,900
13 two-family houses,	119,500
106 garages,	146,140
1 stable,	15,000
1 wagon shed,	3,500
4 office buildings,	5,700
3 store buildings,	6,400
17 tool houses,	1,390
6 poultry houses,	385
27 alterations,	22,690
1 bank building,	200,000
1 parish house,	30,000
1 rest house, Mount Auburn Cemetery,	50,000
	<hr/>
	\$1,170,065
9 moving,	
7 razing,	

255

The lodging houses and elevators have been inspected and a complete report on each sent to the Chief of District Police, State House, Boston.

Estimate for 1921

Salary of Inspector of Buildings, to include inspection of elevators,	\$1,800 00
Printing 500 copies of Building Laws,	85 00
Contingencies,	100 00
	<hr/>
	\$1,985 00

Respectfully submitted,

WILLIAM H. WILSON.

REPORT OF THE SEALER OF WEIGHTS AND MEASURES

Watertown, Mass., December 31, 1920.

To the Selectmen of Watertown:

Gentlemen: The following report of the Sealer of Weights and Measures for the year ending December 31, 1920, is respectfully submitted.

In compliance with Section 21, Chapter 62, of the Revised Laws, requiring public notice, the customary notice was given by posting notices in the different sections of the Town. During the year the Sealer visited all places in the Town where goods were bought and sold, and tested and sealed all scales, weights and measures which were found correct, adjusted all that could be corrected, and condemned all found beyond repair and useless.

Detail of Work Performed

Defective gas pipes reported,	2
Defective streets and sidewalks,	49
Defective wires,	50
Incandescent lights reported out,	1,088
Lost children found,	19
Sick and injured persons assisted,	50
Street obstructions lighted,	16
Summons served for out of town officers,	291
Water running to waste,	17

Ambulance

Runs made by ambulance,	165
Miles run by ambulance,	2,390
Miles run by touring car,	7,984

Changes

John E. McNamara who has been a patrolman in the department since November 13, 1899, was made a sergeant October 8, 1920.

Roy G. Faxon was appointed a permanent patrolman May 28, 1920.

The following named persons were appointed permanent patrolmen July 16, 1920:

Joseph J. Reilly, residence, 9 Howard Street, Watertown.

John J. Igoe, residence, 11 Summer Street, Watertown.

Lawrence F. Hanley, residence, 24 North Beacon Court, Watertown.

Richard J. Owens was appointed a permanent patrolman July 23, 1920.

Crime

With the event of the national prohibition enforcement act, and the resulting court decisions, giving to the local police department joint authority under the law, there has been a slight increase in the number of arrests during the year. In 1920 there were 534 arrests, as compared with 518 for 1919 and 510 for 1918.

The department has been very successful in the handling of cases on account of breaking and entering. During the year forty-four arrests have been made on account of charges of this nature. Much of the stolen property has been recovered, and in those cases where the property was not recovered restitution was usually made.

Liquor Laws

The prosecution of cases because of violation of liquor laws has been carried out by the department with much success. None of the cases prosecuted by the local police have failed to receive punishment by the courts, and in several cases large fines have been imposed for the violation of the statutes.

It is felt by the department that the citizens of the Town expect the liquor laws to be enforced; and it is the intention of the police to continue its successful activities along these lines. It is hoped that the Town will continue its reputation for impartial enforcement of the act.

Recommendations

On account of the installation of the one-day-off-in-eight schedule in accordance with the vote of the Town Meeting, the department now loses about four days per officer each month. With the twenty-two officers this represents a loss to the department of eighty-eight days per month. In order to maintain the same efficiency of the department it has been necessary to draw on the list of special officers for two additional men. This method has worked to the disadvantage of reducing the number of special men who are available in event of sickness or other emergency.

The employment of two additional regular officers is therefore recommended.

The motorcycle now used by the department is of an old type and has outlived its usefulness and should be replaced with a new machine. As it is impossible to properly enforce the traffic laws without such a machine, it is recommended that a sum of \$350 be appropriated for this purpose.

The touring car of the department has been in constant operation since its purchase, and has much increased the efficiency of the department. It is now in need of a thorough overhauling and new parts. The cost of giving it the necessary repairs would be about the same as turning the machine back to the dealer and the obtaining of a new machine. An appropriation of \$500 for a new machine is recommended.

That two additional patrolmen be appointed to take the places of the officers that are off duty on account of the one day off in eight and the following appropriation is asked for to take care of same, \$2,622.60.

Recommend that a new Harvey-Davidson motorcycle be purchased to take care of the automobile traffic.

That a police signal box be installed at the corner of Sunset Road and Common Street, and that one be installed on Main Street, opposite Spring Street.

Conduct of Officers

The members of the department have conducted themselves in such a manner as to continue the reputation of the Town for its efficient police. In order to properly protect the interests of the Town, the officers have gladly worked much extra time, and I feel that the members of the force deserve mention for the manner in which they have attended to duties.

Respectfully submitted,

JOHN F. MILMORE,
Chief of Police.

REPORT OF HIGHWAY DEPARTMENT

Chauncey Street

Before the rebuilding of Chauncey Street was begun, sewer, water, and gas connections were made with every vacant lot,

and the drainage was taken care of by the installation of the necessary drains and catch basins.

The construction is of gravel and oil. Chauncey Street is now in good condition, and with reasonable care it should remain so for years to come.

Pleasant Street

Starting at the Newton line on Bridge Street, Pleasant has been rebuilt up to the point where it is intersected by Green Street.

As in the case of Chauncey Street, the first step was the laying of drains and putting in catch basins.

The tracks on Bridge Street were relaid at the expense of the Railroad Company.

The construction of this street is similar to that of North Beacon or what is known as the "Hassam Pavement" — a compressed concrete.

School Street

That part of School Street which lies between Mount Auburn and Walnut Streets, has been rebuilt with "Hassam Pavement" and with a little attention we feel sure it will give good service for many years.

Beacon Square

Conditions in Beacon Square were such that immediate attention was imperative. There was no appropriation for this purpose, so it was necessary to make use of the unexpended balances from North Beacon and Pleasant Streets by transferring the same to "Highway Maintenance."

As in the case of the above mentioned streets, the construction is of the "Hassam Pavement" type, and we look for excellent results.

Louise Street

Louise Street, between Arsenal Street and North Beacon Street, which was built during the past year, is of tar and stone construction.

The necessary excavation was accomplished without any

expense to the Town, the steam shovel and auto trucks being furnished by Mr. Thomas J. McCue, without charge.

Spring Street Drain

For several years the people living on the part of Spring Street, which lies between Palfrey and Common, have been complaining of flooded cellars, due of course to lack of proper drainage. This condition has been remedied by the laying of a drain the entire length of Spring Street and also an extension along Common Street as far as Orchard Street. The necessary catch basins were put in and everything is ready for the laying of a permanent pavement the coming year.

Betterment Streets

During the year 1920, nine streets have been built under the "Betterment Act." All vacant lots on these streets were connected with sewer, water, and gas.

A special appropriation was made to take care of drainage and now each street is equipped with drain and catch basins.

To expedite the work a steam shovel was made use of, both for excavating the street and for loading the gravel at our Pleasant Street Pit.

Time but strengthens our conviction that it is for the advantage of all parties concerned that all private ways should be built under the terms of the "Betterment Act."

REPORT OF THE TOWN ENGINEER

To the Honorable Board of Selectmen:

The following report concerning the Engineering Department for the year ending December 31, 1920, is respectfully submitted:

In April of this year Mr. Wilbur F. Learned, who has been the Town Engineer since 1897, was relieved of all outside work and made Consulting Engineer for the Town.

Mr. Learned began his work when Watertown had comparatively small population, and has met the constantly increasing demands of a rapidly growing town with ability and foresight. The present engineer was promoted from assistant when Mr. Learned was made Consulting Engineer.

The greater part of our time is occupied with the work of the Highway and Sewer Departments when we are constantly on call for surveys, lines, grades and estimates. We have also made surveys and maps for the School, Park, Water, Police and Cemetery Departments, and have given lines and grades to the many property owners who have need of our services when building fences and private walks abutting on the streets.

The following tables show work done by this department for the year 1920.

List of Sidewalk Construction. Year of 1920.

<i>Street</i>	<i>Length</i>	<i>Width</i>	<i>Area in Sq. Ft.</i>
Adams Avenue	183.40	4.00	733.60

Sidewalk Maintenance

The repairs of granolithic walks are shown in the following schedule:

<i>Street</i>	<i>Area in Sq. Ft.</i>	<i>Length Ft.</i>
Galen Street, at Eliot Street	837.30	83
Main Street, at Catholic Church	1,774.10	113
Mt. Auburn Street, east from Summer Street	1,396.60	191
Mt. Auburn Street, at Marshall Street	790.70	113
Mt. Auburn Street, east from Common Street	2,853.90	407
Mt. Auburn Street, east from School Street	1,035.70	142
Mt. Auburn Street, east of Bates Road	567.70	81
Spring Street, on the westerly side from the railroad tracks to Marshall Street	7,977.09	1,000
Total	17,233.09	2,130

Curbing Laid During the Year 1920

The following is a statement showing where curbing has been laid during the year 1920:

<i>Street</i>	<i>Curbing Length Radius</i>	<i>Length Straight</i>
Church Street at Palfrey Street	44.50	12.00
Church Street at Katherine Road	37.25*	
Cypress Street at Quimby Street	91.68	6.00
Dartmouth Street at Dexter Avenue (two corners)	25.13	24.00
Hosmer Street at Boylston Street	69.00*	
Maplewood Street at Hillside Road (four corners)	168.30	40.00
Maplewood Street at Winsor Avenue (four corners)	51.20	48.00
Maplewood Street at Summit Road (two corners)	63.20*	

*Steel Edge.

<i>Street</i>	<i>Curbing</i>	
	<i>Length Radius</i>	<i>Length Straight</i>
Mt. Auburn Street at Marshall Street	27.80	12.00
Mt. Auburn Street near Bigelow Avenue		117.50
Pleasant Street at Cross Street	7.85	
School Street at Putnam Street (four corners)	52.00	38.00
Spring Street at Marshall Street	38.70	12.00
Spring Street		487.25
Stuart Street at Main Street (two corners)	87.60	19.00
Watertown Street at garage		73.90
Winthrop Street at Hancock Street (two corners)	33.40	24.00
Winthrop Street at Boylston Street	52.00	
Total	849.61	913.65

Plans have been made by this department for rounding corners on the following streets:

<i>Street</i>	<i>Number of Corners</i>
Church Street at Palfrey Street	2
Galen Street at Hunt Street	2

Total

1,748

The following table shows where dead end sewer connections were put in during the year 1920.

Adams Avenue	6	Hillside Road	5
Chauncey Street	5	Maplewood Street	10
Dartmouth Street	5	Porter Street	1
Fairfield Street	4	Putnam Street east	1
Hardy Avenue	10	School Street	25
		Stuart Street	16
		Total	<hr/> 89

Also there were eighty sewer connections made with private dwellings.

Drainage

Your Engineer recommends the extension of your drainage system by extending a twenty-four inch (24") line from the end of the present opening on the town land near Katherine Road, across the town dump to Marion Road; this line will care for the drainage of part of Marshall Street, Sidney Street and the playground called Town Field, also in the future can be extended to care for any development that may occur beyond the present town land.

The area is shown on a map made by W. F. Learned, Town Engineer, Plan of General System of Drainage, dated January, 1902, and printed in the Town Report of the year ending January 31, 1902, and is known as part of the Spring Street District.

Recommendations

I would recommend that the Town Engineer be allowed to purchase a new transit, and that an extra three hundred and fifty dollars (\$350.00) be added to the contingent for this purpose.

In the very near future it will be necessary to have two survey parties for field work instead of one as at present, to meet the increasing demand for work from this department.

At present the Town owns but one instrument.

I would also recommend the purchase of an automobile for this department. It will be economy for the Town and in many ways increase the efficiency of our work.

Respectfully submitted,

FORREST J. MAYNARD,
Town Engineer.

ANNUAL REPORT OF THE BOARD OF HEALTH

To the Citizens of the Town of Watertown:

The Board of Health herewith submits its annual report for the year ending December 31, 1920.

Robert S. Quinby, M.D., was elected to succeed J. A. Boucher, M.D., whose term had expired, and the Board organized with Mr. Lewis A. Thomas, chairman, Mr. Leon G. Chase, clerk, and the Agent, Plumbing Inspector, Superintendent of Cemeteries, were reappointed, thus continuing the same organization.

The several reports and tables printed herewith offer concrete evidence of the activities of the Department. These tables, together with the several recommendations made, should prove interesting to the citizens. The Board wishes to take this opportunity to thank the citizens of Watertown, Town Officials, Heads of Departments, and the several Health employees for their assistance and co-operation during the past year. The reports of the Agent, Health Officer, Inspector of Milk, Provisions and Slaughtering, Health Nurse and Superintendent of Cemeteries, follow the financial statement of the Department, receipts and expenditures for the year, may be found in the Auditor's report.

Respectfully submitted,

LEWIS A. THOMAS, *Chairman.*

LEON G. CHASE, *Clerk.*

ROBERT S. QUINBY, *M.D.*

Watertown Board of Health.

REPORT OF THE AGENT OF THE BOARD

To the Members of the Board of Health:

I herewith submit my report for the year ending December 31, 1920, together with several recommendations for your consideration during the ensuing year.

The general health of the Town continues excellent notwithstanding that we, in common with every other community, experienced an increase in the number of cases of diseases reported, this increase being confined mostly to what is commonly but erroneously termed "minor diseases." Much of this, however, was due almost wholly to those parents who still believe that children must have such ailments, therefore fail to take the precautions not only necessary to protect their own, but they also permit others to come in contact with those suffering from these several ailments. This applies particularly to children suffering from mumps, measles, whooping cough, chicken pox, etc., and is especially true in cases where a physician is not in attendance. The number of scarlet fever and diphtheria cases exceeded the number reported for 1919, the number, however, was not above normal here, notwithstanding that both of these diseases were very prevalent and exceeded the normal in many other communities.

For the first time, not a case of typhoid fever was reported during the year. This should be a source of satisfaction to the citizens. It also speaks volumes for the high character of our food, milk and water supply.

Reporting of Diseases

The following abstract of the law requiring the reporting of diseases should be preserved for reference as a reminder of what is required of every householder.

Section 109, General Laws, Chapter 111. A householder who knows that a person in his family or house is sick of any infectious or contagious disease, declared by the State

Department of Health to be a disease dangerous to the Public Health, shall forthwith give notice to the Board of Health of the City or Town in which he dwells. Whoever violates the provisions of this section shall be punished by a fine of not more than One Hundred Dollars (\$100). On December 15, 1914, the following diseases were declared to be reportable, and physicians and householders must give immediate notice to the local Board of Health:

Anterior Poliomyelitis	Infectious Diseases of Eye
Anthrax	(a) Ophthalmia neonatorum
Cerebro-spinal meningitis	(b) Suppurative conjunctivitis
Chicken Pox	(c) Trachoma
Diphtheria	Malaria
Dog-bite (requiring anti-rabic treatment)	Measles
Dysentery:	Mumps
(a) Amebic	Pellagra
(b) Bacillary	Rabies
German Measles	Scarlet Fever
Septic Sore Throat	Small pox
Tetanus	Trichinosis
Tuberculosis (all forms)	Typhoid Fever
Whooping cough	

Sanitary Conditions

Sanitary conditions in the Town are continually improving. Much extra work on surface drainage having been completed by the Highway Department, many owners have been required to connect their premises with the public sewers, thus doing away with many undesirable cesspools. Very few permits for the keeping of swine were granted, thereby reducing what was growing to be a serious and undesirable nuisance. I would earnestly recommend that this policy be continued.

Garbage Collection

During the winter and early summer, serious difficulty was experienced by the contractor in getting help to make these collections, and the department received many justifiable complaints from householders. This condition, however, has been

remedied, and for the past several months, the collections have been very satisfactory. Everything should be done that a repetition of this unsatisfactory condition may be avoided.

Dental Clinic

Indications now point to the actual establishment, through the efforts of several local organizations, of this most necessary clinic as an additional factor in our efforts to conserve the health of the child. The consequent benefits made possible in later life through the proper care of the teeth, especially during the school age, should be of untold value. Its benefits, however, should, at the earliest possible moment be extended, so that the child of pre-school age might be included. That this dental clinic may be put in operation at the earliest possible moment, I would urge that the Board in every way render all possible aid to those organizations who have about completed plans for the work.

Medical School Inspection

I would urge that the Board give careful consideration to my recommendation of last year, that the interest of efficiency and economy, school and health medical inspection be combined.

Tuberculosis Clinic

I would respectfully call the Board's attention to the fact that information coming from the State Department of Health indicates that the State may this year require the establishment by the Board of Health of a tuberculosis dispensary as provided for under Chapter 576 of the Acts of 1911 as amended by Acts of 1914, Chapter 408. If the Board is so required to establish a dispensary, some arrangements must be made whereby proper quarters may be provided as required by the above statute wherein this work may be carried on.

Contagious Hospital

This building, situated in the rear of the Town Farm and erected for the above purpose, has not been put into commission, due to the expense that would be entailed if the few Town cases

requiring treatment were hospitalized there. It has, however, been held in reserve for a possible emergency due to the prevalence of influenza during the past years. This emergency seemingly having past, I would suggest that some action be taken whereby the premises may be occupied, and a fair rental be received by the Town for its use.

The several detailed reports and tables submitted herewith will give a concrete idea of the activities during the past year, of the several employees of the Board.

I wish to take this opportunity to thank the members of the Board, Town Officers, Office Associates, and Citizens in general, for their assistance during the year.

Respectfully submitted,

JOHN W. TAPPER, *Agent*.

REPORT OF BOARD OF HEALTH

101

[illegible]

REPORT OF THE INSPECTOR OF MILK AND PROVISIONS

To the Members of the Board of Health.

Gentlemen: I herewith submit my report as Inspector of Milk and Provisions for the year ending December 31, 1920.

The milk supply in the Town continues to be of excellent quality; notwithstanding that many additional samples have been taken for analysis, not a case of adulterated milk has been revealed, this record very well indicating the character of the dealers who furnish our milk supply. Many sediment tests have been made and with a few exceptions, results have shown that much care is exercised by the dealers in the bottling and handling of milk.

In the several cases where sediment was more apparent than appeared to be necessary, warnings were issued to the dairymen that unless conditions were remedied, the supply could not be sold here. This procedure is usually very effective.

Dairy Inspection

Under Chapter 744 of the Acts of 1914, milk inspectors are required to inspect and license every dairy sending milk into a city or town within the Commonwealth. No producer may deliver or sell milk in a city or town unless his dairy has been so inspected and a permit granted by the Milk Inspector. Means should be provided whereby dairies within a reasonable distance from the town might be inspected. The elimination of the can from stores, and the dip tank from restaurants has done much to prevent unnecessary contamination, and to preserve the quality of the milk served and sold in those places.

Bakery Inspection

A new act passed by the new Legislature of 1920 requires the inspection and registration of every bakery in Town, and

also requires the inspection and approval by the Board of Health of all plans and locations for any new bakery that may be established. A duplicate report of this inspection must be filed with the State Department of Health. This increase in the number of inspections required adds considerable work to the Department. It means, however, added safeguards for the Town's food supply.

Hawkers and Peddlers

Hawkers and Peddlers that ply their trade within the Town are as a whole very satisfactory. The quality of their goods and methods of handling are much better than the methods usually employed by this class of tradesmen. Householders, however, should notify the Inspector of any breach of the regulations of the Board of Health governing hawkers and peddlers.

The following tables show the number of licenses granted during the year.

Respectfully submitted,

JOHN W. TAPPER,
Inspector of Milk and Provisions.

REPORT OF PUBLIC HEALTH NURSE

To the Board of Health,

Gentlemen: I herewith submit my report as Public Health Nurse for the year ending December 31, 1920.

In June the Child Welfare Clinic was moved from the Board of Health rooms to more spacious quarters in the Community Health Center at 14 Patten Street, where the Red Cross so generously furnished a room with scales and necessary equipment for the clinic. The clinics, weather permitting, are well attended. In December we were fortunate in having Dr. Anna Skinner take charge of the clinic for the winter months.

I wish to express my appreciation for the assistance rendered at the clinics by Doctors Loring, Higginbotham, Chase, Creeley, M. J. Kelley and E. J. Kelley, also the Hood Rubber Company for Dr. Easter at the East Watertown clinics which are held at the Abraham Lincoln House.

Many donations of baby clothing have been received from the Lend-a-Hand Society and other charitable organizations, and persons who gave money and clothing for worthy cases.

Following is a list of the number of visits made.

Visits to tuberculosis patients.....	391
Visits in Child Welfare Work.....	2830
Visits in communicable diseases.....	153
	<hr/>
	3374

Respectfully submitted,

LOUISE CLARK,
Public Health Nurse.

REPORT OF INSPECTOR OF PLUMBING

To the Board of Health, Watertown, Mass.

Gentlemen: As Inspector of Plumbing, I herewith submit for your consideration, my report for the year ending December 31, 1920.

Respectfully submitted,

THOMAS B. WISHART,
Inspector of Plumbing.

REPORT OF SUPERINTENDENT OF CEMETERIES

To the Board of Health.

Gentlemen: The following report of the Superintendent of Cemeteries is respectfully submitted for your consideration.

Appropriation		\$5,825.00
Expenditures	\$5,824.25	
Balances	.75	5,825.00

Amounts received from sale of lots, graves and general labor, and interest of perpetual care fund from January 1, 1920, to December 31, 1920. \$6,137 74

Interments have been made as follows:

Arlington Street Cemetery	0
Common Street Cemetery	20
Ridgelawn Cemetery	87
Bodies removed from tomb	30
Number of re-interments	3
Number of burial vaults used	5
Number of foundations set	27
Number of adult graves sold	32
Number of children's graves sold	18
Number of four-grave lots sold	16
Number of six-grave lots sold	9
Number of eight-grave lots sold	1
Number of ten-grave lots sold	2

Owing to lack of funds, it was necessary to abandon all labor in the cemeteries from October 27 to December 15, with the exception of actual funeral work, thereby delaying the autumn work that is necessary each year, to keep the grounds in proper condition.

During the coming year it is expected that a new entrance extending from Stuart Street to Ridgelawn Cemetery, will be opened. This will provide a hard and dry roadway to the cemetery, it will also give easier access to the grounds, an improvement sure to be much appreciated by proprietors of lots and others who may have occasion to go there. Arlington Street Cemetery is in need of immediate attention, and the work which was planned for this year must be begun as early in the spring as possible in order that the memorial stones in this ancient burying ground may be properly re-set.

At Common Street Cemetery the work has progressed fairly well and the grounds are in good condition. The granolithic walk placed on the Mt. Auburn Street side of the cemetery is a great addition and greatly improves the appearance thereof.

Respectfully,

FRANK R. SHOREY,
Superintendent of Cemeteries.

ALMSHOUSE DEPARTMENT

To the Honorable Board of Overseers of the Poor:

Gentlemen: I respectfully submit the following report for the year ending December 31, 1920.

This institution has been kept up to its high standard of cleanliness and comfort and conditions remain practically the same as last year.

The inmates are in their usual good health and are apparently happy and contented. There has been very little sickness and no deaths have occurred.

There were eight inmates at the beginning of the year and nine at the close. The whole number of inmates has been fourteen, the largest number at one time, ten, smallest, eight, average, nine.

Two inmates were placed in care of relatives, one was removed to the Holy Ghost Hospital, one to the Waltham Hospital, and one in the care of the State Board of Welfare.

Over forty cords of wood have been worked up; mostly from trees obtained from the Tree Warden and Highway Departments. We have delivered one hundred and seventy loads of wood on the orders of the Almoner to families receiving aid from the Mothers' Aid and Outside Aid Departments.

The coming year the interior of the house needs painting and kalsomining very badly, several rooms should be papered and new furniture purchased.

I wish to thank the Town Physician for his careful attendance to the sick. I wish to thank the carol singers who entertained on Christmas Eve and also to thank the Knights of Columbus and the Woman's Guild for the many gifts made on Christmas, the inmates being made very happy to think they were so kindly remembered.

Practically all the inmates find much enjoyment in reading and donations of reading matter are always greatly appreciated.

In closing I wish to thank your Honorable Board for your kind and courteous attention.

GEORGE H. WHITE,
Keeper of Almshouse.

REPORT OF TOWN ALMONER

To the Honorable Board of Overseers of the Poor:

Gentlemen: I herewith submit to you my report as Town Almoner for the year ending December 31, 1920.

Outside Aid Department

Aid has been rendered through this department during the past year to sixty-two cases, or one hundred seventy-five individuals. There were seven permanent hospital cases. Five families, or fifteen children with no parents to provide for them, are boarded with relatives at the expense of the Town. Two children have been in Massachusetts Hospital School at Canton, and six are boarded by the Commonwealth. The remaining cases have received the ordinary relief of food, fuel, clothing, medicine and sometimes rent.

Applications have been made for aid, which upon investigation showed some income and have been refused.

The year closes with thirty-five cases, eight more than at the beginning, at an expense of \$220 per week.

The coming months bid fair to bring larger demands than ever and the Town will be called upon to furnish food, fuel and clothing to meet the need.

Mothers' Aid Department

Aid through this department has been given to thirty-five families, or one hundred seventy-eight people, for fifteen hundred and eight weeks. Twenty-three families have received aid the entire year; the others varying from two to fifty weeks, or an average of twenty-eight weeks each.

The State is most carefully watching these cases and as soon as school age limit is reached, or earning capacity is increased to warrant self support, recommendation comes to close the case. We have thus closed four.

Some applications received have shown too great an

equity in property to become eligible and we have had to assist them through the Outside Aid department.

The near future is likely to bring a transfer to this department of several cases now receiving Outside Aid, where the husband has deserted, leaving no support, but not till after absence of a year can Mothers' Aid be given.

We still have twenty-seven cases on the books and more are waiting our sanction.

Respectfully submitted,

HENRY W. HOWARD,
Town Almoner.

REPORT OF TOWN PHYSICIAN

To the Honorable Board of Selectmen:

Gentlemen: Following is my report as Town Physician for the year ending December 31, 1920.

There are two bedridden cases and one of senile dementia at the Gordon Home Hospital, Jamaica Plain, another in a hospital at Waltham, who died during the month of October, who have required much attention. None of these patients could be taken care of at the Almshouse where there is neither nurse nor attendants, and numerous visits to them were made by me.

The number of visits to Mothers' Aid and Outside Aid cases has averaged about three hundred. One case has required three visits a week throughout the year.

About fifteen visits have been made to the Almshouse. When patients are too ill to be taken care of there, I find it necessary to send them to some hospital. Two patients have been sent to the Holy Ghost Hospital, Cambridge, both of whom died.

There have been many calls for first aid in accident cases at the Police Station, which has been rendered.

A patrolman broke one of his toes, which I cared for, and first aid has been rendered in accident cases among the laborers of the Town.

Respectfully submitted,

C. S. EMERSON, M.D.,
Town Physician.

REPORT OF TOWN CLERK

RECORD OF TOWN MEETINGS FOR 1920

Warrant for Annual Town Meeting, Election of Officers and Town Meeting Members March 1, 1920

Commonwealth of Massachusetts

Middlesex, ss.

To any Constable of the Town of Watertown, Greeting:

In the name of the Commonwealth of Massachusetts you are required to notify and warn the legal voters of Watertown to meet at their respective voting places in said Town (Precincts One and Two, Engine House, Mt. Auburn Street; Precincts Three, Four, Five and Six, Town Hall) on Monday, the first day of March, 1920, at 5.30 A.M., to act on the following articles:

Article 1. To choose the regular Town Officers for the ensuing year, the following to be printed on, and chosen by the official ballot, to wit: One Moderator for the term of one year; three Selectmen for one year, who shall also be Overseers of the Poor, Surveyors of Highways and Appraisers; one Town Treasurer for one year; one Collector of Taxes for one year; one Assessor of Taxes for three years; one Auditor for one year; two members of the School Committee for three years; two members of the Board of Trustees of the Free Public Library for three years; one member of the Board of Health for three years; one Park Commissioner for three years; one Park Commissioner for one year (to fill vacancy); one Water Commissioner for three years; one Tree Warden for one year; three Constables for one year; two members of the Planning Board for two years (to fill vacancy); one member of the Planning Board for one year (to fill vacancy).

Also for the election in Precinct One of ten Town Meeting

members for one year; ten Town Meeting members for two years, and ten Town Meeting members for three years; in Precinct Two of nine Town Meeting members for one year; nine Town Meeting members for two years, and nine Town Meeting members for three years; in Precinct Three of twelve Town Meeting members for one year, twelve Town Meeting members for two years and twelve Town Meeting members for three years; in Precinct Four of twelve Town Meeting members for one year, twelve Town Meeting members for two years, and twelve Town Meeting members for three years; in Precinct Five of twelve Town Meeting members for one year, twelve Town Meeting members for two years and twelve Town Meeting members for three years; in Precinct Six of twelve Town Meeting members for one year; twelve Town Meeting members for two years and twelve Town Meeting members for three years.

Also on the same ballot: "Shall licenses be granted for the sale of intoxicating liquors in this Town the ensuing year?" The vote on this question will be "Yes" or "No."

You are also required to notify and warn the inhabitants aforesaid to meet at the Town Hall in said Town on Monday, the first day of March, 1920, at eight P.M., to act on the following article:

Article 2. To choose all other necessary Town Officers in such manner as the Town may direct.

The consideration of further business under this warrant shall be postponed until Monday evening, March 15, at 7 P.M., or until such later time as the meeting may direct.

Article 3. To hear the report of the Town Officers as printed and to hear the report of any committee heretofore appointed, and act thereon.

Article 4. To grant such sums of money as may be thought necessary for the uses and expenses of the Town the ensuing year, direct how the same shall be raised, or act thereon.

Article 5. To see if the Town will vote to appropriate the necessary sum of money to pay that portion of the Town debt which matures on or previous to January 1, 1921, direct how the money shall be raised, or take any action relating thereto.

Article 6. To see what method the Town will vote to adopt for the collection of taxes the ensuing year, and to fix the compensation of the Collector, or act thereon.

Article 7. To see if the Town will appropriate a sum of money for the rent of the Grand Army Hall, care of the grounds around the Soldiers' Monument, and to defray the expenses of decorating the graves of deceased soldiers on the next Memorial Day, and authorize Isaac B. Patten Post 81, G. A. R. to expend the same, direct how the same shall be raised, or act thereon.

Article 8. To see what action the Town will take relative to the appointment of a director for the supervision of gardens in the Town of Watertown, in accordance with the provisions of Chapter 273 of the General Acts of the year 1918, appropriate the necessary sum of money therefor, direct how the same shall be raised, or take any action relating thereto.

Article 9. To see if the Town will appropriate the necessary sum of money to pay the cost of an addition to Fire Station No. 2, direct how the money shall be raised, or take any action relating thereto.

Article 10. To see if the Town will authorize the Selectmen for and in the name and behalf of the Town to take, or acquire by purchase, or by gift, or otherwise, as a place for a Town Hall or for other public work, the land with the buildings thereon owned by Elizabeth S. Hosmer and others, Trustees, and Julia M. Morse, Lydia A. Lane, Nettie Stiles and owners unknown, said land located at the junction of North Beacon and Riverside Streets and bounded by said streets, and by land of Nettie Stiles, Lydia A. Lane and by land of owners unknown, containing 174,882 square feet more or less, or any part of said land, appropriate the necessary money to pay the cost or damages therefor, direct how the same shall be raised, or take any action relating thereto.

Article 11. To see if the Town will authorize the Selectmen for and in the name and behalf of the Town to take, or acquire by purchase, or by gift, or otherwise, as a place for a Town Hall or for other public work, the land located at the corner of Mt. Auburn Street, and Beacon Square, and bounded by Mt. Auburn Street, Beacon Square, Arsenal Street, Taylor

Street, and land of the Fitchburg Railroad Company, said land being owned by Edward C. Nolan and others and containing in all 59,824 square feet more or less, appropriate the necessary money to pay the cost or damages therefor, direct how the same shall be raised, or take any action relating thereto.

Article 12. To see if the Town will take, acquire by purchase, or otherwise acquire, a parcel of land in the western part of the Town, for the purpose of erecting thereon a building for a public school, appropriate the necessary money therefor, direct how the same shall be raised, or take any action relating thereto.

Article 13. To see if the Town will appropriate money for the construction and equipment of a school house in the western part of the Town, direct how the same shall be raised, or act thereon.

Article 14. To see if the Town will appropriate the sum of money necessary to pay the cost of the laying out, construction and the equipment of an enclosed athletic field, direct how the same shall be raised, or take any action relating thereto.

Article 15. To see if the Town will appropriate a sum of money necessary to pay the land damages and the cost of construction caused by the relocation of Arlington Street, from Mt. Auburn Street to Elm Street, under a decree of the County Commissioners of Middlesex County, direct how the same shall be raised, or take any action relating thereto.

Article 16. To hear the report of the Selectmen relative to the layout of Concord Road, in the Fossland section, so-called, under the provisions of Chapter 344 of the Acts of 1917, providing for the assessment of betterments, and to see if the Town will vote to accept and allow said street as and for a public highway, provide the necessary sum of money to pay the cost of construction, or take any action relating thereto.

Article 17. To hear the report of the Selectmen relative to the layout of Dartmouth Street, in the Fossland section, so-called, under the Provisions of Chapter 344 of the Acts of 1917, providing for the assessment of betterments, and to see if the Town will vote to accept and allow said street as and for

a public highway, provide the necessary sum of money to pay the cost of construction, or take any action relating thereto.

Article 18. To hear the report of the Selectmen relative to the layout of Fairfield Street in the Fossland section, so-called, under the provisions of Chapter 344 of the Acts of 1917, providing for the assessment of betterments, and to see if the Town will vote to accept and allow said street as and for a public highway, provide the necessary sum of money to pay the cost of construction, or take any action relating thereto.

Article 19. To hear the report of the Selectmen relative to the layout of Porter Street in the Fossland section, so-called, under the provisions of Chapter 344 of the Acts of 1917, providing for the assessment of betterments, and to see if the Town will vote to accept and allow said street as and for a public highway, provide the necessary sum of money to pay the cost of construction, or take any action relating thereto.

Article 20. To hear the report of the Selectmen relative to the layout of Putnam Street, East, in the Fossland section, so-called, under the provisions of Chapter 344 of the Acts of 1917, providing for the assessment of betterments, and to see if the Town will vote to accept and allow said street as and for a public highway, provide the necessary sum of money to pay the cost of construction, or take any action relating thereto.

Article 21. To hear the report of the Selectmen relative to the layout of Putnam Street, West, in the Fossland section, so-called, under the provisions of Chapter 344 of the Acts of 1917, providing for the assessment of betterments, and to see if the Town will vote to accept and allow said street as and for a public highway, provide the necessary sum of money to pay the cost of construction, or take any action relating thereto.

Article 22. To hear the report of the Selectmen relative to the layout of Beechwood Avenue, under the provisions of Chapter 344 of the Acts of 1917, providing for the assessment of betterments, and to see if the Town will vote to accept and allow said street as and for a public highway, provide the necessary sum of money to pay the cost of construction, or take any action relating thereto.

Article 23. To hear the report of the Selectmen relative to the layout of Hardy Avenue, under the provisions of Chap-

ter 344 of the Acts of 1917, providing for the assessment of betterments, and to see if the Town will vote to accept and allow said street as and for a public highway, provide the necessary sum of money to pay the cost of construction, or take any action relating thereto.

Article 24. To hear the report of the Selectmen relative to the layout of a portion of Hillside Road, under the provisions of Chapter 344 of the Acts of 1917, providing for the assessment of betterments, and to see if the Town will vote to accept and allow said street as and for a public highway, provide the necessary sum of money to pay the cost of construction, or take any action relating thereto.

Article 25. To hear the report of the Selectmen relative to the layout of Maplewood Street, from School Street to Arlington Street, under the provisions of Chapter 344 of the Acts of 1917, providing for the assessment of betterments, and to see if the Town will vote to accept and allow said street as and for a public highway, provide the necessary sum of money to pay the cost of construction, or take any action relating thereto.

Article 26. To hear the report of the Selectmen relative to the layout of Stuart Street from Main Street to Highland Avenue, under the provisions of Chapter 344 of the Acts of 1917, providing for the assessment of betterments, and to see if the Town will vote to accept and allow said street as and for a public highway, provide the necessary sum of money to pay the cost of construction, or take any action relating thereto.

Article 27. To hear the report of the Selectmen relative to the layout of Summit Road under the provisions of Chapter 344 of the Acts of 1917, providing for the assessment of betterments, and to see if the Town will vote to accept and allow said street as and for a public highway, provide the necessary sum of money to pay the cost of construction, or take any action relating thereto.

Article 28. To hear the report of the Selectmen relative to the layout of Crawford Street under the provisions of Chapter 344 of the Acts of 1917, providing for the assessment of betterments, and to see if the Town will vote to accept and allow

said street as and for a public highway, provide the necessary sum of money to pay the cost of construction, or take any action relating thereto.

Article 29. To see if the Town will vote to appropriate the necessary sum of money to pay the cost of reconstruction of Pleasant Street, direct how the same shall be raised, or take any action relating thereto.

Article 30. To see if the Town will vote to appropriate the necessary sum of money to pay the cost of reconstruction of School Street, direct how the same shall be raised, or take any action relating thereto.

Article 31. To see if the Town will vote to increase the number of Selectmen from three to five members, to be elected as follows: one for one year, two for two years and two for three years, and at each annual meeting thereafter, it shall elect one, two or three for a term of three years, as the terms of office of one, two or three expire.

Article 32. To see if the Town will, at the next annual meeting, elect the members of the Board of Selectmen as follows: one for three years, one for two years, and one for one year, and thereafter, one member annually for three years, or take any action relating thereto.

Article 33. To see if the Town will vote to pension Martin J. Burke, an employee of the Highway Department, on account of injuries received while in the employ of the Town, under the provisions of Chapter 503, Acts of 1912, and appropriate money in settlement of any claim of said Martin J. Burke, direct how the necessary money shall be provided, or take any action relating thereto.

And you will notify and warn the legal voters of Watertown to meet at the time and places herein specified, by leaving at every inhabited house in Town a printed copy of this warrant, and also by posting copies of the same in ten or more conspicuous public places in Town, seven days at least prior to the time of said meeting.

Hereof fail not, and make return of this warrant, with your doings thereon, into the office of the Town Clerk, on or before the time of said meeting.

Given under our hands this eighteenth day of February,
A.D. 1920.

CHARLES M. ABBOTT,
CURTIS W. BIXBY,
WENDELL W. PATTEN,
Selectmen of Watertown.

Officer's Return on Warrant

As required by the foregoing warrant, I have notified and warned the legal voters of the Town of Watertown to meet at the time and places therein specified, by leaving at every inhabited house in Town a printed copy of this warrant, and also by posting copies of the same in ten or more conspicuous public places in Town, seven days at least prior to the time of said meeting.

THOMAS F. LYONS, *Constable of Watertown.*

Attest: WILLIAM P. McGUIRE, *Town Clerk.*

Annual Town Election, March 1, 1920

Precinct Officers

Precinct 1. Chester T. Greenwood, Warden; Joseph F. Deignan, Clerk. *Inspectors:* Francis M. Eaton, Edward S. Spaulding, George C. Foley, and Arthur J. Roche.

Precinct 2. George P. Ward, Warden; Joseph S. Parent, Clerk. *Inspectors:* Arthur E. Burke, Roy E. Spear, Gerald S. Mee, and George H. Meehan.

Precinct 3. William M. Emerson, Warden, Thomas R. Patten, Clerk. *Inspectors:* DeRoy C. Vose, Harry J. York, Frederick J. Wright, Jr., Raymond J. O'Halloran, Homer C. Perkins, Raymond H. Ripley, Counter, Paul T. Dwyer.

Precinct 4. James H. McHugh, Warden; Wallace A. Shipton, Clerk. *Inspectors:* Percy M. Bond, John W. Johnston, Joseph A. Hughes, Samuel G. Thayer, John F. Glynn, William McElroy; Counters, Harold F. Wright and Joseph P. Keefe.

Precinct 5. Henry R. Cooney, Warden; John M. Day, Clerk. *Inspectors:* Ernest L. Scanlon, Joseph L. Barnes, Joseph E. Laughrea, Thomas W. Molloy, Andrew T. Greeley; Counter, Edward J. Gallagher.

Precinct 6. Lawrence Donnelly, Warden; Matthew W. Carley, Clerk. *Inspectors:* Frank S. H. Cross, Patrick J. Nally, Jr., Charles E. Blackburn, John Minton Kelley, Charles A. McCarthy, David J. Vahey and William F. Guilfoyle.

The foregoing officers were sworn to the faithful performance of their duties by the Town Clerk, William P. McGuire.

The necessary ballots and paraphernalia for conducting the election were inspected by the election officers of the six precincts.

At 5.30 a.m. the meetings were called to order and the polls declared open at 5.45 a.m.; voting continued until 4 p.m. It was voted to extend the time of closing to 4.30 p.m., at which time the polls were closed. The ballots were counted and the result of the same was declared in the respective precincts.

Meeting called to order by Moderator Joseph P. Keefe at 8 p.m.

Voted: To take up Article 2.

Article 2. To choose all other necessary Town Officers in such manner as the Town may direct.

Voted: That the Selectmen be and are hereby authorized to appoint all Town Officers in such manner as the Town may direct.

Voted: That further consideration of articles in this warrant beginning with Article 3 to Article 33, inclusive, be postponed until Monday evening, March 22, at 7 p.m., and that this meeting be adjourned until that time.

The returns of votes cast in Precincts 1, 2, 3, 4, 5 and 6 were duly recorded in the record books of said precincts, and the ballot sheets and records delivered to the Board of Registrars, who proceeded to canvass the same with the following result, which was declared by the Town Clerk:

The following persons indicated by star (*) were elected and were sworn to the faithful performance of their duties by Town Clerk, William P. McGuire:

WILLIAM P. McGUIRE, *Town Clerk.*

Petitions for recount of votes were received for:
Selectmen in Precinct Six. Result of recount, no change.

Town Meeting Members

Precinct Two — two year term. Result of recount: Albert E. Willis received one additional vote, and was declared elected; Messrs. Peter J. Monahan and Patrick T. Hughes had a tie vote; tie was broken by meeting of precinct members who notified the Town Clerk of the election of Peter J. Monahan.

Precinct Two — three year term. Result of recount: James M. Ward lost one vote, which resulted in the election of Charles A. Griffin.

Precinct Six — three year term. Result of recount, no change.

WILLIAM P. McGUIRE, *Town Clerk.*

Clerk's Return of Notice

I have posted copies of the foregoing notice in ten or more conspicuous public places in Town, at least twenty-four hours before the time of said adjourned meeting, and have also caused a copy of the same to be published in a Watertown newspaper.

WILLIAM P. McGUIRE, *Town Clerk.*

**Notice for Adjourned Town Meeting, Monday evening,
April 5, 1920**

Notice is hereby given the legal voters of the Town of Watertown that the Adjourned Town Meeting held March 31, 1920, has been adjourned until Monday evening, April 5, 1920, at 7 o'clock, to meet in the Town Hall, in said Town of Watertown, at which time and place all business called for in the warrant for the Annual Town Meeting, March 1, 1920, under Articles 3 to 33 inclusive, with the exception of Articles 7, 9, 12, 13, 14, 15, 31, 32, 33 and such departments which have been disposed of by votes passed in conjunction with Article 4, will come before the meeting for consideration and action.

Reconsideration will be asked under Article 14 of vote passed to appropriate and borrow the sum of \$30,000 for the construction and equipment of buildings on athletic field.

And the legal voters of the Town of Watertown are hereby notified and warned to meet at the time and place herein mentioned, by posting copies of this notice in ten or more conspicuous public places in Town twenty-four hours at least before the time of said adjourned meeting, and also by causing a copy of the same to be published in a Watertown newspaper.

Given under our hands this first day of April, A.D. 1920.

JOSEPH P. KEEFE, *Moderator.*

WILLIAM P. McGUIRE, *Town Clerk.*

Clerk's Return of Notice

I have posted copies of the foregoing notice in ten or more conspicuous public places in Town, at least twenty-four hours before the time of said adjourned meeting, and have also caused a copy of the same to be published in a Watertown newspaper.

WILLIAM P. McGUIRE, *Town Clerk.*

Notice was sent to each of the Town Meeting Members at least twenty-four hours prior to each of the Adjourned Town Meetings of the proposed business to be considered at the meetings, as provided by Chapter 205 of the Special Acts of 1919.

Adjourned meetings were called to order at 7 p.m., by Moderator Joseph P. Keefe. Clerk's notices of Adjourned Meetings and returns of same were read.

William M. Emerson and T. Roswell Patten were appointed to take charge of the check lists. Prior to the opening of the first meeting on March 22, the checkers reported that there were 133 Town Meeting Members present. Necessary for a quorum, 121. Largest number present during evening, 180.

At the Adjourned Town Meeting on March 31, the checkers reported there were 203 Town Meeting Members present and on April 5, 191 Town Meeting Members were present.

Article 3. To hear the report of the Town Officers as

printed and to hear the report of any committee heretofore appointed, and act thereon.

Voted: That the reports of Town Officers as printed in the Annual Town Report for the year 1919 be and are hereby accepted.

Voted: That the Hosmer School Committee be empowered to fill vacancies.

Voted: That the committee appointed to sell Water Works property be discharged.

Voted: That the report of the Welcome Home Committee as presented be and is hereby accepted.

Report of the Municipal Building Committee presented and read, the same to be acted upon under article in the warrant referring to this matter.

Report of Committee on School in the Western Part of the Town presented.

Report of the Hosmer School Building Committee presented.

Report of the Committee on Athletic Field presented.

Voted: That a committee of five members be appointed by the Moderator to act as a committee on the election and qualification of Town Meeting Members and that they shall report such rules and regulations for approval to a later Town Meeting.

Voted: That a committee of six, to include the Moderator, and Town Counsel, be appointed to prepare rules and regulations for the government of the limited Town Meetings, and that the Moderator in appointing this committee shall give representation to each of the precincts, and that this committee shall report its recommendations to a later Town Meeting.

Report of Welcome Home Committee

Watertown, Mass., March 22, 1920.

To the Citizens of Watertown:

Your committee, appointed at the Annual Meeting of 1919, to arrange for a fitting official welcome home to Watertown's World War Service men and women, herewith reports the completion of a most agreeable duty.

The detailed account of expenditures is found in the Auditor's Report. The Town appropriated \$5 000; the sum spent was \$4962.80; the balance, \$37.20, was returned to unexpended balance account.

Under the efficient direction of Town Clerk McGuire the service roster was compiled. It is as accurate and complete as painstaking diligence and patience could make it. It was most useful in the preparation of the welcoming ceremonies. It will be valuable for the permanent historical record of Watertown's contribution to the World War.

The Honor Roll contains the names and service records of 1129 who claimed Watertown as their home. Of these 29 made the supreme sacrifice.

No attempt was made to single out returning individuals for formal greetings. When, however, the first Watertown group arrived in Boston Harbor they were met down the bay by a delegation of mothers, bearing "Watertown, Welcome Home" banners. At the earliest opportunity they were escorted from Camp Devens to Watertown and returned again for their discharge.

The formal official greetings were delayed until a large percentage of those enrolled had returned. September 6, 1919, was fixed upon as "Welcome Home Day." At that time more than seven hundred had been released from service or were in near-by camps.

Our first thoughts were of those who had given their lives in the great cause. Public memorial exercises in their honor were held in the Town Hall on the evening of September 5, 1919. To the parents or next-of-kin of each a Bronze Memorial Medallion was presented engraved with the seal of the Town of Watertown, and bearing upon the reverse side the following inscription, *viz.*:

"The Town of Watertown
holds in grateful remembrance
..... Name.....
who answered the call of his country
and gave his life in its service
in the World War of 1917
'*Dulce et decorum est pro patria mori.*' "

No feeble words of ours can extol their sacrifice. Everlastingly we are their debtors. Lovingly we shall cherish their forever-hallowed names:

James W. Abbott	Andrew Jusbadone	Will C. Niles
Ernest M. Allen	William H. Kerens	Mary E. O'Connor
Herbert W. Bennett	John J. Manning	Charles L. Ostridge
Albert J. Briggs	Charles H. Madden	Pasquale Pettinello
Harold E. Burnham	John MacInnes	Hector Parquette
Patrick J. Connors	Timothy J. Mullen	John C. A. Proctor
Dominic Filippello	Garabed Megerditchian	Thomas J. Rooney
Eugene J. Guihan	James D. Morgan	Richard E. Regan
Harold E. Hales	Michael J. Morgan	Joseph U. Thompson
Edward B. Hayden	Ralph T. Neal	

On Saturday, September 6, 1919, from noon until midnight the Town celebrated the return of nearly eight hundred of her service sons and daughters. With a perfect day for a setting, with public buildings, business houses and private homes gayly decked with flags and flowers, with old and young co-operating and entering whole-heartedly into the joyful spirit of the occasion, it was a day long to be remembered by all who had a part in it.

At Saltonstall Park there were athletic contests for which suitable prizes were awarded, band concerts, moving pictures, dancing and entertainments of various sorts. In the early evening an auto parade of service men and women circled the Town and the exercises were brought to a close with a banquet served in a large tent on the Park, at which the formal greetings of the Town were extended.

The Knights of Columbus took charge of the sale of souvenirs and turned over to Watertown Post of the American Legion several hundred dollars realized.

A volunteer committee of ladies sold refreshments and novelties and donated the proceeds to the Legion Post treasury.

Membership in the Watertown Post of the Legion was offered to every registered service man with the initial expense paid by the Town.

The following letter of appreciation from Watertown Post is self-explanatory:

To the Honorable Board of Selectmen:

Dear Sirs: At a special meeting of the Executive Committee of this Post of the American Legion, held Thursday evening,

February 19, 1920, it was unanimously voted that the thanks of this Post be extended to the people of the good old Town of Watertown for the Welcome Home Day celebration for the men and women of this Town who were in the service of our country during the World War.

It would not be exaggerating to say that mere words are inadequate to properly express the heartfelt feeling of those who were so warmly and generously welcomed home again by this celebration, and the many manifestations of gratitude exhibited during that celebration are bound to be among the cherished memories of those who entered the service from this Town.

With the best of wishes for the continued prosperity of the good old Town, I beg to remain,

Very truly yours,

JAMES H. McHUGH,
Adjutant Watertown Post, No. 99

Your committee recommends that the Town at an early date arrange for the preservation and completion of its World War records and that some form of permanent memorial to the men and women of Watertown who had part in it may be provided.

Respectfully submitted,

P. SARSFIELD CUNNIFF,
WILLIAM P. McGUIRE,
JAMES H. VAHEY,
CHARLES M. ABBOTT,
CURTIS W. BIXBY,
WENDELL W. PATTEN,
WILLIAM H. BENJAMIN,
FRANK J. SOLIS,
WILLIAM HARVEY LUCAS,
HERBERT L. PAINE,
ARTURO DE FILIPPO,

Welcome Home Committee.

Report of New Municipal Building Committee

Watertown, Mass., March 22, 1920.

To the Citizens of Watertown:

At a Town Meeting held October 28, 1919 it was voted: "That a committee consisting of the Selectmen and the Planning Board by virtue of their office, and seven others to be appointed by the Moderator, be appointed with authority to investigate and report at the Annual Town Meeting of 1920, upon the general plan of a municipal building with recommendations as to a prospective site."

In compliance with the foregoing vote your committee has given the matter of a site and plan careful consideration.

The present Town Building was erected prior to 1850. Partially destroyed by fire some few years later it was restored and has been in constant service ever since. In the early days a portion of the lower part was rented for business purposes, and a druggist and a grocer held forth where now the municipal business is transacted. Stern justice was administered in another portion of the building in Watertown's first Police Court. Police and Fire Headquarters were here, the Public Library, the School Department, — in fact, at one time or another the old building housed every branch of municipal activity. The upper portion has served as a meeting place for our citizens for Town business, for patriotic assemblies, for religious services of all denominations, and for social gatherings that covered all the wide range from wrestling matches to cotillions and Shakesperian drama.

On the third floor, under the eaves, our local sharp-shooters perfected their aim, and sometimes the odor of good cooking wafted downward proclaimed that the late banquet was being served while the dance waited in the hall below.

The Police Court has passed into history. The Public Library, the Police and Fire Departments, have long since, like grown-up children, gone forth each into new and more imposing abodes of their own. The banqueters have departed and the lights of the feast are long extinguished. The marksmen, in the exigencies of war, have risen again from the shadows, but they too will soon, like the "baseless fabric of dreams,"

fade and pass away — whenever the Fire Commissioners find that their rifle-range is being used for that or for any other public purpose.

From time to time the old structure has been pieced out, patched up, added to and made over. The steady growth of municipal machinery has created, for sorely distracted Town Fathers, difficult departmental housing problems; but with invention, born of dire necessity, they have always been able to discover some new nook or cranny where homeless officials could find at least temporary shelter.

The transformations accomplished sometimes have been most astonishing. For instance, our genial Town Clerk, himself a pillar of righteousness, finds himself now domiciled in an alcove above what once served as the entrance to the fearsome dungeons where the unruly of our early citizens were hurriedly propelled to seek a night's repose in narrow confines where penitence and remorse found them in the cold, gray dawn of the morning after.

Even here he cannot be undisturbed while he ponders over his musty records or ministers to the bashful bridegroom, because the Selectmen, finding their own once restful and dignified executive chamber turned into a public information booth and general thoroughfare for all departments, have sought haven with him. Nor have they or he found more than partial seclusion even there, for this very sanctum is the direct path for official traffic through the building.

The Treasurer and the Collector of Taxes are in cramped quarters at some distance from the vaults where their important records must be kept.

The Auditor is tucked away in a small compartment hewn out from under the main stairway, and with his desk, safe and adding-machine in place, can give audience to only one visitor at a time.

The Water, Health and School Departments might individually occupy the quarters allotted to all three, and have no spare room. The Building Department, Tree Warden, Moth, Poles and Wires, Weights and Measures, Charity and Mothers' Pension, like step-children, are all huddled together in the annex, so called, in cramped, poorly lighted quarters, where

privacy is impossible, where confusion must creep in, and efficiency suffer.

Many of the Boards and Committees have no permanent abiding place, but must migrate from post to pillar.

It all has an element of humor in it, but it is not good business for the Town. It is not compatible with the dignity and solidarity of orderly, responsible government.

The old building has served the Town well. It is centrally located, it is rich in historic traditions, but the world and the Town have progressed beyond it.

We believe the Town should begin at once planning for a new, modern municipal building, adequate for all its needs, future as well as present. We believe that the general type desired would be along the following lines:

1. Municipal offices for the various branches of Town government.
2. G. A. R. and American Legion offices.
3. A meeting hall for these and kindred organizations with a seating capacity of four hundred.
4. A hearing room with a seating capacity of one hundred.
5. An auditorium with a seating capacity of from 1000 to 1500, this hall to be equipped with a modern stage, cinema apparatus, balcony, coat rooms, etc.
6. Kitchen and banquet room equipment.
7. Public sanitariums and vaults.

Such a building would probably cover an area of 20,000 cubic feet. A building of this character, happily placed, would be a tremendous asset to the Town. Not only would it be a delight to the eye and an inspiration to us all, but it would be an advertisement to the world of local interest and pride in our municipal management. Such a building would offer a convenient and appropriate social center for large community gatherings of churches and other organizations and would aid immeasurably in the development of a fine community spirit.

In the matter of an appropriate site the committee considered only locations bounded by the present Town Hall building, on the west; the Boston & Maine Railroad tracks on the north; Taylor Street, and the property abutting on Beacon Square on the east; with the river as a natural bound on the south. This area is the heart of our present business and civic

center and its whole natural layout lends itself easily to a development that any municipality should prize. Practically twelve streets radiating in as many directions converge at Beacon Square. From the center of this area or from any angle of it the outlook in its present development is far from attractive. Most of the buildings which fall under the eye are no longer objects of beauty or of great usefulness. Some would deserve a worse characterization — unsightly, fire hazards, a menace to health. Most people like to have that part of their home most frequently on exhibition well-groomed and attractive. Our center falls far short of that and our reputation as a tidy, thriving, up-to-date community suffers, at least with those whose knowledge of us is based only on what they see in our principal square.

It does not take much vision, however, to observe the possibilities of this precise locality — how a little skilful planning, begun in time, could transform this now unattractive area into one of the beauty spots of Boston's famed suburbs.

The triangular lot bounded by Main and Galen Streets, and Mount Auburn Street extension, as its lines are now located, is one of the first obstacles to the development of the Center. Besides being unsightly, the congestion caused by increased automobile and electric car traffic has made of the narrow stretch of street between the Otis Building and Barnard's Block an extremely dangerous thoroughfare. The necessity of widening Main Street at this point is daily apparent, and as widening can only come on the southerly side it means the acquiring and destruction of the Barnard Block property. A portion of the remaining vacant land in the rear of the building is Metropolitan Park property, and by a legislative permission which expires in April, 1922, this land will be released to the Town when the Town acquires the front parcel, if that happens before April, 1922. Hence the need of prompt action.

The land left after the suggested widening would not be sufficient for a municipal building, nor, in the opinion of the committee, would it be a desirable location. When the lot is cleared and the new Union Market Bank Building rises at the westerly side of Watertown Square, that part of the Town Center will be improved tremendously.

Looking across Beacon Square in an easterly direction two

prominent available sites for a municipal building loom up. They are the Kelly corner property, so called, and the Morse, and Hosmer, *et al.* location, on the opposite side of Beacon Square.

The former location is bounded by Mount Auburn Street (Beacon Square), Arsenal, Taylor and the Boston & Maine Railroad tracks. It has an area of 59,824 square feet and is assessed on a valuation of land and buildings of \$67,050. It is believed that it could be acquired at a cost not in excess of \$80,000.

The Hosmer, Morse, *et al.* property is bounded by North Beacon and Riverside Streets, the latter separating it from the end of the Charles River Drive leading out of Beacon Square. This parcel has an area of 174,822 square feet; an assessed valuation in lands and buildings of \$49,745; and could probably be acquired for not more than \$60,000.

Almost any new development of the Kelly corner lot would be an improvement. It would seem as if the money necessary to acquire it would be well spent if only the buildings were levelled and the land beautified. A stately municipal building rising upon it would beautify it still more and increase the value of business property across the street in both directions from Beacon Square.

The Hosmer, Morse and adjoining properties, in the judgment of the committee, would make an ideal location for a splendid Civic Center, which might include a group of municipal buildings, with roomy approaches laid out in generous proportions.

Such a development would stand for the next century, a monument to the civic pride and foresight of our townspeople. It is a vision that many would like to see realized or at least well begun. Much of the detailed development could not come in our day, but if the land could be secured now the site would be saved, and the right development would come in good time.

Our enthusiasm for the project is only cooled by the size of our municipal purse, and the knowledge of other imperative demands that must be made upon it. We have a "Municipal Building Fund," wisely established in 1912 with the sum paid into the Town Treasury by the Mt. Auburn Cemetery Asso-

ciation for the surrender of the Town's tax lien upon property acquired for burial purposes. In 1922, this sum with its accumulations of interest, altogether about \$30,000, will be available for a building. This fund may be increased meanwhile from other sources. In time, too, the proceeds of the disposal of the present site for a business location would swell the fund.

If only some good angels could be found among us with vision and public spirit and the means to back both, who would only acquire this latter site and hold it as Trustees for the Town until the Town itself could finance it, the rest of us and posterity would bless them for it.

We should like to see the Town acquire both these parcels for municipal purposes. As practical men, however, influenced by the knowledge of our immediate municipal burdens and responsibilities, we must shut our eyes temporarily at least to a part of the vision we should like to see take shape.

We can and do recommend now only the acquiring by the Town of the so-called Kelly corner site. We advise that this be done at once and that the Town seek authority from the Legislature, if that be necessary, to acquire it, and for permission to borrow for that purpose, outside the debt limit, the sum of \$80,000.

**Report of the Committee upon a School House in the
Western Part of the Town of Watertown**

At a town meeting held on December 23, 1919, under Article 4, to wit, *voted*:

"That a committee consisting of the School Committee and ten others be appointed by the Moderator with authority to consider and report at the Annual Town Meeting upon a suitable site, the size, number of rooms, and character of construction of a school building in the western part of the Town in a location other than Saltonstall Park."

The Moderator on January 16, 1920, through the Town Clerk notified the following of their appointment to said committee, Mr. Rodney G. Page (Chairman for the purpose of organization), Mr. William H. Foote, Mr. Charles H. Centebar, Mr. William S. Hughes, Mr. Thomas J. McHugh, Mr. George A. Reed, Mr. Charles J. Brown, Mr. James B. Dardis, Mr. Joseph S. Winslow and Mr. Walter C. Stone.

The committee met on January 21, 1920, and organized with Mr. William H. Foote as Chairman and Mr. Walter C. Stone as Clerk. Mr. Arthur F. Gray, Chairman of the School Committee, spoke at length upon the needs of the proposed school from the viewpoint of the School Committee. He stated that the schools are over-taxed at present, eleven school rooms in town being occupied by two sets of pupils each day. A majority of the members of the School Committee were present at this meeting, and the School Committee was unanimously in favor of the erection of a sixteen room building, with a hall capable of seating five hundred to six hundred persons, with rooms for principal and teachers, also rooms for manual training and domestic science with gymnasium.

It was shown how the children from the western end of the Town had for years traveled a long distance to the present high school and the former high school without complaining, but with the increased growth of the western section of the Town more school room was needed immediately. It was strongly impressed on the Committee that the Marshall Spring School as now located was in the natural geographical center of the western half of the Town.

At our second meeting the Superintendent of Schools,

Mr. Wilfred H. Price, was called in and informed the committee that the whole number of pupils in the schools of Watertown was 3152 on December 3, 1919. He stated that the east and west end of the Town were growing faster than any other sections. He also stated that there was really need of two new schools, one a junior high school for the western half of the Town, and one a junior high school for the eastern half of the Town. He read his report on the needs of a new junior high school in Watertown.

In many of the towns and cities in our immediate vicinity junior high schools have already been established, while in others the system has been adopted and the erection of new buildings is in progress. We believe that Watertown should be in the vanguard, and should put in force a plan which is so far reaching and so beneficial to children who must finish their school work before entering the high school; thus saving a mortality which should be avoided. The School Committee have placed themselves on record as unanimously in favor of the adoption of the junior high school system, and putting it into force at the earliest possible date.

It was shown that the town must go on and erect a school house of at least sixteen rooms, not counting the basement rooms, in order to provide seating capacity for the pupils who wish to go to school. If the school were built at the present time, when completed in one year's time, it is estimated that there would be between four hundred and fifty and five hundred pupils ready to enter the same. In other words, the school would be almost filled with pupils at the opening of the same. Mr. Charles P. Durrell, principal of the Marshall Spring School, also appeared before our Committee and answered any questions the committee wished to ask him.

At the third meeting of the committee, February 2, 1920, Mr. Charles G. Loring, an architect, appeared and spoke at some length about the Junior High School he was building at Waltham. He presented the plans of the school and explained very fully to the committee the cost of the building. The total cost of the plant will be about \$240,000. The contract prices for this work were fixed last July and it would be necessary to add about 15 per cent or 20 per cent to the cost for present construction.

At the fourth meeting held February 13, 1920, the committee heard from Mr. Kellogg, an architect, of the firm of Brainerd, Leeds & Kellogg, about the present cost of construction of school houses. The price of construction of the average school room today of twenty-three feet by thirty-two feet is \$12,800. The committee felt that with the rising prices we ought to figure on the round sum of thirteen thousand dollars (\$13,000) per room.

The committee unanimously voted to recommend the purchase of the site adjacent to the present Marshall Spring School on Waverley Avenue, meaning the lots of land lying to the south and west of the present Marshall Spring School, as and for the site of the proposed school.

The committee also unanimously voted to recommend the construction of a building of brick and stone, to contain not less than sixteen rooms on the first and second floors, with a basement, an assembly hall, and additional rooms in the basement not exceeding five rooms in all; the buying of the land, the procuring of architects' plans and the cost of construction of the whole building not to exceed the sum of three hundred thousand dollars (\$300,000).

The committee voted that sub-committee consisting of Mr. William H. Foote, Mr. Arthur F. Gray and Mr. Walter C. Stone be appointed to see the Finance Committee and recommend the erection of a school house in the western part of the Town.

Your committee therefore recommends the construction of such a school immediately in the western section of the Town and would ask for an appropriation at the annual Town meeting of twenty-five thousand dollars (\$25,000) to purchase the land adjacent to the present Marshall Spring School and a sum of five thousand dollars (\$5000), (part of the above \$25,000) to be applied, to wit, on the purchase of necessary plans.

Respectfully submitted,

WILLIAM H. FOOTE, *Chairman*,
WALTER C. STONE, *Clerk*.

Committee on School House in Western Part of the Town

Report of Hosmer School Building Committee

The committee appointed by the Moderator, in accordance with the vote passed at the Annual Town Meeting of March, 1919, begs leave to submit its report.

The Building Committee, after organization, found that the School Committee had on file plans of the proposed addition prepared by Alberto F. Haynes, Architect, and Alfred S. Kellogg, Engineer, and that bids based on these plans and specifications had already been made by various contractors. After due consideration it was deemed wise by your committee to accept the plans as prepared and to move towards the actual construction of the building as speedily as possible, in order to protect the Town from an imminent and positive increase in cost of construction which delay would entail and in order that the building might be available at the earliest possible time to relieve the congestion of the school population long existing in the Coolidge-Hosmer School District.

Construction contracts were awarded as follows:

Building: Samuel J. Kelley, Jr., of Watertown....	\$79,347 41
Heating and Ventilating: Commonwealth Heating Company of Boston.	28,713 00
Electric Work: James Wilkinson Co. of Boston...	8,259 00
<hr/>	
Total of Construction contracts.....	\$116,319 41

The ground was broken in May and the work has gone forward to completion as speedily as conditions of labor and deliveries of materials would allow. The building was opened for use the early part of March and is now in large part occupied.

With this addition, the Hosmer School is now the largest Grade School Unit in the system consisting of twenty Class Rooms, Assembly Hall, Manual Training and Cooking Rooms, together with the various Teachers' Rooms, Shower and Tub, Baths, Toilets, etc.

The new heating plant has solved the recurring problem of the past ten years as to how the old building could continue to be heated by the complex, expensive and constantly repaired heating plant there existing.

Having accepted the bids based on the plans and specifications as prepared for the School Committee without time for thorough study and revision of all details, the Building Committee has found many things required not provided for under the original contracts. These have been met and decided as they developed and in its desire to assure the scholars as adequate and well equipped school home as possible, the committee has felt it wise to add some few items of equipment and facilities not originally called for.

At the outset we were confronted with the unexpected problem of relocating and rebuilding a sewer and drain running from the High School directly through the center of the cellar of the new building. This work together with the relocating of drains, sewer and the water system running from the old to the new building, was completed at an unforeseen expense of \$3300, additional extra expense in connection with the construction and equipment has figured \$3400.

Your committee has felt it good judgment to furnish at this time a shower-bath, a lathe for the Manual Training Room and a stereopticon for the Assembly Hall. Contract bids for seats, desks and other school room equipment were necessarily somewhat above those estimates received in 1918.

All that now remains to complete the job is the necessary grading and the building of granolithic walks. This work, together with the payment of several of the above mentioned items which were not provided for in the original appropriation, will require an additional appropriation of \$9000, which your Committee asks for at this time.

The additional appropriation will mean the construction of the addition complete inside of \$140,000.

In conclusion the Building Committee desires to state its appreciation of the services rendered by the Architect and Engineer and of those Town employees whose advice and assistance has been requested, and to express its satisfaction with the work of all the contractors having to do with the construction of the addition. Earnest effort and co-operation of all concerned, often under trying and discouraging conditions, have meant the completion of the building in much quicker time

and at much less cost to the Town than otherwise would have been possible.

HENRY A. THURLOW, *Chairman*,

FRANCIS H. BARNES,
Hosmer School Building Committee.

**Report of the Committee Appointed by the Moderator In
Accordance with the Vote of the December Town
Meeting to Investigate and Report on an
Enclosed Athletic Field**

The committee has personally visited every available site for an Athletic Field in the Town: the committee considered all sites from the viewpoint of comprehensive later development, proximity, and of course, size; and bases the figures in the appropriation asked on approximate bids which the committee feels reasonably sure will cover the total cost.

After much study and deliberation we have unanimously arrived at the following conclusions, and respectfully submit the following recommendations:

1. That the Town take the land formerly known as the old Town Field, including the plot now leased for farming purposes, for an Athletic Field; that this plot include from the base of Whitney Hill Park to Orchard Street, and from Marion Road to the line of the Town buildings;

2. That the Town appropriate a sum of money for the uniform grading of the whole plot, and such drainage and feed pipe connections that the field can be flooded in the winter for a skating rink;

3. That two full size baseball diamonds, one football field and one quarter-mile cinder track be laid out upon this plot;

4. That a plot nearer the Whitney Hill side to include one baseball diamond, one football field, and a quarter-mile cinder track, be enclosed with an iron fence;

5. That a concrete grandstand sufficient to accommodate about 800 spectators be constructed within the enclosure;

6. That beneath and inside the grandstand so constructed two large size dressing-rooms, an office and canteen and sufficient shower bath and toilet facilities be built;

7. That this building be equipped with modern steel lockers, shower bath facilities, and necessary fittings;

8. That the construction of this enclosed Athletic Field be started at once and sufficient appropriation be made therefor.

9. That this field be dedicated to the memory of those sons and daughters of Watertown who took part in the Great War.

We have tried to do everything so far in a business-like manner, and if this proposition goes through, and we are still selected to carry it through, you can rest assured that we will do everything in our power to carry out everything on a business basis.

We append to our report as a supplement, a form of a motion and an amendment approved by the Chairman of the Finance Committee, the Town Treasurer, and the Town Counsel, the passing of which will accomplish all the recommendations which we have respectfully submitted to you.

(See votes passed under Article 14.)

Approximate Cost of New Athletic Field

Grandstand, constructed of reinforced concrete, and all necessary equipment,	\$21,450 00
Plumbing and Heating, with all necessary connections,	2,530 00
1700 feet of Fencing,	4,488 00
Four Gates,	352 00
Architect's Fees	1,729 00
	<hr/>
	\$30,459 00

Approximate Cost of Grading

Sewer connection to grandstand,	\$445 00
Drainage 500 feet at \$5.00 a foot,	2,500 00
Two catch basins. One manhole at \$90.00,	270 00
Water connection for flooding,	1,400 00
Loam excavation 5400 cubic yards at \$0.90,	4,860 00
Earth excavation and grading 9750 cubic yards at \$1.10,	10,725 00
Loam grading 4500 cubic yards at \$1.25,	5,625 00
Running track 2053 square yards at \$0.75,	1,540 00
	<hr/>
	\$27,365 00
Total	\$57,914 00

Committee on Athletic Field.

Voted: That the original committee of fifteen on Athletic Field be empowered to take charge of the construction of enclosed Athletic Field, and all work pertaining thereto.

May 14, 1920. Committee appointed by Moderator Joseph P. Keefe, in accordance with vote passed under Article 3 at Town Meeting held March 22, 1920, as follows:

Voted: That a Committee of five members be appointed

by the Moderator to act as a committee on election and qualification of Town Meeting Members, and that they shall report such rules and regulations for approval to a later Town Meeting.

The Moderator appointed the following: G. Frederick Robinson, William P. McGuire, Charles F. Shaw, John A. Collins, Edwin T. Stiger.

May 14, 1920. Committee appointed by Moderator Joseph P. Keefe, in accordance with vote passed under Article 3 at Town Meeting held March 22, 1920, as follows:

Voted: That a committee of six, to include the Moderator and Town Counsel, be appointed to prepare rules and regulations for the government of the limited Town Meetings, and that the Moderator, in appointing this committee, shall give representation to each of the precincts, and that this committee shall report its recommendations to a later Town Meeting.

The Moderator appointed the following: Precinct 1, Rodney G. Page; Precinct 2, Joseph M. Robertson; Precinct 3, Galen W. Flanders; Precinct 4, Joseph P. Keefe (Moderator, designated by the vote); Precinct 5, Wesley E. Monk (Town Counsel, designated by the vote); Precinct 6, Patrick H. O'Halloran.

Article 4. To grant such sums of money as may be thought necessary for the uses and expenses of the Town the ensuing year, direct how the same shall be raised, or act thereon.

Record of Appropriations Voted at Adjourned Town Meetings

Taxes

*Charles River Basin,	\$2,182 32

Action taken in conjunction with Article 4.

Sewers and Drainage

Unanimously voted: That for the construction of sewers for sanitary and surface drainage purposes, as voted under Article 4, the sum of thirty thousand dollars (\$30,000) be borrowed, and the Town Treasurer be, and he is hereby authorized to borrow, under the direction of the Selectmen, the said sum of thirty thousand dollars (\$30,000) and to issue the bonds or notes of the Town therefor, at such rate of interest as he, with the approval of the Selectmen shall determine, payable in accordance with the provisions of Section 14 of Chapter 719 of the year 1913, so that the whole loan shall be paid in not more than thirty (30) years, or at such earlier dates as the Treasurer and Selectmen may determine. Said bonds or notes shall bear the authenticating certificate of a bank or Trust Company to be selected by the Treasurer, or of the Commonwealth of Massachusetts, and interest and principal shall be due and payable at the Fourth-Atlantic National Bank of Boston, Mass.

Article 5. To see if the Town will vote to appropriate the necessary sum of money to pay that portion of the Town debt which matures on or previous to January 1, 1921, direct how the money shall be raised, or take any action relating thereto.

Action taken in conjunction with Article 4.

Voted: That the sum of one hundred and twenty thousand dollars (\$120,000) be and is hereby appropriated to pay that portion of the Town debt which matures on or previous to January 1, 1921.

Article 6. To see what method the Town will vote to adopt for the collection of taxes the ensuing year, and to fix the compensation of the Collector, or act thereon.

Action taken in conjunction with Article 4.

Voted: That the same method for the collection of taxes be and is hereby adopted as was pursued last year, and that interest be charged on all taxes not paid on or before October 30, interest to be charged from the fifteenth of October, at the rate of six per cent per annum, as provided by Chapter 103 of the Acts of 1916.

See Article 4 for appropriations.

Article 7. To see if the Town will appropriate a sum of money for the rent of the Grand Army Hall, care of the grounds around the Soldiers' Monument, and to defray the expenses of decorating the graves of deceased soldiers on the next Memorial Day, and authorize Isaac B. Patten Post 81, G. A. R. to expend the same, direct how the same shall be raised, or act thereon.

Action taken in conjunction with Article 4.

Voted: That the sum of \$450 be and is hereby appropriated for the rent of the Grand Army Hall, care of the grounds around the Soldiers' Monument, and to defray the expenses of decorating the graves of deceased soldiers on the next Memorial Day, the same to be expended under the direction of Isaac B. Patten Post 81, G. A. R.

Article 8. To see what action the Town will take relative to the appointment of a director for the supervision of gardens in the Town of Watertown, in accordance with the provisions of Chapter 273 of the General Acts of the year 1918, appropriate the necessary sum of money therefor, direct how the same shall be raised, or take any action relating thereto.

Indefinitely postponed.

Article 9. To see if the Town will appropriate the necessary sum of money to pay the cost of an addition to Fire Station No. 2, direct how the money shall be raised, or take any action relating thereto.

Indefinitely postponed.

Article 10. To see if the Town will authorize the Selectmen for and in the name and behalf of the Town to take, or acquire by purchase, or by gift, or otherwise, as a place for a Town Hall or for other public work, the land with the buildings thereon owned by Elizabeth S. Hosmer and others, Trustees, and Julia M. Morse, Lydia A. Lane, Nettie Stiles and owners unknown, said land located at the junction of North Beacon and Riverside Streets and bounded by said streets, and by land of Nettie Stiles, Lydia A. Lane and by land of owners unknown, containing 174,882 square feet more or less, or any part of said land, appropriate the necessary money to pay the cost or damages

therefor, direct how the same shall be raised, or take any action relating thereto.

No action.

Article 11. To see if the Town will authorize the Selectmen for and in the name and behalf of the Town to take, or acquire by purchase, or by gift, or otherwise, as a place for a Town Hall or for other public work, the land located at the corner of Mt. Auburn Street, and Beacon Square, and bounded by Mt. Auburn Street, Beacon Square, Arsenal Street, Taylor Street, and land of the Fitchburg Railroad Company, said land being owned by Edward C. Nolan and others and containing in all 59,824 square feet more or less, appropriate the necessary money to pay the cost or damages therefor, direct how the same shall be raised, or take any action relating thereto.

109 in favor, 50 opposed.

Voted: That the Selectmen be, and they are hereby authorized to petition the General Court for such legislation as will enable the Town, acting through its Selectmen, to take, acquire by purchase, or otherwise, for the purpose of a Town Hall, or for other public uses or works, a parcel of land bounded by Arsenal Street, North Beacon Street, Mt. Auburn Street, Taylor Street, and the location of the Fitchburg Railroad Company, containing 59,824 square feet, more or less, and owned by Edward C. Nolan, et al., and for the purpose of paying the cost of the same to borrow the sum of eighty thousand dollars (\$80,000) upon such terms and conditions as the Town Treasurer, with the approval of the Selectmen, shall determine, and the amount so borrowed not to be reckoned within the statutory limit of indebtedness of the Town.

Article 12. To see if the Town will take, acquire by purchase, or otherwise acquire, a parcel of land in the western part of the Town, for the purpose of erecting thereon a building for a public school, appropriate the necessary money therefor, direct how the same shall be raised, or take any action relating thereto.

Voted: To refer this matter back to the Committee for report at a later meeting.

Article 13. To see if the Town will appropriate money for the construction and equipment of a school house in the

western part of the Town, direct how the same shall be raised or take any action relating thereto.

Voted: To refer this matter back to the committee for report at a later meeting.

Athletic Field

Article 14. To see if the Town will appropriate the sum of money necessary to pay the cost of the laying out, construction and equipment of an enclosed Athletic Field; direct how the same shall be raised, or act thereon.

Action taken in conjunction with Article 4.

Voted: That for the purpose of laying out, improving, grading, constructing, and enclosing of the playground called "Town Field," that the sum of twenty-eight thousand dollars (\$28,000) be and is hereby appropriated.

107 in favor, 23 opposed.

Voted: That for the purpose of paying the cost of construction of buildings, including the original equipment and furnishings, to be used for purposes of a public playground or recreation center and to be located on the public playground called "Town Field," the sum of thirty thousand dollars (\$30,000) be, and is hereby appropriated, and for the purpose of providing the money hereby appropriated the Town Treasurer be, and he is hereby authorized to borrow, under the direction of the Selectmen, the sum of thirty thousand dollars (\$30,000), and to issue the bonds or notes of the Town therefor, at such rate of interest as he, with the approval of the Selectmen, shall determine, payable in accordance with the provisions of Section 14 of Chapter 719 of the year 1913, so that the whole loan shall be paid in not more than twenty (20) years, or at such earlier dates as the Treasurer and Selectmen may determine. Said bonds or notes shall bear the authenticating certificate of a bank or Trust Company to be selected by the Treasurer, or of the Commonwealth of Massachusetts, and interest and principal shall be due and payable at the Fourth-Atlantic National Bank of Boston, Mass.

Voted: That the Selectmen be, and they are hereby authorized to petition the General Court for such legislation as will

enable the Town, acting through its Park Commission, to permit the use of the playground called "Town Field," with the buildings and equipment thereon, for the purposes of promoting recreation, play, sport, and physical education, and to enable the Park Commissioners to let or lease said playground with buildings and equipment to any person, society or other organization upon such terms and conditions as said commission shall determine, for the purposes of sport, recreation, play, and physical training and education.

Article 15. To see if the Town will appropriate a sum of money necessary to pay the land damages and the cost of construction caused by the relocation of Arlington Street, from Mt. Auburn Street to Elm Street, under a decree of the County Commissioners of Middlesex County, direct how the same shall be raised, or take any action relating thereto.

Voted: Because of the fact that no decree has been issued by the County Commissioners, directing the widening of Arlington Street, that action under this article be postponed until a later Town Meeting, to be held after such decree has been issued.

Betterment Streets

Article 16. To hear the report of the Selectmen relative to the layout of Concord Road, in the Fossland section, so-called, under the provisions of Chapter 344 of the Acts of 1917, providing for the assessment of betterments, and to see if the Town will vote to accept and allow said street as and for a public highway, provide the necessary sum of money to pay the cost of construction, or take any action relating thereto.

Report of the Selectmen on the Layout of Concord Road Proposed for Acceptance

After due notice and public hearing and view as required by the provisions of Chapter 344 of the General Acts of the year 1917, the Selectmen met on the 28th day of February, 1920, at 9.15 A.M. for the purpose of viewing the premises, and we, the Selectmen, do hereby adjudge that public convenience and

necessity require that Concord Road be laid out as and for a public highway, in accordance with the following description and as shown on plan drawn by Wilbur F. Learned, Town Engineer, and dated February 4, 1920.

CHARLES M. ABBOTT,
CURTIS W. BIXBY,
WENDELL W. PATTEN,
Selectmen of Watertown.

In Board of Selectmen, Saturday morning, February 28, 1920.

Voted: That Concord Road be and is hereby laid out as and for a public highway, under the provisions of Chapter 344 of the General Acts of the year 1917, providing for the assessment of betterments, and according to the following description and plan on file in the office of the Town Clerk.

Description of Concord Road for Acceptance

Beginning at a point on the easterly line of Boylston Street West, seventeen and two hundredths (17.02) feet northerly from a stone bound which marks the point of tangency of a curve of Boylston Street extending southerly from Mt. Auburn Street, thence extending southerly and easterly by a curve to the left, four hundred seven and forty-five hundredths (407.45) feet in length, and having a radius of two hundred twenty-six and eighty hundredths (226.80) feet to a stone bound which marks a point of tangency; thence extending easterly by a straight line eighty-three and nineteen hundredths (83.19) feet to a stone bound which marks the beginning of a curve; thence easterly and southeasterly by a curve to the right two hundred six and thirty-eight hundredths (206.38) feet in length and having a radius of three hundred (300) feet, to a point of compound curvature; thence extending easterly and northerly by a curve to the left twenty and forty-nine hundredths (20.49) feet and having a radius of ten (10) feet to a stone bound on the westerly line of Winthrop Street. The above described line is the northerly line of Concord Road and is bounded on the north and west by land belonging to the

Town of Watertown; thence extending southerly from the stone bound last mentioned, on the westerly line of Winthrop Street by a curve to the left one hundred twenty-four and sixty-eight hundredths (124.68) feet and having a radius of six hundred twenty-nine and fifty hundredths (629.50) feet to a point of tangency which is thirty and twenty-five hundredths (30.25) feet in length from the point of curvature of a curve having ten (10) feet radius at the northwest corner of Winthrop and Boylston Streets; thence turning and extending northerly and westerly from the last mentioned point of tangency by a curve to the left ninety-two and thirty-three hundredths (92.33) feet in length and having a radius of one hundred fourteen and forty-one hundredths (114.41) feet to a point of compound curvature by land owned by the Suburban Realty Corporation on part of one lot and the frontage of a second lot twenty-seven and forty six hundredths (27.46) feet and sixty-four and eighty-seven hundredths (64.87) feet respectively; thence extending northwesterly and westerly by a curve one hundred seventy-one and ninety-eight hundredths (171.98) feet to a point of tangency by land belonging to the Suburban Realty Corporation on three lots, sixty-seven and seventy-nine hundredths (67.79) feet, fifty-two and ten hundredths (52.10) feet and fifty-two and nine hundredths (52.09) feet respectively; thence extending westerly by a straight line eighty-three and six hundredths (83.06) feet to a point of curvature by land belonging to the Suburban Realty Corporation on one lot and part of another, fifty (50) feet and thirty-three and six hundredths (33.06) feet respectively; thence extending westerly and northerly by a curve to the right two hundred eighty-eight and seventy-four hundredths (288.74) feet in length and having a radius of two hundred seventy-six and eighty-hundredths (276.80) feet to a point of curvature by land belonging to the Suburban Realty Corporation on three lots having a frontage each of forty-two and ninety-six hundredths (42.96) feet and eighteen (18) feet frontage on part of lot and by land belonging to Otis W. Pillsbury having a frontage of sixty-three and eighty-six hundredths (63.86) feet, and by land belonging to John J. Mullen with seventy-eight (78) feet frontage; thence turning and extending northerly, westerly and southerly by a curve to the left forty

and four hundredths (40.04) feet in length and having a radius of seventeen and ninety-five hundredths (17.95) feet by land belonging to the said Mullen to the easterly line of Boylston Street; thence turning and extending northerly on a straight line one hundred ninety-eight and seventy-one hundredths (198.71) feet to the point of beginning. The above description is intended to cover Concord Road which is fifty (50) feet in width between parallel lines extending from Boylston Street to Winthrop Street.

In conjunction with Article 4.

Voted: That the report of the Selectmen be and is hereby accepted, and that Concord Road be and is hereby accepted and allowed as and for a public highway, under the provisions of law providing for the assessment of betterments.

See action taken appropriating money in conjunction with Article 4.

Article 17. To hear the report of the Selectmen relative to the layout of Dartmouth Street, in the Fossiland section, so-called, under the provisions of Chapter 344 of the Acts of 1917, providing for the assessment of betterments, and to see if the Town will vote to accept and allow said street as and for a public highway, provide the necessary sum of money to pay the cost of construction, or take any action relating thereto.

Report of the Selectmen on the Layout of Dartmouth Street Proposed for Acceptance

After due notice and public hearing and view as required by the provision of Chapter 344 of the General Acts of the year 1917, the Selectmen met on the 28th day of February, 1920, at 9.15 a.m. for the purpose of viewing the premises, and we, the Selectmen, do hereby adjudge that public convenience and necessity require that Dartmouth Street be laid out as and for a public highway, in accordance with the following description and as shown on plan drawn by Wilbur F. Learned, Town Engineer, and dated February 12, 1920.

CHARLES M. ABBOTT,
CURTIS W. BIXBY,
WENDELL W. PATTEN,
Selectmen of Watertown.

In Board of Selectmen, Saturday morning, February 28, 1920.

Voted: That Dartmouth Street be and is hereby laid out as and for a public highway, under the provisions of Chapter 344 of the General Acts of the year 1917, providing for the assessment of betterments, and according to the following description and plan on file in the office of the Town Clerk.

Description of Part of Dartmouth Street for Acceptance

Beginning at a stone bound on the southerly line of Boylston Street which bound marks the beginning of a curve at the southeasterly corner of Boylston and Dartmouth Streets; thence extending westerly and southerly by a curve to the left thirty-six and thirty-four hundredths (36.34) feet in length and having a radius twenty-two and nineteen hundredths (22.19) feet in length to a point of compound curvature, by land belonging to Wilbur F. Stafford; thence extending southeasterly by a curve to the left one hundred twenty-one and seventy-six hundredths (121.76) feet in length and having a radius of one hundred eighty (180) feet to a point of tangency, by land belonging to the said Stafford comprising from the point of beginning two (2) lots; thence extending southeasterly by a straight line two hundred nine and ninety-two hundredths (209.92) feet to the northwesterly end of the accepted part of Dartmouth Street, which point is on the division line between adjoining properties, by land belonging to the said Stafford comprising four (4) lots; thence turning and extending southwesterly on said boundary line forty and two hundredths (40.02) feet crossing the northwesterly end of the accepted part of Dartmouth Street; thence turning and extending northwesterly by a straight line two hundred thirteen and four hundredths (213.04) feet in length to a point of curvature, by land belonging to the said Stafford comprising four (4) lots; thence extending northwesterly by a curve to the right one hundred forty-eight and eighty-two hundredths (148.82) feet in length and having a radius of two hundred twenty (220) feet to a point of compound curvature at the southwest corner of Dartmouth and Boylston Streets, by

land belonging to the said Stafford comprising two (2) lots and a part lot belonging to the Suburban Realty Corporation; thence extending northerly and westerly by a curve to the left thirty-eight and eighty-one hundredths (38.81) feet in length and having a radius of twenty-two and forty-six hundredths (22.46) feet, to the southerly line of Boylston Street by land belonging to the said Realty Corporation; thence extending easterly on the southerly line of Boylston Street eighty-nine and seventy-eight hundredths (89.78) feet to the point of beginning.

The above description is intended to cover that part of Dartmouth Street forty (40) feet in width between parallel lines from Boylston Street to the accepted part of Dartmouth Street.

In conjunction with Article 4.

Voted: That the report of the Selectmen be and is hereby accepted, and that Dartmouth Street be and is hereby accepted and allowed as and for a public highway, under the provisions of law providing for the assessment of betterments.

See action taken appropriating money in conjunction with Article 4.

Article 18. To hear the report of the Selectmen relative to the layout of Fairfield Street in the Fossland section, so called, under the provisions of Chapter 344 of the Acts of 1917, providing for the assessment of betterments, and to see if the Town will vote to accept and allow said street as and for a public highway, provide the necessary sum of money to pay the cost of construction, or take any action relating thereto.

Report of the Selectmen on the Layout of Fairfield Street Proposed for Acceptance

After due notice and public hearing and view as required by the provisions of Chapter 344 of the General Acts of the year 1917, the Selectmen met on the 28th day of February, 1920, at 9.15 A.M., for the purpose of viewing the premises, and we, the Selectmen, do hereby adjudge that public convenience and necessity require that Fairfield Street be laid out as and for a public highway, in accordance with the following description

and as shown on plan drawn by Wilbur F. Learned, Town Engineer, and dated February 16, 1920.

CHARLES M. ABBOTT,
CURTIS W. BIXBY,
WENDELL W. PATTEN,
Selectmen of Watertown.

In Board of Selectmen, Saturday morning, February 28, 1920.

Voted: That Fairfield Street be and is hereby laid out as and for a public highway, under the provisions of Chapter 344 of the General Acts of the year 1917, providing for the assessment of betterments, and according to the following description and plan on file in the office of the Town Clerk.

Description of Part of Fairfield Street for Acceptance

Beginning at a stone bound on the southeasterly line of Boylston Street which bound marks the beginning of a curve at the northeasterly corner of Boylston and Fairfield Streets; thence extending southerly and easterly by a curve to the left seventy-three and eighty-seven hundredths (73.87) feet in length and having a radius of forty-seven and twenty-four hundredths (47.24) feet to a point of tangency, by land belonging to Roy R. Rideout; thence extending southeasterly by a straight line two hundred sixty-seven and thirty-three hundredths (267.33) feet to a point of curvature by land belonging to the said Rideout, part lot, Joseph Sparelle, Helen L. Kenyon, Suburban Realty Corporation, Timothy E. Downey, one lot each, and John Macdonald, part lot; thence extending southeasterly by a curve to the right ninety-eight, and ninety-one hundredths (98.91) feet in length and having a radius of one hundred seventy-eight and ninety-six hundredths (178.96) feet, to the northwesterly end of the accepted part of Fairfield Street, by land belonging to the said Macdonald, part lot, and Ciro Scipione, one lot, to the accepted part of Fairfield Street, which point is on the division line between adjoining properties; thence turning and extending southwesterly on the same boundary line crossing the northwesterly end of Fairfield Street on accepted part forty-two and

ninety-three hundredths (42.93) feet to the southwesterly line of Fairfield Street; thence turning and extending northwesterly by a straight line fifteen and fifty-nine hundredths (15.59) feet in length by land belonging to John J. Mullen to a point of curvature; thence extending northwesterly by a curve to the left seventy-six and eighty hundredths (76.80) feet in length and having a radius of one hundred thirty-eight and ninety-six hundredths (138.96) feet to a point of curvature by land belonging to John J. Mullen, parts of two (2) lots; thence extending northwesterly by a straight line two hundred ninety-three and thirty-three hundredths (293.33) feet to a point of curvature by land belonging to the said Mullen, part lot, John Macdonald, two (2) lots; John J. Mullen, Ida M. Hodsdon, one lot each and the Suburban Realty Corporation, to the point of curvature; thence extending westerly and southwesterly by a curve to the left forty-four and twenty-one hundredths (44.21) feet in length and having a radius of thirty-two and seventy hundredths (32.70) feet to the southwesterly line of Boylston Street, by land belonging to the said Realty Corporation; thence turning and extending northerly on the southeasterly line of Boylston Street, one hundred thirteen and forty-three hundredths (113.43) feet to the point of beginning.

The above description is intended to cover the unaccepted part of Fairfield Street, forty (40) feet in width from Boylston Street to the accepted part of Fairfield Street.

In conjunction with Article 4.

Voted: That the report of the Selectmen be and is hereby accepted, and that Fairfield Street be and is hereby accepted and allowed as and for a public highway, under the provisions of law providing for the assessment of betterments.

See action taken appropriating money in conjunction with Article 4.

Article 19. To hear the report of the Selectmen relative to the layout of Porter Street in the Fossland section, so-called, under the provisions of Chapter 344 of the Acts of 1917, providing for the assessment of betterments, and to see if the Town will vote to accept and allow said street as and for a public highway, provide the necessary sum of money to pay the cost of construction, or take any action relating thereto.

Report of the Selectmen on the Layout of Porter Street Proposed for Acceptance

After due notice and public hearing and view as required by the provisions of Chapter 344 of the General Acts of the year 1917, the Selectmen met on the 28th day of February, 1920, at 9.15 a. m., for the purpose of viewing the premises, and we, the Selectmen, do hereby adjudge that public convenience and necessity require that Porter Street be laid out as and for a public highway, in accordance with the following description and as shown on plan drawn by Wilbur F. Learned, Town Engineer, and dated February 6, 1920.

CHARLES M. ABBOTT,
CURTIS W. BIXBY,
WENDELL W. PATTEN,

Selectmen of Watertown.

In Board of Selectmen, Saturday morning, February 28, 1920.

Voted: That Porter Street be and is hereby laid out as and for a public highway, under the provisions of Chapter 344 of the General Acts of the year 1917, providing for the assessment of betterments, and according to the following description and plan on file in the office of the Town Clerk.

Description of Porter Street for Acceptance

Beginning at a point on the northeasterly line of School Street, three hundred and three (303) feet from the southerly line of Mt. Auburn Street; thence extending southeasterly by a straight line one hundred (100) feet in length to a point of curvature by land belonging to the Suburban Realty Corporation; thence extending southeasterly and northeasterly by a curve to the left one hundred fourteen and sixty-seven hundredths (114.67) feet in length and having a radius of one hundred forty-six and twenty-six hundredths (146.26) feet, to a stone bound marking a point of tangency, by land belonging to the said Realty Corporation, and by land belonging to Louise E. Black with frontages of seventy-six and fifty-six hundredths (76.56) feet and thirty-eight and eleven hundredths (38.11) feet;

thence extending northeasterly by a straight line two hundred thirteen and sixteen hundredths (213.16) feet to a point of tangency by land belonging to Louise E. Black with a frontage of thirty-five (35) feet, also by two (2) lots of land belonging to the said Realty Corporation each having a frontage of fifty (50) feet and by part lot belonging to the said Realty Corporation and one (1) lot belonging to Louise E. Black with frontage of twenty-eight and sixteen hundredths (28.16) feet; thence extending northeasterly by a curve to the right eighty-seven and fifty-five hundredths (87.55) feet in length to a point of reverse curvature, by land belonging to the said Realty Corporation having a frontage of twenty-two (22) feet, also by land belonging to Clara M. Farmer having a frontage of fifty and four hundredths (50.04) feet, besides a part lot belonging to May B. Clark having a frontage of fifteen and fifty-one hundredths (15.51) feet; thence extending northeasterly by a curve to the left one hundred thirty-two and sixty-six hundredths (132.66) feet in length and having a radius of two hundred seven and seventy-five hundredths (207.75) feet by land belonging to May B. Clark with a frontage of thirty-six and five-hundredths (36.05) feet and by land belonging to Louise E. Black with a frontage of ninety-six and sixty-one hundredths (96.61) feet to a point of tangency; thence extending northeasterly by a straight line thirty-six and two hundredths (36.02) feet to a stone bound marking a point of curvature, by part lot of land belonging to the said Black with frontage of eighteen and two hundredths (18.02) feet and by land of adjoining lot belonging to the said Black having a frontage of eighteen (18) feet; thence turning and extending southerly on the westerly line of Boylston Street at the extreme easterly end of Porter Street one hundred sixty-five and nine hundredths (165.09) feet to a stone bound marking a point of tangency on Boylston Street; thence turning and extending northerly and westerly by a curve to the left thirty-five and forty-seven hundredths (35.47) feet in length and having a radius of twenty (20) feet by land belonging to Marion M. Johnson, to a point of compound curvature; thence extending westerly and southwesterly by a curve to the left one hundred eighteen and twenty-six hundredths (118.26) feet in length and having a radius of three

hundred thirteen and ninety-four hundredths (313.94) feet, by land belonging to the said Johnson having a frontage for remaining part of lot thirty-eight and twenty hundredths (38.20) feet and by land belonging to the Suburban Realty Corporation, with a frontage of fifty and five hundredths (50.05) feet and with frontage for part lot thirty and one hundredth (30.01) feet; thence extending southwesterly by a straight line two hundred thirteen and sixteen hundredths (213.16) feet by land belonging to the said Realty Corporation comprising a part of one lot having a frontage of sixteen and sixteen hundredths (16.16) feet, and three (3) other lots each with a frontage of fifty (50) feet; besides a single lot with a frontage of forty-seven (47) feet; thence extending southwesterly and westerly by a curve one hundred forty-six and three hundredths (146.03) feet in length having a radius of one hundred eighty six and twenty-six hundredths (186.26) feet to a point of tangency, by land belonging to the said Realty Corporation comprising three (3) lots with frontages of fifty-three and seventy-nine hundredths (53.79) feet, fifty and fifteen hundredths (50.15) feet and forty-two and nine hundredths (42.09) feet respectively; thence extending northwesterly by a straight line ninety-nine and fifty-six hundredths (99.56) feet to the northwesterly line of School Street, by land belonging to the said Realty Corporation, comprising a part of a lot with a frontage of ten (10) feet and an adjoining lot having a frontage of eighty-nine and fifty-six hundredths (89.56) feet; thence turning and extending northeasterly on the said northeast line of School Street forty (40) feet crossing the northwesterly end of Porter Street to the point of beginning.

The above description is intended to cover Porter Street which is forty feet in width between parallel lines between School and Boylston Streets.

In conjunction with Article 4.

Voted: That the report of the Selectmen be and is hereby accepted, and that Porter Street be and is hereby accepted and allowed as and for a public highway, under the provisions of law providing for the assessment of betterments.

See action taken appropriating money in conjunction with Article 4.

Article 20. To hear the report of the Selectmen relative to the layout of Putnam Street East, in the Fossland section, so-called, under the provisions of Chapter 344 of the Acts of 1917, providing for the assessment of betterments, and to see if the Town will vote to accept and allow said street as and for a public highway, provide the necessary sum of money to pay the cost of construction, or to take any action relating thereto.

**Report of the Selectmen on the Layout of Putnam Street, East,
Proposed for Acceptance**

After due notice and public hearing and view as required by the provisions of Chapter 344 of the General Acts of the year 1917, the Selectmen met on the 28th day of February, 1920, at 9.15 a.m., for the purpose of viewing the premises, and we, the Selectmen, do hereby adjudge that public convenience and, necessity require that Putnam Street, East, be laid out as and for a public highway, in accordance with the following description and as shown on plan drawn by Wilbur F. Learned, Town Engineer, and dated February 4, 1920.

CHARLES M. ABBOTT,
CURTIS W. BIXBY,
WENDELL W. PATTEN,
Selectmen of Watertown.

In Board of Selectmen, Saturday morning, February 28, 1920.

Voted: That Putnam Street, East, be and is hereby laid out as and for a public highway, under the provisions of Chapter 344 of the General Acts of the year 1917, providing for the assessment of betterments, and according to the following description and plan on file in the office of the Town Clerk.

Description of Putnam Street, East, for Acceptance

Beginning at a point on the easterly line of School Street, which point is on the extended southerly line of Putnam Street, West; thence extending northerly forty and five hundredths

(40.05) feet across the westerly end of Putnam Street, East, on the easterly line of School Street; thence turning and extending easterly by a straight line four hundred twenty-six and twenty hundredths (426.20) feet in length to a point of curvature, by land belonging to Joseph B. Barsam with a frontage of ninety-six and eighty-six hundredths (96.86) feet and by land belonging to the Suburban Realty Corporation having a frontage of one hundred (100) feet to the westerly line of Howe Street; continuing across the southerly end of Howe Street which is forty (40) feet in width; thence continuing by land belonging to S. L. Walsh with one hundred (100) feet frontage and by part of lot owned by Herbert M. Beal with frontage of eighty-nine and thirty-four hundredths (89.34) feet; thence extending easterly and northerly by a curve to the left eighteen and fifty-five hundredths (18.55) feet to a point of tangency and having a radius of fifteen (15) feet, by land belonging to the said Beal; thence extending northeasterly by a straight line two hundred nine and thirty-seven hundredths (209.37) feet to the southwesterly line of Hazel Street comprising a frontage of part lot forty-two and thirty-six hundredths (42.36) feet in length belonging to Herbert M. Beal and a frontage of two (2) lots, each with frontages of fifty-three and two hundredths (53.02) feet, besides a frontage of sixty and ninety-seven hundredths (60.97) feet belonging to John J. Membrino; thence turning and extending southeasterly on the southwesterly line of Hazel Street across the northerly end of Putnam Street, East; thence turning and extending southwesterly by a straight line two hundred fifteen (215) feet in length to a point of curvature by land belonging to Herbert M. Beal comprising four (4) separate lots, the first situated at the southeast corner of Hazel and Putnam Streets, having a frontage on Putnam Street of sixty-five (65) feet, the other three (3) lots each having a frontage of fifty (50) feet; thence extending southwesterly and westerly by a curve to the right sixty-seven and eighty-one hundredths (67.81) feet in length and having a radius of fifty-five and six hundredths (55.06) feet to a point of tangency, comprising two (2) lots with frontages thirty-three and ninety hundredths (33.90) feet and thirty-three and ninety-one hundredths (33.91) feet respectively, and belonging to Herbert M. Beal; thence

extending westerly by a straight line four hundred twenty-three and sixty-six hundredths (423.66) feet by land belonging to Herbert M. Beal comprising seven (7) lots each of fifty (50) feet frontage and one lot of seventy-three and sixty-six hundredths (73.66) feet frontage to the point of beginning.

The above description is intended to cover Putnam Street, East, which is forty (40) feet in width between parallel lines.

In conjunction with Article 4.

Voted: That the report of the Selectmen be and is hereby accepted, and that Putnam Street, East, be and is hereby accepted and allowed as and for a public highway, under the provisions of law providing for the assessment of betterments.

See action taken appropriating money in conjunction with Article 4.

Article 21. To hear the report of the Selectmen relative to the layout of Putnam Street, West, in the Fossland section, so-called, under the provisions of Chapter 344 of the Acts of 1917, providing for the assessment of betterments, and to see if the Town will vote to accept and allow said street as and for a public highway, provide the necessary sum of money to pay the cost of construction, or take any action relating thereto.

Report of the Selectmen on the Layout of Putnam Street, West, Proposed for Acceptance

After due notice and public hearing and view as required by the provisions of Chapter 344 of the General Acts of the year 1917, the Selectmen met on the 28th day of February, 1920, at 9.15 a. m., for the purpose of viewing the premises, and we, the Selectmen, do hereby adjudge that public convenience and necessity require that Putnam Street, West, be laid out as and for a public highway, in accordance with the following description and as shown on plan drawn by Wilbur F. Learned, Town Engineer, and dated February 4, 1920.

CHARLES M. ABBOTT,
CURTIS W. BIXBY,
WENDELL W. PATTEN,
Selectmen of Watertown.

In Board of Selectmen, Saturday morning, February 28, 1920.

Voted: That Putnam Street, West, be and is hereby laid out as and for a public highway, under the provisions of Chapter 344 of the General Acts of the year 1917, providing for the assessment of betterments, and according to the following description and plan on file in the office of the Town Clerk.

Description of Putnam Street, West, for Acceptance

Beginning at a point on the westerly line of School Street one hundred ninety-one and forty-three hundredths (191.43) feet northerly from the north line of Spruce Street; thence extending westerly by a straight line on the southerly line of Putnam Street, West, six hundred and seventy-nine and sixty-eight hundredths (679.68) feet to a stone bound marking a point of curvature, by land belonging to J. E. Mosher and having a frontage of fifty-one and fourteen hundredths (51.14) feet, and by land belonging to the Suburban Realty Corporation having a frontage of six hundred and twenty-eight and fifty-four hundredths (628.54) feet comprising twelve (12) lots of fifty (50) feet frontage and a part lot of twenty-eight and fifty-four hundredths (28.54) feet frontage to a stone bound marking a point of curvature; thence extending westerly and north-westerly by a curve to the right one hundred eighty-three and sixteen hundredths (183.16) feet in length and having a radius of one hundred eighty-three and seventy-six hundredths (183.76) feet by land belonging to the Suburban Realty Corporation comprising a part lot with twenty-one and forty-six hundredths (21.46) feet frontage and a lot having a frontage of forty-eight and fifty-four hundredths (48.54) feet, also by land belonging to M. W. Palmer on two (2) lots each of forty-eight and fifty-four hundredths (48.54) feet frontage, also by land belonging to M. W. Palmer et al. comprising a part of an adjoining lot having a frontage of sixteen and three hundredths (16.03) feet, to a point of tangency; thence extending north-westerly by a straight line one hundred thirty-three and ninety-two hundredths (133.92) feet, by land belonging to M. W. Palmer et al. comprising a part lot having a frontage of thirty-

three and ninety-two hundredths (33.92) feet, and two lots each having a frontage of fifty (50) feet to a stone bound marking a point of curvature; thence extending northerly and westerly by a curve eighty-seven and ninety-nine hundredths (87.99) feet in length and having a radius of one hundred seventy and thirty-two hundredths (170.32) feet to the southerly line of Boylston Street, by land belonging to the Suburban Realty Corporation and comprising one lot and part of an adjoining lot having frontages of fifty and eighteen hundredths (50.18) feet and thirty-seven and eighty-one hundredths (37.81) feet, respectively; thence turning and extending easterly on the southerly line of Boylston Street by a curve to the left one hundred sixty-six (166) feet in length and having a radius of two hundred ninety (290) feet to a point of curvature; thence turning and extending westerly and southerly by a curve to the left seventy-seven and eighty-four (77.84) hundredths feet in length to a point of tangency and having a radius of thirty seven and ninety-seven hundredths (37.97) feet by land belonging to M. W. Palmer et al.; thence extending southeasterly by a straight line seventy and sixty-five hundredths (70.65) feet in length to a point of curvature, by land belonging to M. W. Palmer et al.; thence extending southeasterly by a curve to the left one hundred twenty-seven and fifty hundredths (127.50) feet more or less to a point of tangency by land belonging to M. W. Palmer et al. comprising one lot and part of an adjoining lot of ninety-one and seventy-one hundredths, (91.71) feet, and thirty-five and seventy-nine hundredths (35.79) feet more or less, respectively; thence extending easterly by a straight line six hundred ninety-one and ten hundredths (691.10) feet more or less to the westerly line of School Street, comprising two hundred six (206) feet more or less at the extreme south-westerly end of Hosmer Street, one hundred six and sixteen hundredths (106.16) feet by land belonging to the Suburban Realty Corporation, eighty (80) feet also belonging to the said Realty Corporation. Besides land belonging to the said Realty Corporation consisting of four (4) lots each having a frontage of fifty (50) feet, with land belonging to Herbert M. Beal having a frontage of ninety-eight and ninety-four hundredths (98.94) feet; thence turning and extending southerly by the westerly

line of School Street forty and five hundredths (40.05) feet, to the point of beginning.

The above description is intended to cover Putnam Street, West, which is forty (40) feet between parallel lines from School Street to Boylston Street.

In conjunction with Article 4.

Voted: That the report of the Selectmen be and is hereby accepted, and that Putnam Street, West, be and is hereby accepted and allowed as and for a public highway, under the provisions of law providing for the assessment of betterments.

See action taken appropriating money in conjunction with Article 4.

Article 22. To hear the report of the Selectmen relative to the layout of Beechwood Avenue, under the provisions of Chapter 344 of the General Acts of the year 1917, providing for the assessment of betterments, and to see if the Town will vote to accept and allow said street as and for a public highway, provide the necessary sum of money to pay the cost of construction, or take any action relating thereto.

Report of the Selectmen on the Layout of Beechwood Avenue Proposed for Acceptance

After due notice and public hearing and view as required by the provisions of Chapter 344 of the General Acts of the year 1917, the Selectmen met on the 6th day of March, 1920, at 9.00 a. m., for the purpose of viewing the premises, and we, the Selectmen, do hereby adjudge that public convenience and necessity require that Beechwood Avenue be laid out as and for a public highway, in accordance with the following description, and as shown on plan drawn by Wilbur F. Learned, Town Engineer, and dated February 10, 1920.

CHARLES M. ABBOTT,
ERNEST K. INGALLS,
G. FREDERICK ROBINSON,
Selectmen of Watertown.

In Board of Selectmen, Saturday morning, March 6, 1920.

Voted: That Beechwood Avenue be and is hereby laid out as and for a public highway, under the provisions of Chapter 344

of the General Acts of the year 1917, providing for the assessment of betterments, and according to the following description and plan on file in the office of the Town Clerk.

Description of Beechwood Avenue for Acceptance

Beginning at a point on the southwesterly line of North Beacon Street one hundred thirteen and thirty-six hundredths (113.36) feet easterly from a stone bound marking a bend in the line of North Beacon Street; thence extending easterly and southerly by a curve to the right forty-nine and sixteen hundredths (49.16) feet in length and having a radius of thirty-nine and ninety hundredths (39.90) feet to a point of tangency by land belonging to the Perkins Institution and Massachusetts School for the Blind; thence extending southerly by a straight line nine hundred seventy-five and twenty-eight hundredths (975.28) feet to the northerly line of Charles River Road of the Metropolitan Park System, by land belonging to the said Perkins Institution with a frontage of eight hundred sixty-one and sixty-one hundredths (861.61) feet and by land belonging to the Commonwealth of Massachusetts having a frontage of one hundred thirteen and sixty-seven hundredths (113.67) feet; thence turning and extending easterly forty-six and seventeen hundredths (46.17) feet on the said northerly line of Charles River Road thereby crossing the southerly end of Beechwood Avenue; thence turning and extending northerly by a straight line nine hundred fifty-three and sixty-five hundredths (953.65) feet to a point of curvature by land belonging to Thomas E. and Philomene M. O'Connell comprising two (2) lots of land having frontages of one hundred seven and ninety-five hundredths (107.95) feet, and fifty (50) feet respectively, and continuing consecutively the ownership and frontages are as follows: William Bake, fifty (50) feet; Carolyn A. Larrabee, fifty (50) feet; Theodosia C. Hart, fifty (50) feet; Marianno do Rego Torres, fifty (50) feet; Thomas E. and Philomene M. O'Connell, forty-nine and twelve hundredths (49.12) feet; Carolyn L. Collins, one hundred twenty and thirty-three hundredths (120.33) feet; continuing across the westerly end of a private way forty (40) feet in width Patrick J. Vahey, one

hundred eight (108) feet; Mary S. Malloy, fifty (50) feet; Florence L. Erwin, fifty (50) feet; and Lavinia J. Methot, one hundred twenty-eight and twenty-five hundredths (128.25) feet; thence extending northerly and easterly by a curve to the right thirty-eight and twenty hundredths (38.20) feet in length and having a radius of twenty (20) feet to the southwest line of North Beacon Street, by land belonging to Lavinia J. Methot; thence turning and extending northwesterly on the said southwesterly line of North Beacon Street one hundred four and twenty-three hundredths (104.23) feet to the point of beginning.

The above description is intended to cover Beechwood Avenue which is forty-five (45) feet in width between parallel lines from North Beacon Street to Charles River Road.

In conjunction with Article 4.

Voted: That the report of the Selectmen be and is hereby accepted, and that Beechwood Avenue be and is hereby accepted and allowed as and for a public highway, under the provisions of law providing for the assessment of betterments.

See action taken appropriating money in conjunction with Article 4.

Article 23. To hear the report of the Selectmen relative to the layout of Hardy Avenue, under the provisions of Chapter 344 of the Acts of 1917, providing for the assessment of betterments, and to see if the Town will vote to accept and allow said street as and for a public highway, provide the necessary sum of money to pay the cost of construction, or take any action relating thereto.

Report of the Selectmen on the Layout of Hardy Avenue Proposed for Acceptance

After due notice and public hearing and view as required by the provisions of Chapter 344 of the General Acts of the year 1917, the Selectmen met on the 28th day of February, 1920, at 11.00 a. m., for the purpose of viewing the premises, and we, the Selectmen, do hereby adjudge that public convenience and necessity require that Hardy Avenue be laid out as and for a public highway, in accordance with the following description, and as

shown on plan drawn by Wilbur F. Learned, Town Engineer, and dated February 13, 1920.

CHARLES M. ABBOTT,
CURTIS W. BIXBY,
WENDELL W. PATTEN,
Selectmen of Watertown.

In Board of Selectmen, Saturday morning, February 28, 1920.

Voted: That Hardy Avenue be and is hereby laid out as and for a public highway, under the provisions of Chapter 344 of the General Acts of the year 1917, providing for the assessment of betterments, and according to the following description and plan on file in the office of the Town Clerk.

Description of Hardy Avenue for Acceptance

Beginning at a point on the southerly line of Belmont Street one hundred seventy-three and seventy-six hundredths (173.76) feet westerly and at right angle with the westerly line of Hall Avenue, which point is the beginning of a curve at the southeast corner of Hardy Avenue and Belmont Street; thence extending westerly and southerly by a curve to the left, eleven and eighty-five hundredths (11.85) feet in length and having a radius of ten (10) feet to a point of tangency on the easterly line of Hardy Avenue, by land belonging to Evelyn P. Colgate; thence extending southerly by a straight line six hundred seventeen and forty-two hundredths (617.42) feet in length to the premises belonging to Richard S., George, and John S. Lovell, and by land belonging to Evelyn P. Colgate, C. J. Hammond, Caroline Bishop, Leonard S. Elms, two lots, Alice M. Orr et al., M. McQueen, James P. Kelley, two lots, to the boundary line of the said Lovells' premises; thence turning and extending northwesterly on the said division line forty-three and forty-four hundredths (43.44) feet to the westerly line of Hardy Avenue; thence turning and extending northerly by a straight line five hundred seventy-nine and forty-eight hundredths (579.48) feet in length to a point of curvature at the

northwest corner of Belmont Street and Hardy Avenue, by land belonging to H. E. Cheeseman, Caroline Soulas, Frank A. Gilbert, Elizabeth Dearborn, William McChlerie, Carrie A. McDonald, Amelia S. McKinnon, John J. Guerin and Frank R. Chaplin, two lots to the said point of curvature; thence northerly and westerly by a curve to the left nineteen and twenty-six hundredths (19.26) feet in length to the southerly line of Belmont Street, and by land belonging to the said Chaplin; thence turning and extending easterly on the south line of Belmont Street, sixty-four and seventy-three hundredths (64.73) feet in length to the point of beginning.

The above description is intended to cover a street called Hardy Avenue, forty feet in width from Belmont Street to the boundary line of the Lovell Brothers' premises.

In conjunction with Article 4.

Voted: That the report of the Selectmen be and is hereby accepted, and that Hardy Avenue be and is hereby accepted and allowed as and for a public highway, under the provisions of law providing for the assessment of betterments.

See action taken appropriating money in conjunction with Article 4.

Article 24. To hear the report of the Selectmen relative to the layout of a portion of Hillside Road, under the provisions of Chapter 344 of the Acts of 1917, providing for the assessment of betterments, and to see if the Town will vote to accept and allow said street as and for a public highway, provide the necessary sum of money to pay the cost of construction, or take any action relating thereto.

Report of the Selectmen on the Layout of a Portion of Hillside Road Proposed for Acceptance

After due notice and public hearing and view as required by the provisions of Chapter 344 of the General Acts of the year 1917, the Selectmen met on the 28th day of February, 1920, at 10.15 A. M., for the purpose of viewing the premises, and, we, the Selectmen, do hereby adjudge that public convenience and necessity require that Hillside Road be laid out as and for a public highway, in accordance with the following description,

and as shown on plan drawn by Wilbur F. Learned, Town Engineer, and dated February 14, 1920.

CHARLES M. ABBOTT,
CURTIS W. BIXBY,
WENDELL W. PATTEN,
Selectmen of Watertown.

In Board of Selectmen, Saturday morning, February 28, 1920.

Voted: That Hillside Road be and is hereby laid out as and for a public highway, under the provisions of Chapter 344 of the General Acts of the year 1917, providing for the assessment of betterments, and according to the following description and plan on file in the office of the Town Clerk.

**Description of Hillside Road from Belmont Street to
Maplewood Street for Acceptance**

Beginning at a point on the south line of Belmont Street one hundred seventy-one and four hundredths (171.04) feet easterly from the easterly line of Langdon Avenue; thence extending easterly on the south line of Belmont Street, forty and twenty-six hundredths (40.26) feet in length to the east line of Hillside Road; thence turning and extending southerly by a straight line being the east line of Hillside Road, one thousand ten and ninety hundredths (1010.90) feet to a point of curvature, by land belonging to the Parvin Harbaugh Park Trust (Leonard C. Wason and L. C. Hartford, Trustees), Frances Guidrey, Bartholomew J. and Bridget S. Wallace, Laura E. Crowell, John A. Carlson, Casper M. and Lela H. Whittemore, Parvin Harbaugh Park Trust and J. Adelaide Coolidge et al. to the said point of curvature; thence southerly by a curve to the right one hundred twenty (120) feet in length and having a radius of four hundred eighty-six and eighty-three hundredths (486.83) feet, by land belonging to the said Park Trust, to the northerly line of Maplewood Street; thence turning and extending westerly on the said north line of Maplewood Street, forty (40) feet to the west line of Hillside Road; thence turning and extending northerly by a curve to the left one hundred thirteen

and sixty hundredths (113.60) feet in length to a point of tangency, and having a radius of four hundred forty-six and eighty-three hundredths (446.83) feet, by land belonging to the Winsor Club; thence extending northerly by a straight line being the westerly line of Hillside Road one thousand eleven and ten hundredths (1011.10) feet in length to the point of beginning, by land owned by the Winsor Club, F. E. Toban, Gertrude A. Derby, Edward H. Sherlock and wife, Walter G. Scott and wife, Bror J. Anderson, Sofi Swensen, Anna M. Kallander, Margaret G. Grace, Hannah E. Barker, Mabel M. Hill, Carroll G. Monaghan and wife, George K. Howe, Catherine M. Scannell, Sarah L. Barber, Olga Hedlund, Luther Blakie, three (3) lots, and Patrick J. Joyce to the south line of Belmont Street.

The above description is intended to cover an unaccepted part of Hillside Road forty (40) feet in width.

In conjunction with Article 4.

Voted: That the report of the Selectmen be and is hereby accepted, and that Hillside Road be and is hereby accepted and allowed as and for a public highway, under the provisions of law providing for the assessment of betterments.

See action taken appropriating money in conjunction with Article 4.

Article 25. To hear the report of the Selectmen relative to the layout of Maplewood Street, from School Street to Arlington Street, under the provisions of Chapter 344 of the Acts of 1917, providing for the assessment of betterments, and to see if the Town will vote to accept and allow said street as and for a public highway, provide the necessary sum of money to pay the cost of construction, or take any action relating thereto.

Report of the Selectmen on the Layout of Maplewood Street Proposed for Acceptance

After due notice and public hearing and view as required by the provisions of Chapter 344 of the General Acts of the year 1917, the Selectmen met on the twenty-eighth day of February, 1920, at 10.15 a. m., for the purpose of viewing the premises, and we, the Selectmen, do hereby adjudge that public convenience and necessity require that Maplewood Street be laid

out as and for a public highway, in accordance with the following description, and as shown on plan drawn by Wilbur F. Learned, Town Engineer, and dated February 19, 1920.

CHARLES M. ABBOTT,
CURTIS W. BIXBY,
WENDELL W. PATTEN,
Selectmen of Watertown.

In Board of Selectmen, Saturday morning, February 28, 1920.

Voted: That Maplewood Street be and is hereby laid out as and for a public highway, under the provisions of Chapter 344 of the General Acts of the year 1917, providing for the assessment of betterments, and according to the following description and plan on file in the office of the Town Clerk.

Description of Maplewood Street from Arlington Street to School Street for Acceptance

Beginning at a point on the southwesterly line of Arlington Street four hundred forty-two and fourteen hundredths (442.14) feet from the intersection of the said westerly line of Arlington Street and the northerly line of Mt. Auburn Street; thence extending southwesterly by a straight line four hundred sixty-three and five hundredths (463.05) feet to a point of curvature, and bounded by land belonging to Parvin Harbaugh Park Trust, Leonard C. Wason and L. C. Hartford, Trustees; thence extending westerly and northwesterly by a curve to the right three hundred eighty-one and sixty-six hundredths (381.66) feet in length and having a radius of two hundred sixty-six and thirty-six hundredths (266.36) feet to a point of reverse curvature, and bounded by land belonging to the said Park Trust; thence extending northwesterly and westerly by a curve to the left three hundred twenty-one and eleven hundredths (321.11) feet in length, and having a radius of three hundred ninety-five and fifty-three hundredths (395.53) feet, to the easterly line of Hillside Road, and bounded by land belonging to the said Park Trust, by Summit Road, and land of Willis E. Hutchinson, and land of Oscar E. Anderson; thence extend-

ing westerly by a straight line six hundred eighty-seven and eighty hundredths (687.80) feet to the easterly line of School Street. The said line extends across Hillside Road and is bounded by land belonging to Walter H. Gleason and land belonging to William L. Henry to a stone bound; continuing across Langdon Avenue, and bounded by land of Grace L. Jones, Philip Sparks and wife, and Hattie B. Hallowell to a stone bound, continuing across Winsor Avenue and bounded by land of George G. Bass, and land of William W. Duncan, to a stone bound on the easterly line of School Street; thence turning and extending northerly on the easterly line of School Street fifty and fifteen hundredths (50.15) feet to a stone bound marking the northerly line of Maplewood Street; thence turning and extending easterly by a straight line six hundred eighty-two and ninety hundredths (682.90) feet in length to the easterly line of Hillside Road, which point is a point of curvature; bounded by land belonging to Alice C. Hill, Jeanette W. Hatch, continuing across Winsor Avenue, and bounded by land of Maria Waterman, two lots, Thomas J. Mulvihill and wife, continuing across Langdon Avenue, and bounded by land belonging to the Winsor Club, and continuing across Hillside Road to a point of curvature; thence extending easterly and southeasterly by a curve to the right three hundred sixty-one and seventy hundredths (361.70) feet in length and having a radius of four hundred forty-five and fifty-three hundredths (445.53) feet, to a point of reverse curvature, and bounded by land belonging to the said Park Trust; thence extending southeasterly and northeasterly by a curve to the left three hundred ten and two hundredths (310.02) feet in length and having a radius of two hundred sixteen and thirty-six hundredths (216.36) feet to a point of tangency, by land belonging to the said Park Trust; thence extending northeasterly by a straight line four hundred sixty-six and ninety-five hundredths (466.95) feet to the westerly line of Arlington Street, by land belonging to the said Park Trust; thence turning and extending southerly on the said westerly line of Arlington Street fifty and thirty hundredths (50.30) feet to the point of beginning.

In conjunction with Article 4.

Voted: That the report of the Selectmen be and is hereby

accepted, and that Maplewood Street be and is hereby accepted and allowed as and for a public highway, under the provisions of law providing for the assessment of betterments.

Article 26. To hear the report of the Selectmen relative to the layout of Stuart Street from Main Street to Highland Avenue, under the provisions of Chapter 344 of the Acts of 1917, providing for the assessment of betterments, and to see if the Town will vote to accept and allow said street as and for a public highway, provide the necessary sum of money to pay the cost of construction, or take any action relating thereto.

Report of the Selectmen on the Layout of Stuart Street Proposed for Acceptance

After due notice and public hearing and view as required by the provisions of Chapter 344 of the General Acts of the year 1917, the Selectmen met on the 28th day of February, 1920, at 11.15 A. M., for the purpose of viewing the premises, and we, the Selectmen, do hereby adjudge that public convenience and necessity require that Stuart Street be laid out as and for a public highway, in accordance with the following description, and as shown on plan drawn by Wilbur F. Learned, Town Engineer, and dated February 14, 1920.

CHARLES M. ABBOTT,
CURTIS W. BIXBY,
WENDELL W. PATTEN,
Selectmen of Watertown.

In Board of Selectmen, Saturday morning, February 28, 1920.

Voted: That Stuart Street be and is hereby laid out as and for a public highway, under the provisions of Chapter 344 of the General Acts of the year 1917, providing for the assessment of betterments, and according to the following description and plan on file in the office of the Town Clerk.

Description of Stuart Street for Acceptance

Beginning at a point on the northerly line of Main Street as established by the County Commissioners, thirty-three and sixty-nine hundredths (33.69) feet westerly from a stone bound

marking a point of curvature on the said northerly line of Main Street; thence extending northeasterly by a straight line eight hundred seventy-seven and forty-six hundredths (877.46) feet in length being the northwesterly line of Stuart Street to the southwesterly line of Highland Avenue by land belonging to Walter H. Gleason, Trustee of A. Hetherstone Estate, comprising seven (7) lots of land, H. G. and E. L. Ellis, one lot, Walter H. Gleason, Trustee, one lot, Leonard Ankers, one lot, and Walter H. Gleason, two lots, to Highland Avenue; thence turning and extending southeasterly on the said southwesterly line of Highland Avenue, forty and five hundredths (40.05) feet to the southeasterly line of Stuart Street; thence turning and extending southwesterly by a straight line eight hundred sixty-eight and ninety-six hundredths (868.96) feet in length to the said northerly line of Main Street by land belonging to Walter H. Gleason, Trustee, two (2) lots, Mabel W. Gleason, Alice and Albert Henderson, William and Bessie Wells, Harry Mackey, two (2) lots, Newman and Jeannette Sparks two (2) lots, Walter H. Gleason, Trustee, Alexander Ford and wife, James and Margaret Hoey, and Walter H. Gleason, Trustee, to Main Street; thence turning and extending westerly on the northerly line of Main Street forty-one and thirty-six hundredths (41.36) feet to the point of beginning.

The above description is intended to cover Stuart Street forty (40) feet in width from Main Street to Highland Avenue.

In conjunction with Article 4.

Voted: That the report of the Selectmen be and is hereby accepted, and that Stuart Street be and is hereby accepted and allowed as and for a public highway, under the provisions of law providing for the assessment of betterments.

See action taken appropriating money in conjunction with Article 4.

Article 27. To hear the report of the Selectmen relative to the layout of Summit Road under the provisions of Chapter 344 of the Acts of 1917, providing for the assessment of betterments, and to see if the Town will vote to accept and allow said street as and for a public highway, provide the necessary sum of money to pay the cost of construction, or take any action relating thereto.

Report of the Selectmen on the Layout of Summit Road Proposed for Acceptance

After due notice and public hearing and view as required by the provisions of Chapter 344 of the General Acts of the year 1917, the Selectmen met on the 28th day of February, 1920, at 10.15 A. M., for the purpose of viewing the premises, and we, the Selectmen, do hereby adjudge that public convenience and necessity require that Summit Road be laid out as and for a public highway, in accordance with the following description and as shown on plan drawn by Wilbur F. Learned, Town Engineer, and dated February 18, 1920.

CHARLES M. ABBOTT,
CURTIS W. BIXBY,
WENDELL W. PATTEN,
Selectmen of Watertown.

In Board of Selectmen, Saturday morning, February 28, 1920.

Voted: That Summit Road be and is hereby laid out as and for a public highway, under the provisions of Chapter 344 of the General Acts of the year 1917, providing for the assessment of betterments, and according to the following description and plan on file in the office of the Town Clerk.

Description of Summit Road for Acceptance

Beginning at a point on the northerly line of Rangeley Road one hundred seventy-one and fifty-seven hundredths (171.57) feet easterly from the easterly line of Hillside Road; thence extending northerly by a straight line two hundred sixty-five and seven hundredths (265.07) feet in length to the southerly line of Maplewood Street, by land belonging to Willis E. Hutchinson, Frederick D. Wellington and wife, M. W. Palmer, Annie M. Fisher and Gertrude M. Ackerman; thence turning and extending forty-six (46) feet more or less on the said southerly line of Maplewood Street to the easterly line of Summit Road; thence extending southerly by a straight line two hundred forty-six (246) feet more or less to the northerly line of

Rangeley Road, by land belonging to the Parvin Harbaugh Park Trust, J. C. M. Coleman, and the said Park Trust; thence extending westerly on the northerly line of Rangeley Road forty and thirty-four hundredths (40.34) feet to the point of beginning.

In conjunction with Article 4.

Voted: That the report of the Selectmen be and is hereby accepted, and that Summit Road be and is hereby accepted and allowed as and for a public highway, under the provisions of law providing for the assessment of betterments.

See action taken appropriating money in conjunction with Article 4.

Article 28. To hear the report of the Selectmen relative to the layout of Crawford Street under the provisions of Chapter 344 of the Acts of 1917, providing for the assessment of betterments, and to see if the Town will vote to accept and allow said street as and for a public highway, provide the necessary sum of money to pay the cost of construction, or take any action relating thereto.

Report of the Selectmen on the Layout of Crawford Street Proposed for Acceptance

After due notice and public hearing and view as required by the provisions of Chapter 344 of the General Acts of the year 1917, the Selectmen met on the 28th day of February, 1920, at 10.00 A.M., for the purpose of viewing the premises, and we, the Selectmen, do hereby adjudge that public convenience and necessity require that Crawford Street be laid out as and for a public highway, in accordance with the following description and as shown on plan drawn by Wilbur F. Learned, Town Engineer, and dated February 14, 1920.

CHARLES M. ABBOTT,
CURTIS W. BIXBY,
WENDELL W. PATTEN,
Selectmen of Watertown.

In Board of Selectmen, Saturday morning, February 28;
1920.

Voted: That Crawford Street be and is hereby laid out as

and for a public highway, under the provisions of Chapter 344 of the General Acts of the year 1917, providing for the assessment of betterments, and according to the following description and plan on file in the office of the Town Clerk.

Description of Crawford Street for Acceptance

Beginning at the intersection of the easterly line of Arlington Street and the southeasterly line of the location of Watertown Branch of the Fitchburg Division of the Boston and Maine Railroad; thence extending northeasterly by the said southeasterly location line of the said Boston and Maine Railroad two hundred and seventy-six hundredths (200.76) feet, to the northerly line of Crawford Street; thence extending easterly by a straight line four hundred thirty-nine (439.00) feet to a division line of land belonging to Herbert Coolidge et al., by land belonging to Alfred M. Davenport, Peppina Fusco D'Onofrio, Harry A. Crawford, two lots, East Watertown Realty Company, and Vartan Der Arakelian; thence turning and extending southerly on said division line forty and eleven hundredths (40.11) feet to the southerly line of Crawford Street; thence turning and extending westerly by a straight line four hundred sixteen and fifteen hundredths (416.15) feet to a point marking the southeasterly line of Crawford Street, by land belonging to the East Watertown Realty Company, Linnie Greene, four lots, William N. Ambler, and part lot belonging to the East Watertown Realty Company, thence turning and extending southwestly by a straight line two hundred forty and forty hundredths (240.40) feet to the easterly line of Arlington Street; by land belonging to the said Realty Company, two lots, and by land belonging to Elizabeth Aprahamian and Sarkis Mugrdichian; thence turning and extending northerly on the said easterly line of Arlington Street seventy-six and eventy hundredths (76.70) feet to the point of beginning.

The above description covers Crawford Street forty (40) feet in width from Arlington Street to private property.

In conjunction with Article 4.

Voted: That the report of the Selectmen be and is hereby accepted, and that Crawford Street be and is hereby accepted

and allowed as and for a public highway, under the provisions of law providing for the assessment of betterments.

See action taken appropriating money in conjunction with Article 4.

In conjunction with Article 4.

Unanimously voted: That for the purpose of paying the cost of construction of streets and highways, as appropriated under Articles 16, 17, 18, 19, 20, 21, 22, 23, 24, 25, 26, 27 and 28, the sum of forty-four thousand dollars (\$44,000) be borrowed, and the Town Treasurer be and he is hereby authorized to borrow, under the direction of the Selectmen, the said sum of forty-four thousand dollars (\$44,000), and to issue the bonds or notes of the Town therefor, at such rate of interest as he, with the approval of the Selectmen, shall determine, payable in accordance with the provisions of Section 14 of Chapter 719 of the Acts of the year 1913, so that the whole loan shall be paid in not more than ten (10) years, or at such earlier dates as the Treasurer and the Selectmen may determine. Said bonds or notes shall bear the authenticating certificate of a bank or Trust Company to be selected by the Treasurer, or of the Commonwealth of Massachusetts, and interest and principal shall be due and payable at the Fourth-Atlantic National Bank of Boston, Mass.

Article 29. To see if the Town will vote to appropriate the necessary sum of money to pay the cost of reconstruction of Pleasant Street, direct how the same shall be raised, or take any action relating thereto.

In conjunction with Article 4.

Voted: That the sum of \$35,839 be appropriated for the reconstruction of Pleasant Street, and that thirty-five thousand dollars (\$35,000) of this sum be borrowed, and the balance of \$839 be assessed upon the current tax levy.

See vote to borrow, in conjunction with Article 30.

Article 30. To see if the Town will vote to appropriate the necessary sum of money to pay the cost of reconstruction of School Street, direct how the same shall be raised, or take any action relating thereto.

In conjunction with Article 4.

Voted: That the sum of twenty thousand dollars (\$20,000)

be appropriated for the reconstruction of School Street, and that this sum be borrowed.

159 in favor, 6 opposed.

Voted: That for the purpose of paying the cost of reconstruction and surfacing of Pleasant Street, and School Street, with macadam pavement, under specifications approved by the Massachusetts Highway Commission, the Town Treasurer be, and he is hereby authorized to borrow, under the direction of the Selectmen, the sum of fifty-five thousand dollars (\$55,000), and to issue the bonds or notes of the Town therefor, at such rate of interest as he, with the approval of the Selectmen, shall determine; payable in accordance with the provisions of Section 14 of Chapter 719 of the year 1913, so that the whole loan shall be paid in not more than five (5) years, or at such earlier dates as the Treasurer and Selectmen may determine. Said bonds or notes shall bear the authenticating certificate of a bank or Trust Company to be selected by the Treasurer or of the Commonwealth of Massachusetts, and interest and principal shall be due and payable at the Fourth-Atlantic National Bank of Boston, Mass.

Article 31. To see if the Town will vote to increase the number of Selectmen from three to five members, to be elected as follows: one for one year, two for two years and two for three years, and at each annual meeting thereafter, it shall elect one, two or three for a term of three years, as the terms of office of one, two or three expire.

Voted: That this matter be indefinitely postponed.

Article 32. To see if the Town will, at the next annual meeting, elect the members of the Board of Selectmen as follows: One for three years, one for two years, and one for one year, and thereafter, one member annually for three years, or take any action relating thereto.

Voted: That this matter be indefinitely postponed.

Article 33. To see if the Town will vote to pension Martin J. Burke, an employee of the Highway Department, on account of injuries received while in the employ of the Town, under the provisions of Chapter 503, Acts of 1912, and appropriate money in settlement of any claim of said Martin J. Burke, direct how

the necessary money shall be provided, or take any action relating thereto.

Voted: That for the purpose of settlement of the claim of Martin J. Burke, against the Town, the sum of four hundred and fifty dollars (\$450) be and is hereby appropriated, and that said Martin J. Burke be and is hereby retired from service on a pension, as provided by Chapter 503 of the Acts of 1912 and Acts in amendment thereof.

WILLIAM P. McGUIRE, *Town Clerk.*

Warrant for Presidential Primary, April 27, 1920

Commonwealth of Massachusetts.

Middlesex, ss.

To any Constable of the Town of Watertown, Greeting:

In the name of the Commonwealth of Massachusetts you are hereby required to notify and warn the legal voters of the Town of Watertown, who are qualified to vote in primaries, to meet in their respective voting places in said Town (Precincts 1 and 2, East End Fire Station, Mt. Auburn Street; Precincts 3, 4, 5, and 6, Town Hall, Watertown) on the twenty-seventh day of April, 1920, at 4.00 p.m. for the following purposes:

To bring in their votes to the Primary Officers for the Election of Candidates of Political Parties for the following offices:

Four Delegates at Large to the National Convention of the Republican Party.

Four Alternate Delegates at Large to the National Convention of the Republican Party.

Four Delegates at Large to the National Convention of the Democratic Party.

Four Alternate Delegates at Large to the National Convention of the Democratic Party.

Two District Delegates to the National Convention of the Republican Party, 8th Congressional District.

Two Alternate District Delegates to the National Convention of the Republican Party, 8th Congressional District.

Two District Delegates to the National Convention of the Democratic Party, 8th Congressional District.

Two Alternate District Delegates to the National Convention of the Democratic Party, 8th Congressional District.

All the above candidates and officers are to be voted for upon one ballot.

The polls will be open from 4.00 to 8.00 p. m.

And you will notify and warn the legal voters of Watertown to meet at the time and at the places herein specified, by leaving at every inhabited house in Town a printed copy of this warrant, and also by posting copies of the same in ten or more conspicuous public places in Town seven days at least prior to the time of said meeting.

Hereof fail not, and make return of this warrant, with your doings thereon, into the office of the Town Clerk, on or before the time of said meeting.

Given under our hands this thirteenth day of April, A. D. 1920.

CHARLES M. ABBOTT,
ERNEST K. INGALLS,
G. FREDERICK ROBINSON,
Selectmen of Watertown.

Officer's Return on Warrant

As required by the foregoing warrant, I have notified and warned the legal voters of the Town of Watertown to meet at the time and at the places therein specified, by leaving at every inhabited house in Town a printed copy of this warrant, and also by posting copies of the same in ten or more conspicuous public places in Town, seven days at least prior to the time of said meeting.

THOMAS F. LYONS, *Constable of Watertown.*

Attest: WILLIAM P. McGUIRE, *Town Clerk.*

WILLIAM P. McGUIRE, *Town Clerk.*

Warrant for Town Meeting, May 14, 1920

Commonwealth of Massachusetts.

Middlesex, ss.

*To any Constable of the Town of Watertown,**Greeting:*

In the name of the Commonwealth of Massachusetts, you are hereby required to notify and warn the legal voters of the Town of Watertown, to meet in the Town Hall, in said Town, on Friday, the fourteenth day of May, 1920, at 7.30 P.M., to act on the following articles, viz.:

Article 1. To hear the report of any committee heretofore appointed, or take any action relating thereto.

Article 2. To see if the Town will appropriate the sum of money necessary to complete the construction of Hosmer Street and Hillside Road, betterment streets authorized during the year 1919, direct how the money shall be provided, or take any action relating thereto.

Article 3. To see if the Town will vote to construct a building or buildings on its public playground called "Town Field" and provide the necessary equipment of the same, to be used to promote recreation, play, sport and physical education; appropriate the sum of money necessary to pay the cost of the same; provide how the money shall be raised, direct how it shall be expended, or take any action relating thereto.

Article 4. To see if the Town will authorize the Selectmen to petition the County Commissioners to relocate the lines of Pleasant Street, or take any action relating thereto.

Article 5. To see if the Town will authorize the Selectmen to appoint four patrolmen, in accordance with the provisions of Chapter 202 of the Acts of 1912, or take any action relating thereto.

Article 6. To see if the Town will take, acquire by purchase, or otherwise acquire, a parcel of land in the western part of the Town, for the purpose of erecting thereon, a building for a public school, appropriate the necessary money therefor, direct how the same shall be raised, or take any action relating thereto.

Article 7. To see if the Town will authorize the committee on school in the western part of the Town, to procure plans for the construction of a schoolhouse to be located in the western

part of the Town; appropriate the sum of money necessary to pay the cost of the same, direct how the money shall be provided, or take any action relating thereto.

And you will notify and warn the legal voters of Watertown to meet at the time and at the place herein specified, by leaving at every inhabited house in Town a printed copy of this warrant, and also by posting copies of the same in ten or more conspicuous public places in Town, seven days, at least, prior to the time of said meeting.

Hereof fail not, and make return of this warrant, with your doings thereon, into the office of the Town Clerk, on or before the time of said meeting.

Given under our hands this thirtieth day of April, A.D. 1920.

ERNEST K. INGALLS,
G. FREDERICK ROBINSON,
Selectmen of Watertown.

Officer's Return on Warrant

As required by the foregoing warrant, I have notified and warned the legal voters of the Town of Watertown to meet at the time and at the place herein specified by leaving at every inhabited house in Town a printed copy of this warrant, and also by posting copies of the same in ten or more conspicuous public places in Town, seven days at least prior to the time of said meeting.

THOMAS F. LYONS, *Constable of Watertown.*

Attest: WILLIAM P. McGUIRE *Town Clerk.*

Town Meeting, Friday Evening, May 14, 1920

Notice was sent to all Town Meeting members at least seven days prior to the Town Meeting of the proposed business to be considered at the meeting.

Number of Town Meeting members necessary for a quorum: 121. William M. Emerson and T. Roswell Patten were appointed to take charge of the check lists and they reported that there were 132 Town Meeting members present.

Meeting called to order at 7.30 P.M. by Moderator Joseph P. Keefe. Warrant and officer's return of same were read by Town Clerk, William P. McGuire.

Article 1. To hear the report of any committee heretofore appointed, or take any action relating thereto.

No reports of any committee presented at this time.

Article 2. To see if the Town will appropriate the sum of money necessary to complete the construction of Hosmer Street and Hillside Road, betterment streets authorized during the year 1919, direct how the money shall be provided, or take any action relating thereto

With the approval of the Finance Committee it was

Voted: That the sum of five hundred dollars (\$500) be and is hereby appropriated for the purpose of paying the cost of completion of the construction of Hosmer Street and Hillside Road, and that for the purpose of providing the money therefor, five hundred dollars (\$500) of the unexpended balance heretofore appropriated for the construction of Purvis Street be and is hereby transferred to the joint account of Hosmer Street and Hillside Road, to be used in such proportions as may be required for the purposes.

**Article 3.* To see if the Town will vote to construct a building or buildings on its public playground called "Town Field" and provide the necessary equipment of the same, to be used to promote recreation, play, sport and physical education; appropriate the sum of money necessary to pay the cost of the same; provide how the money shall be raised, direct how it shall be expended, or take any action relating thereto.

Unanimously voted: That for the purpose of paying the cost of construction of a building, including the equipment and furnishings, to be located on the public playground called "Town Field," to be used to promote recreation, play, sport and physical education, the sum of thirty thousand dollars (\$30,000) be, and is hereby appropriated, to be expended under the Athletic Field Committee; and for the purpose of providing the money hereby appropriated the Town Treasurer be and he is hereby authorized to borrow, under the direction of the Selectmen, the sum of thirty thousand dollars (\$30,000), and to issue the bonds or notes of the Town therefor, at such rate of

interest as he, with the approval of the Selectmen, shall determine, payable in accordance with the provisions of Section 14 of Chapter 719 of the year 1913, so that the whole loan shall be paid in not more than twenty (20) years, or at such earlier dates as the Treasurer and Selectmen may determine. Said bonds or notes shall bear the authenticating certificate of a bank or Trust Company to be selected by the Treasurer, or of the Commonwealth of Massachusetts, and interest and principal shall be due and payable at the Fourth-Atlantic National Bank of Boston, Mass.

Article 4. To see if the Town will authorize the Selectmen to petition the County Commissioners to relocate the lines of Pleasant Street, or take any action relating thereto.

Voted: That the Selectmen be authorized to take such action against owners of land abutting on Pleasant Street as will prevent encroachments on said street and compel the removal of all fences, buildings or other structures as are now standing within the lines of said street, as heretofore established by the County Commissioners of Middlesex County, as shown by the records of said commissioners and of the Town.

Article 5. To see if the Town will authorize the Selectmen to appoint four patrolmen, in accordance with the provisions of Chapter 202 of the Acts of 1912, or take any action relating thereto.

Voted: That the Selectmen be authorized to appoint four additional patrolmen, as provided by Chapter 202 of the Acts of 1912.

Article 6. To see if the Town will take, acquire by purchase, or otherwise acquire, a parcel of land in the western part of the Town, for the purpose of erecting thereon a building for a public school, appropriate the necessary money therefor, direct how the same shall be raised, or take any action relating thereto.

83 in favor, 28 opposed.

Voted: That the committee on schoolhouse in the western part of the Town be and it is hereby authorized to acquire by purchase, such portion as it can, from the owners thereof, for the purpose of the erection thereon of a building for a public school, of a certain parcel of land situated in the western part

of the Town, and bounded and described as follows: westerly by Westminster Avenue, southerly by Bemis Street, easterly by Waverley Avenue, northerly by land of the Town of Watertown, easterly again by land of the Town of Watertown, southerly again by land of the Town of Watertown, and northerly again by land of owners unknown, being an irregular parcel of land, containing 93,857 square feet, more or less, and shown on a plan entitled "Plan of Marshall Spring School and Vicinity," dated "March 27, 1920," drawn by "F. J. Maynard, Town Engineer," to which plan reference is hereby made for a more particular description.

That for the purpose of paying the cost of said land, the sum of twelve thousand dollars (\$12,000) be and is hereby appropriated, to be expended for the purchase of said land under the direction of the committee on schoolhouse in the western part of the Town, and for the purpose of providing the money hereby appropriated, the Town Treasurer be, and he is hereby authorized to borrow under the direction of the Selectmen, the sum of twelve thousand dollars (\$12,000) and to issue the bonds or notes of the Town therefor, at such rate of interest as he, with the approval of the Selectmen, shall determine, payable in accordance with the provisions of Section 14 of Chapter 719 of the year 1913, so that the whole loan shall be paid in not more than twenty (20) years, or at such earlier dates as the Treasurer and Selectmen may determine. Said bonds or notes shall bear the authenticating certificate of a bank or Trust Company to be selected by the Treasurer, or of the Commonwealth of Massachusetts, and interest and principal shall be due and payable at the Fourth-Atlantic National Bank of Boston, Mass.

Article 7. To see if the Town will authorize the committee on school in the western part of the Town, to procure plans for the construction of a schoolhouse to be located in the western part of the Town; appropriate the sum of money necessary to pay the cost of the same, direct how the money shall be provided, or take any action relating thereto.

Unanimously voted: That the sum of five thousand dollars (\$5,000) be and is hereby appropriated for procuring plans for a sixteen-room Junior High School building, and an assembly

hall to seat not less than five hundred (500) persons, to be erected in the western part of the Town and to be expended under the direction of the committee on schoolhouse in the western part of the Town, and that this sum be assessed on the estates in the general tax levy for the current year.

Athletic Field

Action taken under Article 3 of warrant for Town Meeting of May 14, which is a duplication of action taken at the Annual Town Meeting, under Article 14, was necessary on account of the fact that the Old Colony Trust Company would not approve the vote in the form passed at the Annual Town Meeting, as the same, in their opinion, did not conform to the statute providing for the borrowing of money for the purposes stated in the vote passed under Article 14 at the Annual Town Meeting.

WILLIAM P. MCGUIRE, *Town Clerk.*

Warrant for Town Meeting, June 15, 1920

Commonwealth of Massachusetts.

Middlesex, ss.

*To any Constable of the Town of Watertown,
Greeting:*

In the name of the Commonwealth of Massachusetts, you are hereby required to notify and warn the legal voters of the Town of Watertown, to meet in the Town Hall, in said Town, on Tuesday, the fifteenth day of June, 1920, at 7.30 P.M., to act on the following articles, viz.:

Article 1. To hear the report of any committee heretofore appointed, or take any action relating thereto.

Article 2. To see if the Town will authorize or instruct the Selectmen to execute and deliver in the name and behalf of the inhabitants of Watertown, an agreement with the Boston and Maine Railroad Company or Fitchburg Railroad Company, in respect to certain acts incident to the relocation of Artlington

Street, between Mt. Auburn Street and Elm Street, for which petitions are pending before the County Commissioners of Middlesex County, and take any other action relating thereto.

And you will notify and warn the legal voters of Watertown to meet at the time and at the place herein specified, by leaving at every inhabited house in Town a printed copy of this warrant, and also by posting copies of the same in ten or more conspicuous public places in Town, seven days at least prior to the time of said meeting.

Hereof fail not, and make return of this warrant, with your doings thereon, into the office of the Town Clerk, on or before the time of said meeting.

Given under our hands this fourth day of June, A. D. 1920.

CHARLES M. ABBOTT,
ERNEST K. INGALLS,
G. FREDERICK ROBINSON,
Selectmen of Watertown.

Officer's Return on Warrant

As required by the foregoing warrant, I have notified and warned the legal voters of the Town of Watertown to meet at the time and place herein specified, by leaving at every inhabited house in Town a printed copy of this warrant, and also by posting copies of the same in ten or more conspicuous public places in Town, seven days at least prior to the time of said meeting.

THOMAS F. LYONS, *Constable of Watertown.*

Attest: WILLIAM P. McGUIRE, *Town Clerk.*

Record of Town Meeting, Tuesday Evening, June 15, 1920

Notice was sent to all Town Meeting members at least seven days prior to the Town Meeting of the proposed business to be considered at the meeting.

Number of Town Meeting members necessary for a quorum: 121. William M. Emerson and T. Roswell Patten were appointed to take charge of the check lists, and they reported that there were 135 Town Meeting members present.

Meeting called to order at 7.30 P.M., by Moderator Joseph P. Keefe. Warrant and officer's return of same were read by Town Clerk, William P. McGuire.

Article 1. To hear the report of any committee heretofore appointed, or take any action relating thereto.

Report of committee on Athletic Field presented, as follows:

June 15, 1920.

*Mr. Moderator and Town Meeting Members,
Gentlemen:*

Your committee on the New Athletic Field for the Town of Watertown, met Wednesday evening, June 9, for the purpose of opening the bids. All bids were way in excess of money asked for and appropriated, and it was the unanimous vote of all members present that we reject all bids and authorize the Town Clerk to return all the checks that accompanied the bids, and simply wait until a more favorable time should arise.

Yours respectfully,

GEORGE N. CHAMBERLAIN,
Chairman, New Athletic Field Committee.

Article 2. To see if the Town will authorize or instruct the Selectmen to execute and deliver in the name and behalf of the inhabitants of Watertown, an agreement with the Boston and Maine Railroad Company or Fitchburg Railroad Company, in respect to certain acts incident to the relocation of Arlington Street, between Mt. Auburn Street and Elm Street, for which petitions are pending before the County Commissioners of Middlesex County, and take any other action relating thereto.

Voted: That the Selectmen are hereby authorized and instructed to execute and deliver in the name and behalf of the inhabitants of the Town of Watertown, the following agreement with the Boston and Maine Railroad, and to take such further action as may be necessary or proper to carry out the terms thereof, and that said agreement be entered upon the record of this meeting.

**Agreement for the Relocation of Arlington Street,
Watertown, Massachusetts**

This agreement made this twenty-eighth day of July, 1920, by and between the inhabitants of the Town of Watertown, a municipal corporation situated in the Commonwealth of Massachusetts, hereinafter called the "Town," and the Boston and Maine Railroad, a corporation duly established by law, hereinafter called the "railroad."

Witnesseth:

That whereas the Town desires the County Commissioners of Middlesex County to relocate a way in said Town known as Arlington Street, between Mt. Auburn Street and Elm Street, for the purpose of making alterations in the course and width thereof, and

Whereas such relocation will destroy the present station and station premises of the railroad at East Watertown, so called; and necessitate the construction of a new station at a different point and require the relocation of the crossing planking and gates at the Arlington Street railroad crossing, but not involve the abolition of the present crossing at grade of said way and the tracks of the railroad; which relocation and changes and the details regarding the same are fully set forth in two certain decrees of the County Commissioners for the County of Middlesex, copies of which are hereto attached, and to which reference is hereby made;

Now therefore, it is mutually agreed by the parties hereto, and in consideration of said mutual agreements, that the manner and limits within which the alteration shall be made and by which party the work shall be done, the general method of construction, the grades of the railroad tracks and of the way, what land or other property it is necessary to take, what portion of the existing way is to be discontinued, the changes on the property of the railroad, and the payment of the cost of the work shall be as set forth in said decrees;

And it is further agreed by the parties hereto that the Town shall pay the entire cost of all the land damages and material and work necessary or incident to the proposed changes, alterations and relocation provided for in said decrees, including the cost of all proceedings, the construction of the new station,

shelter, platform, crossing plank, crossing gates, and the removal of the present station, and shall reimburse the railroad for all expense incurred by it for material, labor or any other purpose on account of the said changes, relocation and alterations; that the Town, at its sole expense, shall secure the conveyance to the railroad of the land as set forth in said decrees, and that the conveyance to the railroad of the said parcel of land and the construction of the new station, shelter, platform and gates, all without expense to it, and, the indemnification of the railroad against all cost, damage or expense in any way arising from the alterations provided for in this agreement or in said decrees, shall be accepted by the railroad in full satisfaction for all claims for damages on account of the taking of any portion of the premises of the railroad for said relocation or alteration, except that each party hereto shall assume the responsibility for and shall indemnify the other party against all loss, cost, damage or expense, including claims for personal injury or death arising out of or due to its negligence or the negligence of its agents or servants arising from said work.

The railroad shall request the Old Colony Trust Company, Trustee, to release from the lien of the mortgage from said Boston and Maine Railroad to it and S. Parkman Shaw, Jr., dated December 1, 1919, that company's interest in the premises of the railroad taken for said relocation.

This agreement shall become effective in the event that the County Commissioners approve the relocation and alteration of the way as provided in the decrees attached hereto and enter said decrees and that the Department of Public Utilities approves the relocation and construction of the station as therein provided, and shall become null and void if the Town fails to carry out said decrees within the time provided by law, except that the Town shall not be relieved in case of such failure of the obligation to pay any cost, damages or expense incurred by the railroad in connection with the subject matter of this agreement.

In witness whereof the parties hereto have caused these presents to be executed and their respective corporate seals to be hereto affixed, the inhabitants of Watertown by its Selectmen

hereunto duly authorized and the Boston and Maine Railroad by J. H. Hustis, its President, hereunto duly authorized.

INHABITANTS OF THE TOWN OF WATERTOWN

By CHARLES M. ABBOTT,
ERNEST K. INGALLS,
G. FREDERICK ROBINSON,
Selectmen.

BOSTON AND MAINE RAILROAD

Approved as to form

W. H.

Vice-President and General Counsel By J. H. HUSTIS,
T. A. *President.*

Commonwealth of Massachusetts

Middlesex, ss.

At a meeting of the County Commissioners for the County of Middlesex, holden at Cambridge, within and for said County, on the first Tuesday of June, in the year of our Lord one thousand nine hundred and twenty.

The inhabitants of the Town of Watertown in said County, by their petition to said Commissioners, among other matters, pray that Arlington Street, in said town, may be relocated from Mt. Auburn Street to Elm Street, as will more fully appear, reference being had to the petition filed of record in the case.

The petition was presented to the County Commissioners at their meeting holden at Lowell, within and for said County, on the first Tuesday of September, A.D. 1918, when and where notice was ordered given to all persons and corporations interested therein of the time and place when and where said Commissioners would meet for the purpose of viewing the premises and hearing the parties as by their order of notice on file will more fully appear. And thence said petition was continued from term to term, and at a meeting holden at Cambridge on the first Tuesday of January A.D., 1920, a relocation of said street was adjudged to be of common convenience and necessity and thence petition has been continued to this time.

And now the said Commissioners make return of their proceedings in the premises, as follows: said Commissioners having given notice as the law directs, met at the Commissioners' office, Court House, East Cambridge, in said County, on the eighteenth day of June, in the year nineteen hundred and twenty, when and where the parties appeared, to wit, the petitioner by Charles M. Abbot, Esq., Chairman of the Selectmen of said Watertown and others, and no person appeared to object.

The premises having been examined, and the parties fully heard, said Commissioners proceeded to relocate said street, and the following description is a true description of said street as hereby relocated.

A. Beginning at a point on the southerly line of Mt. Auburn Street, twenty-nine and thirty-seven hundredths (29.37) feet easterly from a stone bound marking the beginning of a curve in Mt. Auburn Street of nine hundred forty-seven and sixty-eight hundredths (947.68) feet radius, length one hundred forty-nine and seventy-four hundredths (149.74) feet, as shown on a plan of the location of Mt. Auburn Street as laid out by the County Commissioners in 1896, thence extending easterly and southeasterly by a curve to the right thirty-one and ninety-five hundredths (31.95) feet in length, and having a radius of twenty-five (25) feet on land belonging to the East Watertown Realty Company to a point of compound curvature; thence extending southeasterly by a curve to the right one hundred seventy-eight (178) feet in length and having a radius of eight hundred (800) feet on land of the said Realty Company to a second point of compound curvature; thence extending southeasterly and southerly by a curve to the right two hundred thirty-nine and sixty-eight hundredths (239.68) feet in length and having a radius of three hundred fifty-five (355) feet on land belonging to the said Realty Company to a point of tangency where the width of the relocation of Arlington Street will be sixty-six (66) feet; thence extending south $0^{\circ} 15'$ east one thousand thirty and twenty-four hundredths (1030.24) feet on land of the said Realty Company to a point of curvature; thence extending southwesterly and westerly by a curve to the right sixty-eight and eighty-eight hundredths (68.88) feet in length and having a radius of forty-five (45) feet on land belonging to

the said Realty Company and land belonging to Joseph H. Chadbourne to the northerly line of Nichols Avenue; thence turning and extending easterly on the said northerly line of the location of the Watertown Branch of the Boston and Maine Railroad; thence extending north $27^{\circ} 39' 45''$ east on the said location line of the Boston and Maine Railroad one hundred twenty-nine and eighty-three hundredths (129.83) feet to the easterly line of Arlington Street as widened; thence turning and extending northerly by a curve to the right forty-two and forty-one hundredths (42.41) feet in length and having a radius of eight hundred (800) feet to a point of tangency where the width of the relocation will be sixty-six (66) feet; thence extending north $0^{\circ} 15'$ west one thousand eighty-two and eighty-two hundredths (1082.82) feet on land belonging in part to J. Winthrop Stone to the northeasterly line of Grove Street; thence extending northwesterly by the northeasterly line of Arlington Street as the cemetery wall now stands three hundred twenty-six and nineteen hundredths (326.19) feet on land belonging to the Town of Watertown to the southerly line of Mt. Auburn Street; thence turning and extending westerly on the said southerly line one hundred twenty-nine and seventy hundredths (129.70) feet to the point of beginning.

The above description is intended to cover the relocation of Arlington Street between Mt. Auburn Street and the railroad location of the Boston and Maine Railroad and is intended to conform to a plan entitled:

"Town of Watertown
Plan Showing Relocation of Arlington Street
As Ordered by the County Commissioners
Scale: $1'' = 40' 0''$ June, 1920.
Wilbur F. Learned, Town Engineer."

and the lands included within the lines as above described, being Parcel A, as shown on said plan, are taken for highway purposes and are owned as far as is known and believed by East Watertown Realty Company, Joseph H. Chadbourne and Joshua Winthrop Stone.

B. Beginning at a point on the southeasterly line of the location of the Watertown Branch of the Boston and Maine

Railroad seventy-three and sixteen hundredths (73.16) feet southerly from the intersection of the westerly line of Arlington Street as now located and the southeasterly location line of the said Boston and Maine Railroad; thence extending south $10^{\circ} 37' 30''$ east on the line which is the westerly line of Arlington Street as relocated three hundred seventy-three and sixty-six hundredths (373.66) feet on land belonging to the Boston and Maine Railroad over two parcels, Cambridge Water Works, Maria Leighton, and the East Watertown Realty Company to the beginning of a curve; thence extending southerly and westerly by a curve to the right twenty-six and eighty-seven hundredths (26.87) feet in length, and having a radius of twenty-five (25) feet on land belonging to the said Realty Company to the northwesterly line of Elm Street; thence turning and extending northeasterly on the said northwesterly line of Elm Street fourteen and ninety-hundredths (14.90) feet to the westerly line of Arlington Street as relocated; thence turning and extending south $10^{\circ} 37' 30''$ east on the said westerly relocation line forty-five and forty-eight hundredths (45.48) feet to the southeasterly line of Elm Street; thence turning and extending northeasterly from the above mentioned point on the southeasterly line of Elm Street by the said southeasterly line of Elm Street extended seventy-six and seventy-nine hundredths (76.79) feet to the easterly line of Arlington Street as relocated; thence turning and extending north $10^{\circ} 37' 30''$ west on land of Joseph H. Chadbourne and partly on land belonging to J. W. Brown four hundred eighty-four and twenty-five hundredths (484.25) feet to the said southeasterly line of the location of the said Boston and Maine Railroad, excepting at the southeasterly corner of Arlington Street and Coolidge Hill Road the line is to coincide with a curve to the right having a radius of twenty-five (25) feet and a tangent of thirty-one and eighty-three hundredths (31.83) feet; thence turning and extending south $27^{\circ} 37' 45''$ west on the said southeasterly location line of said Boston and Maine Railroad one hundred six and fifty-two hundredths (106.52) feet to the point of beginning.

The above description is intended to cover that part of Arlington Street as relocated which will be sixty-six (66) feet in width, between the railroad location of the Boston and Maine

Railroad and the southeasterly line of Elm Street extended, and is intended to conform to the plan above referred to, and the lands included within the lines as above described, being Parcel B as shown on said plan, are taken for highway purposes, and are owned as far as is known and believed by Boston and Maine Railroad, City of Cambridge, Maria A. Leighton, East Watertown Realty Company, Joseph H. Chadbourne and J. W. Brown.

E. Beginning at the intersection of the easterly line of Arlington Street as now located and the southeasterly line of the Boston and Maine Railroad location, thence extending south $3^{\circ} 54' 55''$ east on the said easterly line of Arlington Street one hundred seventy (170) feet more or less; thence turning and extending southwesterly and southerly by a curve to the left about eighteen (18) feet in length, having a radius of twenty-five (25) feet on land belonging to the Town of Watertown to the easterly line of Arlington Street as relocated; thence turning and extending north $10^{\circ} 37' 30''$ west by the said easterly line of the relocation of Arlington Street one hundred fifty-three and seventy hundredths (153.70) feet to the southeasterly line of said railroad location; thence turning and extending north $27^{\circ} 39' 45''$ east by said location line forty-one and seventeen hundredths (41.17) feet to the point of beginning, and comprising about twenty-two hundred and fifty (2250) square feet.

The above description is intended to cover the area situated south of the said railroad location and between the easterly line of Arlington Street as now located and the easterly line of said street as relocated, and is intended to conform to the plan first above referred to, and the land included within the lines above described, being Parcel E on said plan, is to be used for highway purposes for the extension of Crawford Street and Coolidge Hill Road westerly to intersect with the easterly line of Arlington Street as relocated.

Those portions of Arlington Street as previously existing and not included within the relocation thereof as above set forth shall be and hereby are discontinued for highway purposes, and said parcels of land outside of said relocation are hereby abandoned for highway purposes.

Said commissioners having considered the question of

damages sustained by reason of said relocation, estimate the same as follows:

<i>Land Owner</i>	<i>Area taken sq. ft.</i>	<i>Damages</i>
East Watertown Realty Company,	43,964	
East Watertown Realty Company,	2,797	
Joseph H. Chadbourne,	202	
Joseph H. Chadbourne,	1,062	
Maria A. Leighton,	3,717	
J. W. Brown,	248	
Joshua Winthrop Stone,	5,078	
City of Cambridge,	996	
Boston and Maine Railroad,	1,157	
Boston and Maine Railroad,	1,667	

No part of the above described relocation is within the limits of the location of the Watertown Branch of the Boston and Maine Railroad, but such relocation will require a taking of a portion of the present station premises and the removal of the present railroad station known as "East Watertown" and will necessitate its relocation at a neighboring point. It being doubtful, however, whether the inhabitants of the Town of Watertown or said Commissioners have the power to take said railroad premises and station and to order the relocation of the station for the purposes aforesaid, the Boston and Maine Railroad has agreed with the said inhabitants that provided the Department of Public Utilities of the Commonwealth of Massachusetts approves the relocation of said station and the changes incident thereto as hereinafter set forth, and provided the relocation of the station and appurtenances are carried out as set forth herein by the inhabitants, and provided this order and return shall be made subject to such approval of the Department of Public Utilities and to the action of the Town in agreeing to and in fulfilling the terms of this order in detail, its damages shall be compensated, and that the same shall be made a part of this order as follows:

Now, therefore, it is hereby adjudged and decreed that in lieu of all damages sustained by said Boston and Maine Railroad the inhabitants of the Town of Watertown shall —

(a) cause to be conveyed to the said railroad, its successors and assigns, by good and sufficient deed, or deeds, conveying good and clear title a parcel of land bounded and described as follows: beginning on the northwesterly line of the location of the Watertown Branch of said Boston and Maine Railroad at the easterly line of Arlington Street as hereby relocated, thence running northerly on said easterly line of Arlington Street as relocated forty-two and forty-one hundredths (42.41) feet on a curve to the right having a radius of eight hundred (800) feet to a point of tangency; thence turning and running north $0^{\circ} 15'$ west still on said easterly line of Arlington Street sixty (60) feet; thence turning at right angles and running north $89^{\circ} 45'$ east fifty-five and thirty-seven hundredths (55.37) feet to said northwesterly line of the railroad location; thence turning and running south $27^{\circ} 39' 45''$ west on said location line one hundred fifteen and eighty-seven hundredths (115.87) feet to the point of beginning; said parcel containing twenty-eight hundred seventy-seven (2877) square feet, and being shown as two parcels on the plan hereinabove referred to.

(b) pay to the said railroad upon the completion of the work, the entire cost of a new station and shelter to be erected on the northerly side of the railroad tracks and easterly of Arlington Street at the point shown on said plan.

The station shall be one (1) story in height, twelve (12) feet wide and twenty (20) feet long, built of frame construction, and shall contain a waiting room, ticket office and baggage room. The floor of the building shall be of granolithic construction. The building shall be wired for electricity for lighting purposes, and have either a hot water or steam heater located in the baggage room. Toilet facilities shall be provided and the building piped for Town water. The shelter shall be a standard Boston and Maine Railroad three-sided shelter, twelve (12) feet wide and fifty (50) feet long, and shall be lighted by electricity.

(c) build a new platform nine (9) feet wide and two hundred twenty-five (225) feet long on the northerly side of the tracks as shown on said plan. Fill the space between the rails of the outbound and inbound tracks and between those two tracks opposite the entire length of this platform in accord-

ance with the standard practice of the railroad so that passengers may safely board and alight from trains. Bound the platform on all sides by a granite curb which may be taken from the existing platform, and build the platform with cinders or selected gravel to be rolled, compacted and finished to the satisfaction of the Chief Engineer of the Railroad.

(d) pay to the said Railroad upon the completion of the work the entire cost of laying planks between the rails and at least one course outside of the rails of both tracks within the limits of Arlington Street as relocated in accordance with the Boston and Maine Railroad Standard. The planking shall consist of 4 inches by 8 inches hard pine plank, and rail flange ways shall be provided with second-hand rail.

(e) protect the crossing by erecting Boston and Maine Railroad Standard Crossing Gates, using such parts of the existing gates as are suitable for protecting the relocated crossing. Remove the gate tender's house to the position as shown on the plan hereinabove referred to, and install proper warning bells.

(f) remove the present station and dispose of it. The cost of such removal to be included in the cost of the work to be paid for by the said inhabitants, and any salvage derived from the disposal of the station is to be credited to the inhabitants.

On or before the first day of January, 1921, the said inhabitants of the Town of Watertown shall take possession of all the lands included in the street as thus relocated for the purpose of constructing the same as a public highway.

The grade of said street as relocated shall conform to and meet the present grade of the railroad tracks at said railroad crossing.

The owners of the land are allowed until the first day of October, 1920, to remove timber, wood or trees or other property from within the location above established.

The Boston and Maine Railroad shall perform all work on the tracks, crossing plank and gates, and shall furnish all necessary material therefor, and shall erect the new station and shelter, but the entire cost of all such labor, and material shall be paid for by the inhabitants of the Town of Watertown. The balance of the work shall be performed by said inhabitants.

The said inhabitants shall pay the entire cost of all land damages; legal proceedings, hearings, material, labor and work necessary or incident to the said proposed changes, alterations and relocation.

And said Commissioners order that said return be accepted and recorded, and that all the matters therein ordered be done and performed accordingly.

In witness whereof, we, the said County Commissioners, have hereunto set our hands this third day of August, in the year of our Lord one thousand nine hundred and twenty.

ALFRED L. CUTTING,
ERSON B. BARLOW,
WALTER C. WARDWELL.

A true copy of record,

Attest: FREDERICK C. BEAN, *Assistant Clerk*.

Commonwealth of Massachusetts

Middlesex, ss.

At a meeting of the County Commissioners for the County of Middlesex, holden at Cambridge, within and for said County, on the first Tuesday of June, in the year of our Lord one thousand nine hundred and twenty.

The Selectmen of Watertown in said County, by their petition to said Commissioners — among other matters — pray that the crossing of Arlington Street at a grade with the Watertown Branch of the Boston and Maine Railroad, in said Watertown, may be altered (said alteration not involving an abolition of the crossing at grade), as will more fully appear, reference being had to the petition filed of record in the case.

The petition was presented to the County Commissioners at their meeting holden at Cambridge, within and for said County, on the first Tuesday of January, 1919, when and where notice was ordered given to all persons and corporations interested therein of the time and place when and where said Commissioners would meet for the purpose of viewing the premises and hearing the parties as by their order of notice on file and

of record will more fully appear. And thence said petition has been continued to this time.

And now the said Commissioners make return of their proceedings in the premises, as follows: said Commissioners having given notice as the law directs, met at the Commissioners' office at the Court House, East Cambridge, on the twenty-fifth day of February, in the year nineteen hundred and nineteen, when and where the parties appeared, to wit, the petitioner by members of the Board of Selectmen and the respondent by Thornton Alexander, Esq., Solicitor for the Boston and Maine Railroad.

The premises having been examined, and the parties fully heard, said Commissioners do determine that said alteration is necessary and do now proceed to prescribe the manner and limits thereof.

Said Arlington Street within the limits of the location of said railroad shall be altered and the following is a true description of that part of said street as hereby altered.

Beginning at the point of intersection of the southerly side line of Nichols Avenue with the northwesterly side line of location of the Boston and Maine Railroad, thence running north $27^{\circ} 39' 45''$ east along said northwesterly side line of location a distance of one hundred seventy-six and twelve hundredths (176.12) feet to the easterly side line of Arlington Street as relocated; thence turning and running southerly by a curve to the left having a radius of eight hundred (800) feet along the said easterly side line a distance of one hundred two and forty-five hundredths (102.45) feet to a point; thence turning and running easterly by a curve to the left having a radius of four and thirty-nine hundredths (4.39) feet a distance of ten and eighty-six hundredths (10.86) feet to the southeasterly side line of location of the Boston and Maine Railroad; thence turning and running south $27^{\circ} 39' 45''$ west along said southeasterly side line of location a distance of one hundred nineteen and seventeen hundredths (119.17) feet to the westerly side line of Arlington Street, as relocated; thence turning and running north $10^{\circ} 37' 30''$ west along said westerly side line a distance of forty-one and ninety-nine hundredths (41.99) feet to a point; thence turning and running northwesterly by a curve

to the left having a radius of fifteen (15) feet a distance of twenty-one and forty-five hundredths (21.45) feet to the southerly side line of Nichols Avenue as extended; thence turning and running south $87^{\circ} 27' 0''$ west along the southerly side line of Nichols Avenue as extended, and as it now exists, a distance of twenty-three and ninety-one hundredths (23.91) feet to the point of beginning.

The above description is intended to cover the alteration of Arlington Street across the location of the Boston and Maine Railroad and is intended to conform to a plan entitled

“ Town of Watertown
Plan Showing Relocation of Arlington Street
As Ordered by the County Commissioners
Scale: — $1'' = 40' 0''$ June, 1920.

WILBUR F. LEARNED — Town Engineer.”

That portion of Arlington Street as previously existing within the limits of said railroad location and not included in the alteration thereof as above set forth shall be and hereby is discontinued and abandoned for highway purposes.

Said Commissioners having considered the question of damages sustained by reason of the said alteration, estimate the same as follows:

<i>Land Owner</i>	<i>Area of Land Damages</i>
Boston and Maine Railroad,	About 8500 sq. ft.

The Boston and Maine Railroad having agreed with the inhabitants of the Town of Watertown as to the damages which the said railroad will sustain by the carrying out of this order and another order of said Commissioners relative to the relocation of Arlington Street outside of the limits of the railroad location all as set forth in said other order dated August 3, 1920, and the said railroad and inhabitants — among other things — have agreed that the following shall be made a part of this order, to wit:

that the inhabitants of the Town of Watertown shall pay the expense of

(a) laying the planks between the rails and at least one course outside of the rails of both tracks within the limits of

Arlington Street as altered in accordance with the Boston and Maine Railroad Standard. The planking shall consist of 4 inches by 8 inches hard pine plank, and rail flange ways shall be provided with second hand rail.

(b) protecting the crossing by erecting Boston and Maine Railroad Standard Crossing Gates, using such parts of the existing gates as are suitable for protecting the crossing as altered, removing the gate tender's house to the position as shown on the plan hereinabove referred to, installing proper warning bells.

And said Commissioners order that said return be accepted and recorded, and that all the matters therein ordered be done and performed accordingly.

In witness whereof, we, the said County Commissioners, have hereunto set our hands this third day of August, in the year of our Lord one thousand nine hundred and twenty.

ALFRED L. CUTTING,
ERSON B. BARLOW,
WALTER C. WARDWELL.

A true copy of record,

Attest, FREDERICK C. BEAN, *Assistant Clerk*.

At a meeting of the Board of Directors of Boston and Maine Railroad, duly called, notified and held on June 1, 1920, a quorum being present, the following action was taken:

"Voted: That the President is hereby authorized to enter into an agreement with the inhabitants of the Town of Watertown, Massachusetts, in regard to the relocation of certain ways in said town and of the railroad station therein, known as East Watertown, substantially along the lines of the agreement which has been submitted to this meeting, a copy of which is on file with the Clerk, and to execute, acknowledge and deliver in the name and on behalf of this company any deeds or agreements necessary to carry out such agreement, and to do all other things necessary or proper to carry out the same."

Attest: (Signed) ARTHUR B. NICHOLS, *Clerk*.

At a meeting of the Board of Directors of Boston and Maine Railroad, duly called, notified and held on June 1, 1920, a quorum being present, the following action was taken:

"Voted: To authorize the President and Treasurer on behalf of this company, to request the Old Colony Trust Company, Trustee under the mortgage of this company dated December 1, 1919, to release from the lien of said indenture of mortgage any real estate or rights in real estate releases of which may be necessary to carry out the agreement with the inhabitants of the Town of Watertown, Massachusetts, referred to in the last vote."

Attest: (Signed) ARTHUR B. NICHOLS, *Clerk*.

WILLIAM P. McGUIRE, *Town Clerk*.

Warrant for Town Meeting, August 12, 1920

Commonwealth of Massachusetts.

Middlesex, ss.

To any Constable of the Town of Watertown,

Greeting:

In the name of the Commonwealth of Massachusetts, you are hereby required to notify and warn the legal voters of the Town of Watertown to meet in the Town Hall, in said Town, on Thursday, the twelfth day of August, 1920, at 7.30 P.M., to act on the following articles, viz.:

Article 1. To hear the report of any committee heretofore appointed, and act thereon.

Article 2. To see if the Town will appropriate a sum of money necessary to pay the land damages and the cost of construction caused by the relocation of Arlington Street from Mt. Auburn Street to Elm Street under a decree of the County Commissioners of Middlesex County, direct how the same shall be raised or take any action relating thereto.

Article 3. To see if the Town will authorize the Selectmen to accept on behalf of the Town land for public purposes, or take any action relating thereto.

Article 4. To see if the Town will appropriate a sum of

money necessary to pay the cost of installation of a fountain or other device to be used for furnishing horses with water at or near Beacon Square, direct how the money shall be provided or take any action relating thereto.

Article 5. To see if the Town will appropriate the necessary sums of money for the use of various Town departments, direct how the same shall be provided or take any action relating thereto.

Article 6. To see if the Town will appropriate a sum of money for the purpose of paying the cost of extension of the drainage system, direct how the money shall be provided or take any action relating thereto.

Article 7. To see if the Town will vote to rescind the following action taken under Article 14 at the Adjourned Annual Town Meeting, in reference to the appropriation for the construction and equipment of an enclosed athletic field.

"Voted: That for the purpose of laying out, improving, grading, constructing and enclosing of the playground called 'Town Field' the sum of \$28,000 be and is hereby appropriated and that this sum be assessed on the general tax levy of the Town for the current year."

Article 8. To see if the Town will appropriate a sum of money necessary to pay the cost of any bills incurred in connection with the laying out, grading, construction or any work connected with the playground as provided under Article 14 at the Adjourned Annual Town Meeting, direct how the same shall be provided or take any action relating thereto.

Article 9. To see if the Town will vote to appropriate the sum of twenty-seven hundred dollars (\$2700) for the maintenance of the Watertown Continuation School, in accordance with Chapter 311, Acts of 1919, direct how the same shall be raised or act thereon. Request of School Committee.

Article 10. To see if the Town will vote to appropriate an additional sum of eighteen hundred dollars (\$1800) for the payment of bills in the Newton and other trade schools, direct how the same shall be raised or act thereon. Request of School Committee.

And you will notify and warn the legal voters of Watertown to meet at the time and place herein specified, by leaving

at every inhabited house in Town a printed copy of this warrant, and also by posting copies of the same in ten or more conspicuous public places in Town, seven days at least prior to the time of said meeting.

Hereof fail not, and make return of this warrant, with your doings thereon, in to the office of the Town Clerk, on or before the time of said meeting.

Given under our hands this fourth day of August, A.D. 1920.

CHARLES M. ABBOTT,
ERNEST K. INGALLS,
G. FREDERICK ROBINSON,
Selectmen of Watertown.

Officer's Return on Warrant

As required by the foregoing warrant, I have notified and warned the legal voters of the Town of Watertown to meet at the time and place herein specified, by leaving at every inhabited house in Town a printed copy of this warrant, and also by posting copies of the same in ten or more conspicuous public places in Town, seven days at least prior to the time of said meeting.

THOMAS F. LYONS, *Constable of Watertown.*

Attest: WILLIAM P. McGUIRE, *Town Clerk.*

Record of Town Meeting, Thursday Evening, August 12, 1920

Notice was sent to all Town Meeting members at least seven days prior to the Town Meeting of the proposed business to be considered at the meeting.

Number of Town Meeting members necessary for a quorum 121. William M. Emerson and T. Roswell Patten were appointed to take charge of the check lists, and they reported that there were 114 Town Meeting members present.

Meeting called to order at 7.30 P.M. by Moderator Joseph P. Keefe. Warrant and officer's return of same were read by Town Clerk, William P. McGuire.

There being no quorum present, it was

Voted: To adjourn until Thursday evening, September 16, 1920, at 7.30 P.M.

Prior to adjournment, two votes were passed under Articles 7 and 8.

Article 7. To see if the Town will vote to rescind the following action taken under Article 14 at the Adjourned Annual Town Meeting, in reference to the appropriation for the construction and equipment of an enclosed athletic field:

“Voted: That for the purpose of laying out, improving, grading, constructing and enclosing of the playground called ‘Town Field’ the sum of twenty-eight thousand dollars (\$28,000) be and is hereby appropriated, and that this sum be assessed on the general tax levy of the Town for the current year.”

Voted: That the following action taken under Article 14 at Adjourned Annual Town Meeting:

“Voted: That for the purpose of laying out, improving, grading, constructing and enclosing of the playground called ‘Town Field’ the sum of twenty-eight thousand dollars (\$28,000) be and is hereby appropriated, and that this sum be assessed on the general tax levy of the Town for the current year,”
be rescinded.

Article 8. To see if the Town will appropriate a sum of money necessary to pay the cost of any bills incurred in connection with the laying out, grading, construction or any work connected with the playground as provided under Article 14 at the Adjourned Annual Town Meeting, direct how the same shall be provided or take any action relating thereto.

Voted: That the sum of four hundred fifty-one dollars and fifty-seven cents (\$451.57) be and is hereby appropriated for the purpose of paying all bills incurred in connection with the laying out, grading, construction, or any work connected with the playground as provided under Article 14 at the Adjourned Annual Town Meeting, and that this sum be assessed on the tax levy for the current year.

In the opinion of the Town Counsel,

The foregoing action taken under Articles 7 and 8 is illegal, on account of the fact that no quorum was present when the votes were passed, as shown by the record of the checkers.

WILLIAM P. McGUIRE, *Town Clerk.*

Warrant for State Primary Election, September 7, 1920

Commonwealth of Massachusetts.

Middlesex, ss.

*To any Constable of the Town of Watertown,**Greeting:*

In the name of the Commonwealth of Massachusetts you are hereby required to notify and warn the legal voters of the Town of Watertown, who are qualified to vote in primaries, to meet in their respective voting places in said town (Precincts One and Two, Engine House, Mt Auburn Street; Precincts Three, Four, Five and Six, Town Hall, Watertown), on Tuesday, the 7th day of September, 1920, at 12 noon, for the following purposes:

To bring in their votes to the Primary Officers for the nomination of candidates of Political Parties for the following offices:

Governor, Lieutenant Governor, Secretary of the Commonwealth, Treasurer and Receiver General, Auditor of the Commonwealth, Attorney-General, Congressman for the 8th Congressional District, Councillor, for 2d Councillor District, Senator Norfolk and Suffolk District, Representative in General Court, 29th Middlesex District, County Commissioners, Middlesex County, and Sheriff for Middlesex County.

And for the election of the following officers:

District Member of State Committee for each political party for the Norfolk and Suffolk Senatorial District, Members of Town Committees and Delegates to State Convention of the Democratic and Republican parties.

All the above candidates and officers are to be voted for upon one ballot.

The polls will be open from 12 noon to 8 o'clock P.M.

And you will notify and warn the legal voters of Watertown to meet at the time and at the places herein specified by leaving at every inhabited house in Town a printed copy of this warrant, and also by posting copies of the same in ten or more conspicuous public places in Town, seven days at least, prior to the time of said meeting.

Hereof fail not, and make return of this warrant, with your

doings thereon, into the office of the Town Clerk, on or before the time of said meeting.

Given under our hands this 29th day of July, A.D., 1920.

CHARLES M. ABBOTT,
ERNEST K. INGALLS,
G. FREDERICK ROBINSON,
Selectmen of Watertown.

Officer's Return on Warrant

As required by the foregoing warrant, I have notified and warned the legal voters of the Town of Watertown to meet at the time and places herein specified, by leaving at every inhabited house in Town a printed copy of this warrant, and also by posting copies of the same in ten or more conspicuous public places in Town seven days at least prior to the time of said meeting.

THOMAS F. LYONS, *Constable of Watertown.*

Attest: WILLIAM P. McGUIRE, *Town Clerk.*

Notice of the result of count of votes cast at State Primary Election forwarded to the Secretary of the Commonwealth and notices sent to Town Committees and Delegates to State Conventions.

WILLIAM P. McGUIRE, *Town Clerk.*

**Notice for Adjourned Town Meeting,
Thursday Evening, September 16, 1920.**

Notice is hereby given the legal voters of the Town of Watertown that the Town Meeting held on August 12, 1920, has been adjourned until Thursday evening, September 16, 1920, at 7.30 o'clock, to meet in the Town Hall in said Town of Watertown, at which time and place all business called for in the warrant for the Town Meeting of August 12, 1920, from Articles 1 to 10 inclusive, will come before the meeting for consideration and action.

And the legal voters of the Town of Watertown are hereby notified and warned to meet at the time and place herein specified, by posting copies of this notice in ten or more conspicuous public places in Town twenty-four hours at least, before the time of said adjourned meeting, and also by causing a copy of the same to be published in a Watertown newspaper.

Given under our hands this seventh day of September, A.D. 1920.

JOSEPH P. KEEFE, *Moderator*,
WILLIAM P. McGUIRE, *Town Clerk*.

Clerk's Return of Notice

I have posted copies of the foregoing notice in ten or more conspicuous public places in Town, at least twenty-four hours before the time of said adjourned meeting, and have also caused a copy of the same to be published in a Watertown newspaper.

WILLIAM P. McGUIRE, *Town Clerk*.

Record of Adjourned Town Meeting, September 16, 1920.

Notice was sent to all Town Meeting Members at least twenty-four hours prior to the Adjourned Town Meeting of the proposed business to be considered at the meeting.

Number of Town Meeting Members necessary for a quorum: 121. William M. Emerson and T. Roswell Patten were appointed to take charge of the check lists, and they reported that there were 148 Town Meeting Members present.

Adjourned meeting called to order at 7.45 p.m., by Modera-

tor Joseph P. Keefe. Notice for Adjourned Town Meeting and Clerk's return of same were read.

Article 1. To hear the report of any committee heretofore appointed, and act thereon.

Voted: That it be the sense of the meeting that the Committee on Change in the Form of Town Government be requested to make such recommendations and to take such action as may be necessary to allow the Town to act at the next Annual Town Meeting, in respect to accepting a portion or portions of Chapter 591 of the Acts of 1920, "To Make Certain Substantive Changes in and Additions to the Laws Relating to Towns."

Article 2. To see if the Town will appropriate a sum of money necessary to pay the land damages and the cost of construction caused by the relocation of Arlington Street from Mt. Auburn Street to Elm Street, under a decree of the County Commissioners of Middlesex County, direct how the same shall be raised or take any action relating thereto.

With the approval of the Finance Committee, it was

Unanimously Voted: That for the purpose of paying the cost of land damages and construction caused by the relocation of Arlington Street from Mt. Auburn Street to Elm Street, under a decree of the County Commissioners of Middlesex County, the sum of fifteen thousand dollars (\$15,000) be and is hereby appropriated, and the Town Treasurer be and he is hereby authorized to borrow, under the direction of the Selectmen, the said sum of fifteen thousand dollars (\$15,000) and to issue the bonds or notes of the Town therefor at such rate of interest as he with the approval of the Selectmen shall determine, payable in accordance with the provisions of Section 14 of Chapter 719 of the Acts of the year 1913, so that the whole amount shall be paid in not more than ten (10) years, or at such earlier dates as the Treasurer and the Selectmen may determine. Said bonds or notes shall bear the authenticating certificate of a bank or trust company to be selected by the Treasurer, or of the Commonwealth of Massachusetts, and interest and principal shall be due and payable at the Fourth-Atlantic National Bank of Boston, Mass.

Voted: That a committee of five, consisting of the Selectmen and two others to be appointed by the Moderator, be authorized

to carry out the work of relocation of Arlington Street, from Mt. Auburn Street to Elm Street, under a decree of the County Commissioners of Middlesex County.

Article 3. To see if the Town will authorize the Selectmen to accept on behalf of the Town land for public purposes, or take any action relating thereto.

Voted: That the Selectmen be and are hereby authorized to accept from time to time, in behalf of the Town, land at the intersection of public ways with public or private ways, to be used for the purpose of rounding street corners.

Article 4. To see if the Town will appropriate a sum of money necessary to pay the cost of installation of a fountain or other device to be used for furnishing horses with water at or near Beacon Square, direct how the money shall be provided, or take any action relating thereto.

Voted: That this matter be referred to the Water Commissioners, with instructions to report as to any action they may deem advisable, at the Annual Town Meeting.

Article 5. To see if the Town will appropriate the necessary sums of money for the use of various town departments, direct how the same shall be provided, or take any action relating thereto.

With the approval of the Finance Committee, the following transfers were voted:

Transfer to

Hosmer Street Betterment	\$1,503 79
Outfall Sewer at Arsenal	165 67

Voted: That the Auditor be authorized to approve such warrants as may be submitted to him with the approval of the State Aid Commissioner, for Military Aid, the same to be charged to State Aid account for the balance of the year.

Article 6. To see if the Town will appropriate a sum of money for the purpose of paying the cost of extension of the drainage system, direct how the money shall be provided or take any action relating thereto.

With the approval of the Finance Committee, it was

Unanimously Voted: That the sum of eleven thousand dollars (\$11,000) be and is hereby appropriated for the purpose of extension of the drainage system, and that for the purpose of paying the cost of the same, the Town Treasurer be, and is hereby authorized to borrow, under the direction of the Selectmen, the said sum of eleven thousand dollars (\$11,000) and to issue the bonds or notes of the Town therefor, at such rate of interest as he, with the approval of the Selectmen shall determine, payable in accordance with the provisions of Section 14 of Chapter 719 of the Acts of the year 1913, so that the whole amount shall be paid in not more than thirty (30) years, or at such earlier dates as the Treasurer and the Selectmen may determine. Said bonds or notes shall bear the authenticating certificate of a bank or trust company to be selected by the Treasurer or of the Commonwealth of Massachusetts, and interest and principal shall be due and payable at the Fourth-Atlantic National Bank of Boston, Mass.

Article 7. To see if the Town will vote to rescind the following action taken under Article 14 at the Adjourned

Annual Town Meeting, in reference to the appropriation for the construction and equipment of an enclosed athletic field.

"Voted: That for the purpose of laying out, improving, grading, constructing and enclosing of the playground called 'Town Field' the sum of twenty-eight thousand dollars (\$28,000) be and is hereby appropriated, and that this sum be assessed on the general tax levy of the Town for the current year."

Voted: To indefinitely postpone.

Article 8. To see if the Town will appropriate a sum of money necessary to pay the cost of any bills incurred in connection with the laying out, grading, construction or any work connected with the playground as provided under Article 14 at the Adjourned Annual Town Meeting, direct how the same shall be provided or take any action relating thereto.

Voted: To indefinitely postpone.

Article 9. To see if the Town will vote to appropriate the sum of twenty-seven hundred dollars (\$2700) for the maintenance of the Watertown Continuation School, in accordance with Chapter 311, Acts of 1919, direct how the same shall be raised or act thereon. Request of School Committee.

Voted: That the sum of forty-five hundred dollars (\$4500) be and is hereby appropriated for the maintenance of the Watertown Continuation Schools, in accordance with the provisions of Chapter 311 of the Acts of 1919, and that any expense incurred in connection with this work shall be charged to the regular School Appropriations for the current year.

Article 10. To see if the Town will vote to appropriate an additional sum of eighteen hundred dollars (\$1800) for the payment of bills in the Newton and other trade schools, direct how the same shall be raised, or act thereon. Request of School Committee.

Voted: To indefinitely postpone.

Committee of five appointed by Moderator Joseph P. Keefe on September 27, 1920, under authority of vote passed at Adjourned Town Meeting of September 16, 1920, to carry out work of relocation of Arlington Street: Charles M. Abbott, Ernest K. Ingalls, G. Frederick Robinson, Selectmen, *ex officio*, William Harvey Lucas, Charles F. Sanborn.

WILLIAM P. McGUIRE, *Town Clerk.*

Warrant for Town Meeting, September 16, 1920

Commonwealth of Massachusetts.

Middlesex, ss.

*To any Constable of the Town of Watertown,**Greeting:*

In the name of the Commonwealth of Massachusetts, you are hereby required to notify and warn the legal voters of the Town of Watertown to meet in the Town Hall, in said Town, on Thursday, the sixteenth day of September, 1920, at 8.30 p.m., to act on the following article, viz.:

Article 1. To see if the Town will vote to appropriate a sum of money sufficient to complete the construction of School Street, direct how the money shall be provided, or take any action relating thereto.

And you will notify and warn the legal voters of Watertown to meet at the time and place herein specified, by leaving at every inhabited house in Town a printed copy of this warrant, and also by posting copies of the same in ten or more conspicuous public places in Town, seven days at least prior to the time of said meeting.

Hereof fail not, and make return of this warrant, with your doings thereon, into the office of the Town Clerk, on or before the time of said meeting.

Given under our hands this seventh day of September, A.D. 1920.

CHARLES M. ABBOTT,
ERNEST K. INGALLS,
G. FREDERICK ROBINSON,
Selectmen of Watertown.

Officer's Return on Warrant

As required by the foregoing warrant, I have notified and warned the legal voters of the Town of Watertown to meet at the time and at the place herein specified, by leaving at every inhabited house in Town a printed copy of this warrant, and also by posting copies of the same in ten or more conspicuous public places in Town seven days at least prior to the time of said meeting.

THOMAS F. LYONS, *Constable of Watertown.*

Attest: WILLIAM P. McGUIRE, *Town Clerk.*

Record of Town Meeting, September 16, 1920

Notice was sent to all Town Meeting Members at least seven days prior to the Town Meeting of the proposed business to be considered at the meeting.

Number of Town Meeting Members necessary for a quorum, 121. The checkers, William M. Emerson and T. Roswell Patten, reported that there were 134 Town Meeting Members present.

Meeting called to order at 9.30 p.m. by Moderator Joseph P. Keefe. Warrant and officer's return of same were read by Town Clerk William P. McGuire.

Article 1. To see if the Town will vote to appropriate a sum of money sufficient to complete the construction of School Street, direct how the money shall be provided, or take any action relating thereto.

With the approval of the Finance Committee, it was

Unanimously Voted: That the sum of seven thousand dollars (\$7000) be and is hereby appropriated for completing the construction of School Street, and that for the purpose of paying the cost of the same, the Town Treasurer be and is hereby authorized to borrow, under the direction of the Selectmen, the said sum of seven thousand dollars (\$7000), and to issue the bonds or notes of the Town therefor, at such rate of interest as he, with the approval of the Selectmen shall determine, payable in accordance with the provisions of Section 14 of Chapter 719 of the Acts of the year 1913, so that the whole amount shall be paid in not more than ten (10) years, or at such earlier dates as the Treasurer and the Selectmen may determine. Said bonds or notes shall bear the authenticating certificate of a bank or trust company to be selected by the Treasurer, or of the Commonwealth of Massachusetts, and interest and principal shall be due and payable at the Fourth-Atlantic National Bank of Boston, Mass.

WILLIAM P. MCGUIRE, *Town Clerk.*

Warrant for State and Presidential Election
Tuesday, November 2, 1920

Commonwealth of Massachusetts.

Middlesex, ss.

To any Constable of the Town of Watertown,
Greeting:

In the name of the Commonwealth of Massachusetts, you are hereby required to notify and warn the legal voters of Watertown to meet in their respective voting places in said town:

Precinct One—East End Fire Station, Mt. Auburn Street

Precinct Two—High School Hall, Mt. Auburn Street

Precinct Three—Town Hall, Main Street

Precinct Four—Town Hall, Main Street

Precinct Five—Central Fire Station, Main Street

Precinct Six—Central Fire Station, Main Street

on Tuesday, the second day of November, 1920, at five thirty o'clock in the morning, for the purpose of giving in their votes for the following United States, State, District and County officers, viz.:

Presidential Electors; Governor; Lieutenant-Governor; Secretary; Treasurer; Auditor; Attorney-General; Congressman, Eighth District; Councillor, Second District; Senator, Norfolk and Suffolk District; Representative in General Court, Twenty-ninth Middlesex District; County Commissioners, Middlesex County; Sheriff, Middlesex County.

Also for giving in their votes on the following questions:

Shall an act entitled "An Act to regulate the Manufacture and Sale of Beer, Cider and Light Wines," and in which it is provided that all beverages containing not less than one-half of one per cent and not more than two and three-fourths per cent of alcohol by weight at sixty degrees Fahrenheit shall be deemed not to be intoxicating liquor, which act passed the House of Representatives by a vote of 121 in favor and 67 against, and passed the Senate by a vote of 26 in favor and 6 against, and was thereafter vetoed by His Excellency the Governor, and failed of passage in the Senate over the said veto by a vote of 14 in favor and 22 against, be approved?

"Shall Chapter 166 of the acts of nineteen hundred and twenty which authorizes the granting of one day off in every

eight days to police officers without loss of pay, be accepted by this town? "

The vote on these questions will be " Yes " or " No. "

The polls will be opened at 5.45 a.m. and will remain open until 6 p.m.

And you will notify and warn the legal voters of Watertown to meet at the time and places herein specified, by leaving at every inhabited house in town a printed copy of this warrant, and also by posting copies of the same in ten or more conspicuous public places in town, seven days at least prior to the time of said meeting.

Hereof fail not, and make return of this warrant, with your doings thereon, into the office of the Town Clerk, on or before the time of said meeting.

Given under our hands this 21st day of October, A.D., 1920.

CHARLES M. ABBOTT,
ERNEST K. INGALLS,
G. FREDERICK ROBINSON,
Selectmen of Watertown.

Officer's Return on Warrant

As required by the foregoing warrant, I have notified and warned the legal voters of the Town of Watertown to meet at the time and at the places herein specified, by leaving at every inhabited house in town a printed copy of this warrant, and also by posting copies of the same in ten or more conspicuous public places in Town seven days at least prior to the time of said meeting.

THOMAS F. LYONS, *Constable of Watertown.*

Attest: WILLIAM P. McGUIRE, *Town Clerk.*

Record of State and Presidential Election, November 2, 1920

The Selectmen made return to the Secretary of the Commonwealth as required by law of the foregoing result of votes cast in Watertown.

George H. Dale of Watertown was declared elected Representative in General Court, Twenty-ninth Middlesex District, and notice of his election was delivered to him by the Town Clerk of Watertown, and notice of his election was forwarded to the Secretary of the Commonwealth by the Town Clerk.

WILLIAM P. McGUIRE, *Town Clerk*.

Warrant for Town Meeting, December 8, 1920

Commonwealth of Massachusetts.

Middlesex, ss.

To any Constable of the Town of Watertown,

Greeting:

In the name of the Commonwealth of Massachusetts, you are hereby required to notify and warn the legal voters of the Town of Watertown to meet in the Town Hall, in said Town, on Wednesday, the eighth day of December, 1920, at 7.30 p. m., to act on the following articles, viz:

Article 1. To hear the report of any committee heretofore appointed and act thereon.

Article 2. To see if the Town will authorize the Treasurer, with the approval of the Selectmen, to borrow money on and after January 1, 1921, in anticipation of the revenue of the financial year beginning January 1, 1921, or take any action relating thereto.

Article 3. To see if the Town will vote to provide by transfer or otherwise, the several sums of money necessary for the use of the various Town departments for the balance of the ensuing year, direct how the money shall be provided, or take any action relating thereto.

Article 4. To see if the Town will appropriate the sum of fourteen hundred dollars (\$1400) for the use of the School Department, for repairs to the Grant and Marshall Spring Schools, direct how the money shall be provided, or take any action relating thereto.

Article 5. To see if the Town will authorize the Selectmen to petition the General Court for such legislation as will enable the Town, together with the City of Boston and such other parties as may be deemed necessary, to lay out and construct a bridge, with the approaches thereto, crossing the Charles River between the Town of Watertown and the City of Boston on Arsenal Street, or take any action relating thereto.

Article 6 To hear the report of the Selectmen relative to the relocation of the lines of Summit Road, and to see if the Town will vote to accept said report and accept and allow said Summit Road as relocated by the Selectmen as and for a public highway in the Town of Watertown, or take any action relating thereto.

Article 7. To see if the Town will authorize the Selectmen to petition the General Court for permission to borrow a sum of money, to be used for the purpose of the erection and equipment of a school house to be erected on land owned or to be acquired by the Town, and situated in that part of the Town called the West End, or elsewhere in the Town; said borrowing to be outside the statutory limit of indebtedness of the Town, or take any action relating thereto.

Article 8. To see if the Town will authorize the Selectmen, for and in behalf of the Town, to take for school house purposes

certain parcels of land situated in the western part of the Town, shown on a plan on file in the office of the Town Engineer; appropriate the necessary money to pay the damages awarded for the same, or take any action relating to said taking or damages.

Article 9. To see if the Town will authorize the Town Planning Board or a committee duly appointed, to consider and draft suitable By-laws in order to carry out the provisions of Chapter 601 of the Acts of 1920, entitled, "An Act to Authorize Cities and Towns to Limit Buildings According to Their Use or Construction to Specified Districts," or take any action relating thereto.

Article 10. To see if the Town, in accordance with the provisions of Chapter 499 of the Acts of 1920 of the Legislature, will authorize the Selectmen for and in the name and behalf of the Town to take in fee, or acquire by purchase, or by gift, or otherwise, as a place for a Town Hall or for other public work, the land located at the corner of Mt. Auburn Street and Beacon Square, and bounded by Mt. Auburn Street, Beacon Square, Arsenal Street, Taylor Street and land of the Fitchburg Railroad Company, said land being owned by Edward C. Nolan and others, and containing in all 59,824 square feet more or less, appropriate the necessary money to pay the cost or damages therefor, direct how the same shall be raised, or take any action relating thereto.

And you will notify and warn the legal voters of Watertown to meet at the time and at the place herein specified, by leaving at every inhabited house in Town a printed copy of this warrant, and also by posting copies of the same in ten or more conspicuous public places in Town, seven days at least prior to the time of said meeting.

Hereof fail not, and make return of this warrant, with your doings thereon into the office of the Town Clerk on or before the time of said meeting.

Given under our hands this nineteenth day of November, A.D. 1920.

CHARLES M. ABBOTT,
ERNEST K. INGALLS,
G. FREDERICK ROBINSON,
Selectmen of Watertown.

Officer's Return on Warrant

As required by the foregoing warrant, I have notified and warned the legal voters of the Town of Watertown to meet at the time and at the place herein specified, by leaving at every inhabited house in Town a printed copy of this warrant, and also by posting copies of the same in ten or more conspicuous public places in Town seven days at least prior to the time of said meeting.

THOMAS F. LYONS, *Constable of Watertown.*

Attest: WILLIAM P. MCGUIRE, *Town Clerk.*

Record of Town Meeting, December 8, 1920

Notice was sent to all Town Meeting Members at least seven days prior to the Town Meeting of the proposed business to be considered at the meeting.

Meeting called to order at 8.00 p. m. by Moderator Joseph P. Keefe. Number of Town Meeting Members necessary for a quorum, 121. The checkers, William M. Emerson and T. Roswell Patten, reported that there were 125 Town Meeting Members present. Largest number of Town Meeting Members present during the evening, 138.

Warrant and officer's return of same were read by Town Clerk William P. McGuire.

Article 1. To hear the report of any committee heretofore appointed and act thereon.

Report of Committee on Schoolhouse in the Western Part of the Town

Your committee on the new school in the western part of the Town wish to report progress. At a Town Meeting held in the month of May, it was voted that the sum of five thousand dollars (\$5000) be appropriated for building plans, and the sum of twelve thousand dollars (\$12,000) for the purpose of purchasing land, the same to be expended by your committee soon after this Town Meeting.

Your committee held a meeting and appointed a sub-

committee of seven to bring before the full committee the name of an architect. This committee, after spending the greater part of the summer in viewing the different schools within thirty miles of Watertown, have recommended at a meeting held on September 9, the name of John Ashton as an architect. This architect was approved by the full committee. Mr. Ashton was directed by the committee to procure plans subject to changes which are before this meeting.

At the meeting held on September 9, a committee of three were appointed, namely, Mr. Arthur Gray, Mr. Rodney Page and Mr. William H. Foote, to look after the necessary details of purchasing the land, of which we have a full report.

Sub-committee reported they had purchased eleven (11) lots of land, comprising 50,025 square feet, at a total cost of \$2,871.74, including recording fees and incidentals.

There remains to be acquired ten (10) full lots and a small triangular parcel; total area 43,199 square feet. Assessed value of land to be acquired — on land only — \$1800; on buildings, \$4000 — total \$5800. This does not include any raise that may be made by the Assessors for the current year 1920.

This report was made a part of the full committee's report on December 6, 1920.

The committee requests the Town to transfer the balance in the West School Land Appropriation, to be used for payment of the remaining land and buildings, to be taken by right of eminent domain, which the committee recommends to the Town at this time.

WILLIAM H. FOOTE, *Chairman.*

RODNEY G. PAGE, *Secretary.*

For the Committee on Schoolhouse in the Western Part of the Town.

Article 2. To see if the Town will authorize the Treasurer, with the approval of the Selectmen, to borrow money on and after January 1, 1921, in anticipation of the revenue of the financial year beginning January 1, 1921, or take any action relating thereto.

Voted: That the Town Treasurer, with the approval of the Selectmen, be and he is hereby authorized to borrow money

from time to time on and after January 1, 1921, in anticipation of the revenue of the financial year beginning January 1, 1921, and to issue the note or notes of the Town therefor, payable within one year, any debt or debts incurred under this vote to be paid from the revenue of the financial year beginning January 1, 1921.

Article 3. To see if the Town will vote to provide by transfer or otherwise, the several sums of money necessary for the use of the various Town departments for the balance of the ensuing year, direct how the money shall be provided, or take any action relating thereto.

Voted: That the following sums be and are hereby appropriated for the use of the various Town departments for the balance of the current year, and for the purpose of providing the money so appropriated, the following transfers be and are hereby voted:

Article 4. To see if the Town will appropriate the sum of fourteen hundred dollars (\$1400) for the use of the School Department, for repairs to the Grant and Marshall Spring Schools, direct how the money shall be provided, or take any action relating thereto.

See action taken under Article 3.

Article 5. To see if the Town will authorize the Selectmen to petition the General Court for such legislation as will enable the Town, together with the City of Boston and such other parties as may be deemed necessary, to lay out and construct a bridge, with the approaches thereto, crossing the Charles River between the Town of Watertown and the City of Boston on Arsenal Street, or take any action relating thereto.

Voted: That the Selectmen be authorized to confer with the City of Boston and such other parties as may be deemed necessary in respect to the construction of a bridge, crossing the Charles River between the Town of Watertown and the City of Boston on Arsenal Street, and that the Selectmen report the result of the conferences to the Annual Town Meeting, with a report on proposed improvements on Arsenal Street.

Article 6. To hear the report of the Selectmen relative to the relocation of the lines of Summit Road, and to see if the Town will vote to accept said report and accept and allow said Summit Road as relocated by the Selectmen as and for a public highway in the Town of Watertown, or take any action relating thereto.

Report of the Selectmen on the Relocation of Summit Road

After due notice and public hearing and view as required by the provisions of Chapter 344 of the General Acts of the year 1917, the Selectmen met on the nineteenth day of November, 1920 at 4 P.M., for the purpose of viewing the premises, and we, the Selectmen, do hereby adjudge that public convenience and necessity require that the lines of Summit Road be relocated, and that said Summit Road be laid out as and for a public highway, in accordance with the following description, and as shown on plan drawn by F. J. Maynard, Town Engineer, and dated October 21, 1920.

CHARLES M. ABBOTT,
ERNEST K. INGALLS,
G. FREDERICK ROBINSON,
Selectmen of Watertown.

In Board of Selectmen, Friday evening, November 19, 1920.

Voted: That Summit Road be and is hereby laid out as and for a public highway, under the provisions of Chapter 344 of the General Acts of the year 1917, and said Board having considered the question of damages sustained by the owners of the lands across and through which said street has been laid out as aforesaid, hereby determine that no damages have been sustained and none are awarded and said Board hereby declares that all acts herein are done under the provisions of law authorizing the assessment of betterments, and according to the following description and plan on file in the office of the Town Clerk.

Description of the Relocation of Summit Road

Beginning at a point on the north line of Rangeley Road one hundred fifty-four and thirty-eight hundredths (154.38) feet from the east line of Hillside Road; thence extending easterly and northerly by a curve twenty-five and sixty hundredths (25.60) feet in length and having a radius of fifteen (15) feet by land belonging to H. C. Hutchinson to a point of tangency and where the width of the relocation is forty (40) feet; thence extending northerly on the westerly relocation line of Summit Road two hundred thirty-eight and fifty-six hundredths (238.56)

feet to a point of curvature by land belonging to H. C. Hutchinson, F. D. Wellington, W. B. Meady, A. M. Fisher and G. M. Ackerman; thence extending northerly and westerly by a curve seventeen and fifteen hundredths (17.15) feet in length and having a radius of fifteen (15) feet, by land belonging to G. M. Ackerman, to the southerly line of Maplewood Street; thence turning and extending southeasterly on the said southerly line of Maplewood Street seventy-seven and nine-hundredths (77.09) feet in length to a point of curvature; thence turning and extending westerly and southerly by a curve twenty-one and fifty-five hundredths (21.55) feet in length to a point of tangency on the present east line of Summit Road where the width of the relocation will be forty-two and forty-two hundredths (42.42) feet; thence extending southerly on the said present east line of Summit Road two hundred fifteen and sixty-five hundredths (215.65) feet to a point of curvature; thence extending southerly and easterly by a curve, having a radius of fifteen (15) feet, twenty-one and fifty-nine hundredths (21.59) feet in length to the north line of Rangeley Road; thence turning and extending westerly on the said north line of Rangeley Road seventy and sixty-nine hundredths (70.69) feet to the point of beginning.

Voted: That the report of the Selectmen be and is hereby accepted, and that Summit Road be and is hereby accepted and allowed as and for a public highway, as laid out by the Selectmen.

Article 7. To see if the Town will authorize the Selectmen to petition the General Court for permission to borrow a sum of money, to be used for the purpose of the erection and equipment of a school house to be erected on land owned or to be acquired by the Town, and situated in that part of the Town called the West End, or elsewhere in the Town; said borrowing to be outside the statutory limit of indebtedness of the Town, or take any action relating thereto.

67 in favor, 61 opposed.

Voted: That the Selectmen be and they are hereby authorized to petition the General Court for such legislation as will enable the Town to construct and provide the original equipment and furnishings for a school house to be located on land owned or to be acquired by the Town in that section called the

Western part of the Town or elsewhere in the Town, and in order to pay the cost of the same, to borrow from time to time such sum or sums of money as will not in the aggregate exceed the sum of \$350,000, such borrowing not to be reckoned in determining the statutory limit of indebtedness of the Town.

Article 8. To see if the Town will authorize the Selectmen, for and in behalf of the Town, to take for school house purposes certain parcels of land situated in the western part of the town shown on a plan on file in the office of the Town Engineer; appropriate the necessary money to pay the damages awarded for the same, or take any action relating to said taking or damages.

By a two-thirds vote, one hundred and twenty-seven in favor, none opposed, the following vote was adopted:

Voted: That the Selectmen be, and they are hereby authorized and empowered in the name and behalf of the Town to take by eminent domain for school house purposes several parcels of land, with the buildings thereon, shown on a plan entitled "Edenfield," dated June 1908, revised February, 1913, and recorded with Middlesex County, South District Deeds, Plan Book 225, plan 49, said parcels being described as follows:

Lot 269, on said plan, owned by Edmund M. Warren, et al. Trustees, containing 3878 square feet of land;

Lot 275, on said plan, owned by J. Arthur Raddin, containing 4322 square feet of land;

Lot 276, on said plan, owned by J. Arthur Raddin, containing 4020 square feet of land;

Lot 277, on said plan, owned by John Kilberg, containing 4000 square feet of land;

Lots 278 and 279, on said plan, owned by Dorothea Kilberg, containing 9000 square feet of land;

Lot 283, on said plan, owned by Edmund M. Warren, et al. Trustees, containing 4776 square feet of land;

Lot 284, on said plan, owned by Francis M. Kelley, containing 4420 square feet of land;

Lot 286, on said plan, owned by Frederick A. Pearce, containing 3710 square feet of land;

Lot 287, on said plan, owned by Daniel F. Sullivan or his heirs or devisees, containing 3570 square feet of land.

And several small portions of land being the rear portions of lots 293, 294, 295, 296, 297 and 298 on said plan immediately adjoining on the northerly side thereof, and bounded southerly by land now owned by the said Town, and said parcels together forming a right angle triangle having as its base a line twenty-five and five one hundredths (25.05) feet in length, and as its altitude a line approximately one hundred and twenty (120) feet in length, and said parcels being together bounded southerly by said land of the Town of Watertown; westerly by the line forming the base of the triangle by lot 287 on said plan; and northerly by the line forming the altitude of the triangle by remaining portions of said lots 293, 294, 295, 296, 297 and 298 on said plan. Said lots 293, 294, 295, 296 and 297 being owned by Edmund M. Warren, et al. Trustees, and said lot 298 being owned by Elvira C. Flaherty. Said triangular parcel containing 1503 square feet of land.

All of the above contents being more or less, and reference to said plan being made for a more detailed description of said lots.

Lots 269, 275, 276, 277 and parts of lots 278 and 279 are also shown on a sub-division plan filed with the Middlesex South District Land Registration records, Registration Book 14, page 553, with certificate No. 2034.

For the purpose of paying the damages awarded for the taking of said land the sum of nine thousand one hundred and twenty-eight dollars and twenty-six cents (\$9128.26) be, and it is hereby appropriated, which said sum shall be transferred for the purposes from the special account called "The West School-House Land Account."

Article 9. To see if the Town will authorize the Town Planning Board, or a committee duly appointed, to consider and draft suitable By-laws in order to carry out the provisions of Chapter 601 of the Acts of 1920, entitled "An Act to Authorize Cities and Towns to Limit Buildings According to Their Use or Construction to Specified Districts," or take any action relating thereto.

Voted: To indefinitely postpone.

Article 10. To see if the Town, in accordance with the provisions of Chapter 499 of the Acts of 1920 of the Legislature, will

authorize the Selectmen for and in the name and behalf of the Town to take in fee, or acquire by purchase, or by gift, or otherwise, as a place for a Town Hall or for other public work, the land located at the corner of Mt. Auburn Street and Beacon Square, and bounded by Mt. Auburn Street, Beacon Square, Arsenal Street, Taylor Street and land of the Fitchburg Railroad Company, said land being owned by Edward C. Nolan and others, and containing in all 59,824 square feet more or less, appropriate the necessary money to pay the cost or damages therefor, direct how the same shall be raised, or take any action relating thereto.

Voted: That this matter be referred to Committee on Town Hall Site, for further investigation and report at the Annual Town Meeting.

WILLIAM P. McGUIRE, *Town Clerk.*

Dogs

The whole number of dog licenses issued was 374.

266 Males at \$2.00 each,	\$532 00
62 Females at \$5.00 each,	310 00
46 Females spayed at \$2.00 each,	92 00
	<hr/>
	\$934 00
Less clerk's fees at 20 cents each,	74 80
	<hr/>
	\$859 20

I have examined accounts of money received from dog licenses in the office of the Town Clerk and receipts from the County Treasurer and find them correct.

W. W. NORCROSS, Jr.,
Auditor.

Miscellaneous Licenses and Sale of Watertown Records

3 Auctioneers' licenses at \$2.00 each,	\$6 00
5 Automobile second-hand dealers' licenses at \$5.00 each,	25 00
2 Bootblack licenses at \$1.00 each,	2 00
3 Coffee House licenses at \$5.00 each,	15 00
2 Carriage stand licenses at \$1.00 each,	2 00
5 Gasoline licenses at \$1.00 each,	5 00
9 Junk licenses at \$50.00 each,	450 00
2 Moving Picture licenses at \$1.00 each,	2 00
10 Pool licenses at \$5.00 each,	50 00
26 Victuallers' licenses at \$1.00 each,	26 00
3 volumes Watertown Records at \$2.00 each,	6 00
	<hr/>
	\$589 00

I have examined the account of money received in the Town Clerk's office for licenses and sale of Watertown Records, and the receipts from the Town Treasurer for same and find them correct.

W. W. NORCROSS, Jr.,
Auditor.

Hunting, Fishing and Minor Trappers' Licenses

The sum of \$250.20 was sent to the Department of Conservation, Division of Fisheries and Game, State House, Boston, for hunting, fishing and minor trappers' licenses.

WILLIAM P. McGUIRE,
Town Clerk.

REPORT OF BOARD OF PARK COMMISSIONERS

Watertown, Mass., January 15, 1921.

To the Citizens of Watertown:

The Park Commission respectfully submits its report for the year ending December 31, 1920, with recommendations for the ensuing year.

The Commission duly met and organized and planned their work for the year. Special effort was made to maintain the several parks and deltas in first class condition. The grass was well kept and properly cut and where necessary new seed was sown. All the shrubs and trees were carefully trimmed and pruned.

Saltonstall Park

The baseball diamond in Saltonstall Park was partially regraded and one elm tree was removed, thus materially improving the playing area. The Park has been kept in excellent condition. The old bandstand was removed, the iron fence thoroughly repaired and a new water fountain was installed. There was quite a demand for the use of the Park and twenty-nine permits were issued for baseball and other events. We recommend building a new wooden fence on the Whites Avenue side of the Park, as the old fence is in a very dangerous condition. This fence protects pedestrians from a steep grade into the Park and we ask for a special appropriation to cover the cost of repairing it.

Town Field

The football field and baseball diamond at the Town Field were kept in good condition and there was a constant demand for the use of these grounds and fifty-three permits were issued for games there.

Athletic Field

The need of a properly equipped Athletic Field is very evident and we recommend that prompt action be taken on the

new Athletic Field as proposed, and the work rushed to completion, so as to ensure proper athletic training for our girls and boys and the requisite supervision of all outdoor sports.

Cook's Pond

This year we rebuilt the dam at Cook's Pond and have flooded the place for skating, thus providing a safe place of sufficient area for this purpose.

All the parks and deltas of the Town received due attention and we give herewith detail of expenditures.

Saltonstall Park, \$484.71; Irving Park, \$181.50; Town Field, \$173.52; Beacon Square Delta, \$92.31; Howe Park, \$68.29; Davenport Delta, \$32.49; Dam at Cook's Pond, \$32.45; Knowles Delta, \$23.65; School Street Delta \$15.49; Fifth Avenue Delta, \$10.00; Storer Delta, \$10.05; office, stationery and incidentals, \$21.80; making a total expenditure of \$1,146.26.

For the maintenance of the Parks for 1921 we ask \$1200; for new fence on Whites Avenue side of Saltonstall Park \$200. Our Superintendent has performed his work with zeal. He has used great care to keep within his appropriation and is to be highly commended. We recommend \$250 for his salary for the ensuing year.

We also recommend that the triangle formed by the border lines of Adams Avenue be turned over to the Park Commission for maintenance and care.

Respectfully submitted.

GEORGE E. FREETHY, *Chairman.*
EDWIN H. WHITEHILL,
WALTER GLIDDEN,
Park Commissioners.

REPORT OF TREE WARDEN

To the Citizens of Watertown:

The annual report of the Tree Warden is herewith submitted.

Considerable pruning was done to the trees on all accepted streets. The trees were also trimmed to a uniform height, so that they cleared ordinary traffic and the full benefit of the electric lights was had at night. Twenty-eight dead or dangerous trees which had become a menace to public safety were removed and thirty-two new trees were set out. Twenty of these trees were planted on private property on written request of the property owners. Trees planted between the roadway and sidewalk, especially on narrow streets where the traffic is heavy, become targets for abuse and soon die and have to be removed. Therefore I believe it is better when a request is made for a tree on a street where these conditions exist to plant the trees on the abutter's lot near the sidewalk.

All electric wires have been closely watched and the Edison Electric Illuminating Company notified when the wires were damaging the trees. When new poles are being set and wires relocated through the trees it is necessary for the Tree Warden to give the work close supervision, in order to see that the trees are protected.

In 1920 the Tree Warden Department was furnished with a one ton truck, which was very much needed. This truck is a great advantage to the Department and has materially increased its efficiency. The Town can now be covered in a very short time and we are fully equipped to take care of any tree trouble that may be caused by high winds or ice and snow laden branches. The weight of ice or snow bears the branches down so that they come in contact with the electric wires and very little burning causes the branches to split and hang in a danger-

ous condition. For detailed report of the expenditures of the Department see the Auditor's Report.

For the maintenance of the Tree Warden Department for 1921 I recommend an appropriation of \$3325.

Respectfully submitted,

VAN D. HORTON,
Tree Warden.

REPORT OF SUPERINTENDENT OF MOTH DEPARTMENT

Watertown, Mass., January 15, 1921.

To the Honorable Board of Selectmen:

Gentlemen: The report of the Gypsy and Browntail Moth Department for the year ending December 31, 1920, is herewith submitted.

All Town and private property was thoroughly gone over and close search made for gypsy moth egg clusters and browntail moth nests. Gypsy moth egg clusters were treated with creosote and the browntail moth nests were cut off and burned in the fall and spring and the trees were sprayed for both pests when the foliage came out. The small blue spruce trees and the rambler rose bushes entailed more work than large trees, owing to the difficulty in locating and treating the egg clusters and nests.

The browntail moths were not as numerous as they were the year previous. Many of those which we found were small and diseased and fifty of these nests were sent by request to the United States Bureau of Entomology at Melrose Highlands.

The co-operation given to this department by the property owners was a great help and I wish to express my appreciation of it. Advice or suggestions relative to moth work were gladly given by the department. The work which was formerly done by contractors is now done by the Moth Department, and at a much less expense to the property owner. The small number of complaints received by the Department for moth charges would indicate that the property owners assessed for moth charges feel that they have been accorded fair treatment. The total amount assessed for 1920 was \$1,691.88; total number of charges entered was 3174 and two moth charges were abated. The appropriations for 1920 were as follows:

Superintendent, \$800; clerk, \$425; labor and supplies for Town work, \$1160; labor and supplies for private work, \$1125; making a total of \$3510.

The satin moth was found on Boyd Street this past year. During the feeding season this moth is fully as destructive as the gypsy moth. The caterpillar is light brown, with two rows of gold colored spots running its full length and it is as large a caterpillar as the gypsy moth. The satin moth when in flight is pure white. The nest is also white and has the appearance of being varnished. Nests may be found on twigs and leaves, and even on blades of grass. The satin moth should not be confused with the tussock moth, which latter is found in all parts of the Town.

I recommend an appropriation of \$3640 for the year 1921, with an additional appropriation of \$700 for a small spraying outfit.

Respectfully submitted,

VAN D. HORTON,
Superintendent of the Moth Department.

TREASURER'S REPORT

The following report is respectfully submitted covering the by-laws and such other requirements as should be shown in the Treasurer's Report.

Borrowed in 1920

Anticipation of Revenue, February 5, Union Market National Bank at 5.95, \$175,000 due and paid November 26; April 9, Estabrook & Co., at 5.65, \$100,000, \$50,000 due and paid November 26 and \$50,000 due and paid, December 28; July 6, Union Market National Bank, \$100,000 at 6.18 due and paid December 28; December 17, \$150,000 Union Market National Bank at 6.25, \$50,000 due April 20, 1921, \$50,000 due May 20, 1921 and \$50,000 due June 20, 1921; April 13, there was borrowed in anticipation of serial loan, \$15,000, Union Market National Bank at 5.50 due and paid May 13, 1920.

Bonds, May 11, Old Colony Trust Company at 100.219, Pavement Bonds \$55,000, Street Construction, \$44,000 and Sewers and Drains \$30,000; June 1, Old Colony Trust Company, at 101.569, Building Bonds \$30,000, Land Bonds \$12,000; October 1, Estabrook at 102.15, School Street \$7,000, Drainage \$11,000 and Arlington Street \$15,000.

HARRY W. BRIGHAM,
Treasurer.

Approved, December 31, 1920,

W. W. NORCROSS, Jr., *Auditor.*

The following is a list of all moneys and securities which have been placed in my charge by virtue of any gift, devise, bequest or deposit.

The Martha Sanger bequest in the shape of a fund deposited in the Watertown Savings Bank.

Balance on hand December 31, 1919,	\$648 70
Interest for year,	28 71
	<hr/>
	\$677 41
Withdrawn,	35 00
	<hr/>
Balance, December 31, 1920,	\$642 41

The Templeton Fund, \$2500, which is represented by two \$1000 4 per cent first mortgage gold bonds of the New York, New Haven and Hartford Railroad, Harlem River and Port Chester Division, and an account in the Watertown Savings Bank for \$500. The interest on same (\$102.75) paid to the Associated Charities for distribution at Christmas time as per order of the Board of Selectmen.

The several sums of money turned over to me on account of perpetual care of lots in the cemeteries have been deposited in the Watertown Savings Bank and now amount, including interest, to \$20,879 96.

Balance, December 31, 1920,	\$18,495 06
Interest for the year 1920,	859 31

\$19,354 37

Interest withdrawn on account of Cemetery Department (1919),	774 91

\$2,300 50
\$20,879 96

Municipal Building Fund. Certificate of deposit, \$21,500, from Union Market National Bank, dated July 3, 1912, payable ten years from date with interest compounded semi-annually; also certificate of deposit for \$8,235.10, interest due to January 3, 1921, secured by bonds whose market value shall at all times equal principal and interest then due. The above fund represents the money received from the Mount Auburn Cemetery Corporation in lieu of taxes on land purchased from Stone estate, and the Thomas Dalby Co. land purchase (\$1500).

I have also in my charge the following property of the Public Library which are not direct gifts or bequests to the Town:

Bonds from the Pratt Bequest, amounting to \$5000.

Bonds for \$2000, invested from accumulated interest received from above funds. Interest due semi-annually and paid to Mr. Horace W. Otis, who represents the committee in charge of the fund. Also the Benjamin Hosmer Pierce Fund to the Trustees of the Library, represented by a deposit in the Watertown Savings Bank, amounting to, including interest, \$1119.51.

Barry Fund, deposited in above savings bank, amounting to \$1,094.13.

No sums can be drawn from the above accounts except upon written order of a majority of the Trustees of the Public Library.

ASSESSORS' REPORT FOR THE YEAR 1920

The Board of Assessors herewith respectfully submits its record of the work for the year 1920.

The year 1920 has been a particularly trying one for this department, requiring a large part of the time and the close application of the members.

At the beginning of the year, the Assessors gave a great deal of thought and investigation to arrive at the best policy for the Town in respect to general valuations of real estate.

After consulting with the Assessors of various towns and cities and bank officials, and getting the best information available for replacement values and opinions as to whether the high costs were to continue, we arrived at the conclusion that it would be a number of years before prices can be materially reduced and probably never would fall to pre-war levels.

With this information in mind, it was decided to adopt a policy of valuation not at the top or at the cost of replacement, and not at the low pre-war values — but using our best judgment at a fair market value between the two, thus avoiding the necessity for great reductions when re-adjustments bring prices to a firmly established basis.

Disregarding the values as recorded on the books, every piece of property in Town was examined and appraised on the premises. This was without any consideration of what rate would be required to furnish the necessary money for the expenses of the Town, or what the total for the whole would amount to.

The result was an increase of the total value, of \$3,959,387, or about 16 per cent, minus.

It was suggested to the Assessors at the beginning of the year that a fixed increase of a certain percentage on all property would be a fair way to arrive at valuations.

This did not seem the best way, as there were some inequalities which would not be corrected by this method, and while it

would have been much easier, it would not be as satisfactory to your Assessors or to the taxpayers.

At a time when a general increase in valuations is made, it is natural that many property holders should question their increase. In almost every instance, after explanation of the situation and how values were arrived at, were explained, complainants seemed satisfied, and comparatively few reasonable requests for changes, other than those caused by clerical errors and duplicates, were found to be necessary.

More dissatisfaction with and trouble for the Assessors was created by the assessment of household furniture, than by all other matters combined. We would be glad to eliminate this item if allowed to do so. This, however, we cannot do if the law is strictly administered. It is required that each and every citizen shall, previous to May 15 of each year, file a return upon blanks furnished by the department, of all real estate and tangible personal property owned by each party. This requirement of the law was widely advertised and a circular describing the method of arriving at the value of all tangible taxable property was given with each blank form for the return. The instruction circulars were so plain that it seems they should be easily understood. Notwithstanding these instructions and explanations, many citizens failed to give the matter any attention, the result being, that unless a tax is placed upon the negligent ones, the conscientious person pays and the indifferent and negligent party escapes.

The Board will, in the future, assess as provided by law, all property of persons failing to supply the Assessors with the required information.

At the beginning of the year, our clerical assistants were new to the work and inexperienced, which required a great deal of the time of members of the Board, to attend to the routine work and instruction. The present clerks are becoming very efficient, and with contemplated improvements in the system of the office, will eliminate mistakes which have been made this year.

We have not the proper facilities for the protection of invaluable records and books of the department. It has been suggested that a practical and inexpensive way to provide for

their safe keeping, would be to break into the bell tower of what was formerly the engine house, making a vault of this space. This would provide room and proper protection for the plans of the block system and books, and for all other records. For the adoption of this suggestion, we have an estimate of the cost, to be about \$1000.

By a clerical error, which could not have been foreseen, items of exempted property were included in the total valuation of the Town when the rate was determined. This was not discovered until too late for correction, the effect of which was to eliminate the overlay which we had intended to provide for abatements. It will therefore be necessary to make an appropriation of the necessary amount to provide for abatements of the 1920 taxes.

The addition of the names of women voters which the Police Listing Board will return to the Assessors, and by them returned to the Registrars of Voters, will add a large amount of work to the department and will require additional clerks in the office, and increased expenses which will be included in the estimate submitted.

Respectfully submitted,

FREDERIC E. CRITCHETT,
CLINTON E. HOLMES,
B. FAY McGLAUFILIN,

Watertown, January, 1921.

Assessors of Watertown.

REPORT OF THE COLLECTOR OF TAXES

I respectfully submit the following report relative to the collection of taxes for the past year.

You will note that practically all taxes are cleaned up except a small amount for 1919, and of course the usual amount for the past year, a large number of which have been paid since the close of the books.

FREDERICK J. COLBY,
Collector of Taxes.

Summary of Uncollected Taxes

1920 Taxes

Original Commitment	\$786,558 98

REPORT OF PLAYGROUND COMMISSION

To the Honorable Board of Selectmen:

The Playground Commission herewith submits its sixth annual report.

The Commission met and organized in June, 1920, as follows: Henry M. B. Ogilby, Chairman; Edward J. Paul, Secretary.

The playgrounds and bathing beach were opened on July 7 and closed August 31, 1920. The work this year has again been under the supervision of Mr. Frank McNamara, who has given excellent satisfaction in every way. Mr. McNamara had the good fortune and judgment in securing the aid of competent assistants who co-operated with him to make the season's work a success. In order that the Honorable Board of Selectmen may have a more comprehensive idea how well this work was carried out, it might be well to incorporate Supervisor McNamara's report into the report of the Commission with the recommendations contained therein approved.

Frank J. McNamara's Report

The apparatus was repaired and set up by Mr. Edward F. Richards and everything was made ready for the opening day of the season. The instructors reported Tuesday, July 7, as directed and the work of the season was outlined and the duties of the instructors explained and they were assigned to their positions.

Mr. Francis Wilson, Miss Frances Lyons and Miss Frances Kelley were assigned to the Saltonstall Playground, and Mr. Francis Kelley and Miss Bertha Doyle to the Coolidge Playground. Mr. John Mason, Mr. Francis Mooney, and Mrs. Tolman were assigned to the bathing beach.

Among the activities of the year were courses in folk dancing, singing games, and handicraft and occupational work,

such as reed and raffia basketry, sewing, knitting and embroidery, and a course in millinery.

A course in baby hygiene was introduced through the co-operation of Miss Louise Clarke, public health nurse, and the course of lectures given by her attracted many mothers and children. This course was inaugurated August 6 with a mother's day and baby contest. About thirty-nine babies entered the contest and prizes were awarded to the healthiest baby, the most attractive baby and the best decorated baby carriage. This course attracted widespread attention to the playground work and much favorable comment in the newspapers.

Competitive athletics were entered into enthusiastically by all the children and among the chief major sports were basket ball, volley ball, baseball, soccer football, and quoits.

Games were played between different districts of the town between the two playground teams, and also with the Newton playground team and much rivalry developed.

Great interest was apparent in each branch of the work, and a large number of children was in attendance daily. The total attendance at Saltonstall Playground was 12,260, at Coolidge Playground, 3300, or a total attendance of 15,560.

The annual demonstration of playground work was held August 31, and was well attended. A sudden shower dispersed the crowd and the unfortunate circumstance of a sudden down-pour upon colored crepe paper costumes caused the postponement of the elaborate program which had been arranged. After some deliberation the program of folk dancing and singing games was eliminated due to the fact that the costumes were of such perishable material and had actually perished in the storm.

The children gathered in the Grant School building, and here prizes were awarded in occupational work, and the rest of the program postponed. The track events were held September 1 and the prizes were awarded to the successful contestants.

The bathing beach at Charles River Road was an attraction for a large number of adults and children throughout the summer. The beach opened July 7 and closed August 31, and

was under the direction of lifeguards, John Mason and Francis Mooney, and Mrs. Tolman, matron. The raft was placed at the beach August 1 and proved to be a very useful part of the equipment of the beach. Three rescues from drowning were made by the lifeguards and their work throughout the season was worthy of commendation.

A swimming meet was held on the afternoon of August 29 under the direction of the lifeguards and attracted a large crowd and furnished some close competition demonstrating as well the benefits of the bathing beach to the children. Prizes were awarded to the winners in the various events. The total attendance at the bathing beach was 4250.

All the apparatus and equipment is in good condition, any defects having been remedied and new apparatus purchased to replace any that had become unsafe or unfit for use. The equipment at the Charles River Road Bathing Beach, however, is not in good condition. The tents have become of little use, due to the large attendance. The boat used by the lifeguards is beyond repair and some minor repairs must be made on the raft.

Recommendations

It has been necessary during each season to engage men for the purpose of repair and upkeep of the apparatus. It is also advisable that some one should be employed to care for the upkeep of the grounds, such as cutting grass, keeping the playground area free from dirt, rubbish, stones, glass, etc. I recommend, therefore, that a man be employed from the middle of June to the middle of September or more specifically for ten weeks, who shall serve as a ground keeper and repair man and that an appropriation under the salaries appropriation for this purpose be requested.

I recommend the following appropriation for 1921.

Salaries:

Supervisor, 10 weeks at \$35.00 per week,	\$350 00
Instructors, 8 weeks,	1,408 00
Repair man, 10 weeks, basis, 60 cents per hour	288 00
Apparatus for proposed playground at High School	500 00

Two portable bathhouses	\$1,600 00
Maintenance,	900 00
	<hr/>
Total	\$5,046 00

Large numbers of children in the district known as Union Market, one of the most thickly populated districts of the town, are without any playground facilities. In this district because of the number, the class and the congestion of the children, a new playground should be established, and the best available location is the land between the High School and the Hosmer School. This location is adapted to the needs of the district and I therefore recommend that this location be graded and equipped for playground purposes.

The districts of the town known as West Watertown and Bernis are also without playground facilities, and in these districts are large numbers of children. On the bank of the Charles River at the end of Howard Street on Pleasant Street, and extending up the river is a lot which will be accessible to both of these districts and which is adapted to playground needs in a two-fold manner. At this point in the river there is at present a swimming hole commonly known to the children of these districts as the Boom. It is especially adapted for bathing purposes, and the land adjoining is well adapted for playground purposes. The lot of land is large enough for a ball field, and playground apparatus and equipment, and for its location and accessibility and adaptability, it is without question the logical site for a playground. On the opposite bank of the Charles River is the Allison Playground and Bathing Beach of the City of Newton.

I recommend, therefore, that the Town of Watertown dispose of Howe Park and the land formerly used as the site of the West Watertown Schoolhouse at the corner of Main and Howard Streets, and purchase and equip the land above described for the purpose of a playground and bathing beach. I suggest that the Planning Board be notified of this recommendation.

At the Charles River Road Bathing Beach the tents have outlived their usefulness due to the large attendance and the

age of the bathers. It is therefore necessary for the protection of the bathers themselves, their property and especially their morals, that buildings be purchased or some method be adopted to provide suitable facilities for the bathers who undress and dress at this beach. I recommend that two portable buildings be purchased. Of course this would have to be done with the approval of the Massachusetts Highway Park Commission.

Respectfully submitted,

(Signed)

EDWARD J. PAUL, *Secretary*,
HENRY M. B. OGILBY, *Chairman*,
GEORGE E. FREETHY

REPORT OF THE TOWN PLANNING BOARD

Watertown, Mass., January 17, 1921.

To the Citizens of Watertown:

We beg to submit our Seventh Annual Report for the year ending December 31, 1920.

Members of the 1920 Board: Eric L. Johnson, George W. Ayer, William W. Rugg, Herbert G. Mason, One Vacancy.

Organization of Board: Chairman, Herbert G. Mason; Secretary, Eric L. Johnson.

We have had monthly meetings except in July, August and September, and every meeting a majority of members was present.

The Board has given considerable study and time with the Committee on Municipal Town Buildings, on the selection of a suitable site for a new municipal building.

The Board recommends that the delta at angle in Adams Avenue be graded at the same time the road is constructed.

That the portion of Fossland used by the Town as a dump should be graded systematically and leveled off to an established grade.

We would recommend that new and suitable street signs be erected where needed.

We would recommend that the Board of Survey of our Town refer plans of new development to the Planning Board before approving same.

We would recommend that the delta at Carver Road and Carver Road East be graded.

We would recommend that some action be started to do away with the unsightly high fence along Walnut Street at Stockyards.

The Board has given considerable attention to a new zoning law, Chapter 601 of the Acts of 1920, viz: An Act to Authorize Cities and Towns to limit buildings according to their use or construction to specified districts.

This Article was inserted in the last Town Warrant and we hope it will be brought to the attention of the Citizens of the Town in the near future.

The Board had Mr. Roger Greeley of Lexington, a member of the Executive Committee of Massachusetts Federation of Planning Boards, give an instructive talk on Town Planning pertaining to zoning, at which the Selectmen and a number of Town meeting members from each precinct were present, and we hope that in the near future we may be able to have plans and by-laws made to protect our homes and citizens in the Town.

Respectfully submitted,

HERBERT G. MASON, *Chairman*
ERIC L. JOHNSON, *Secretary*
WILLIAM W. RUGG
GEORGE W. AYER

REPORT OF THE PERAMBULATION OF BOUNDARY LINES

Between the City of Waltham and the Town of Watertown

On October 27, 1920, the undersigned officials of the Town of Watertown and the City of Waltham, duly authorized, met on the boundary line of the two municipalities and examined the same to establish the bound marks between the two municipalities.

The line begins at the corner of Newton, Waltham and Watertown, an unmarked point in the channel of the Charles River about 325 feet below the Farwell Street bridge in Waltham; thence north forty-one degrees, six minutes, east (N. 41°06'E.) about forty-five (45) feet to the Newton, Waltham and Watertown east witness mark, a granite monument marked "W W" situated about two and one-half ($2\frac{1}{2}$) feet from the northerly bank of the river; thence north forty-one degrees, six minutes east (N. 41°06'E.) ninety-three hundred fifty-three (9353) feet to the corner of Belmont, Waltham and Watertown, a granite monument situated 400 feet north of the junction of Dwight and Sycamore Streets in Watertown.

Between the corners as above described intermediate line bounds were found at the following points: A roadstone on the southerly side of River Street, a line stone in the Governor Gore estate, one-half way between River and Grove Streets, and roadstones as follows: On the northerly side of Grove Street, on the southerly side of Main Street, on the northerly side of "Hagar's Lane," on the northerly side of Warren Street and the westerly side of Sycamore Street.

(Signed)

CHARLES M. ABBOTT,
ERNEST K. INGALLS,
G. FREDERICK ROBINSON,
Town of Watertown.
HENRY F. BEAL,
GEORGE C. BREHM,
RICHARD STEELE,
City of Waltham.

Report of Consulting Engineer

The following report and recommendations are with reference to the perambulation of the bounds between Watertown and Waltham on October 27.

Witness monument on border of Charles River. We found the witness monument situated on the border of Charles River about 325 feet below the Farwell Street bridge in Waltham to be leaning about 18 inches out of its true position. This monument should be reset firmly in Portland cement concrete in its true and vertical position.

Road stone on south side of Pleasant Street. This monument we found to be broken off at the surface of the ground. A new granite stone 10 inches in width by 12 inches in depth and 7 feet in length should be set firmly in Portland cement concrete in its true position, with the letters W-W four inches in height cut into opposite faces of the stone.

Road stone on north side of Waltham Street. We found this road stone, which had been previously broken, and set in place, only about a foot above the surface of the ground. A new granite monument 10 inches by 12 inches in cross section and 7 feet in length, with appropriate letters cut into the stone, should be set accurately and firmly in Portland cement concrete in the position of the present stone.

The estimated cost for monuments, setting and engineering is \$175.

WILBUR F. LEARNED, *Consulting Engineer.*

November 2, 1920.

Between the Town of Belmont and the Town of Watertown

The undersigned officials of the Town of Watertown and of the Town of Belmont, duly authorized, met on October 27, 1920, and examined the stone bounds marking the boundary line between the Town of Belmont and the Town of Watertown being described as follows, namely:

Commencing at a stone monument marked "W" "W" "B" "13" where the lines of the Towns of Watertown and Belmont and the City of Waltham meet, said bound standing in the woods on the estate now or formerly of Mrs. Thayer, south of the line of the Fitchburg Railroad about one hundred and fifty (150)

feet and opposite a large culvert. Thence running in a southerly direction to a stone monument marked "W" "B" "12" standing on the north side of Holt Street, a private street leading westerly from Lexington Street in Belmont. Thence in the same direction and in the same straight line to a stone monument marked "W" "B" "11" standing on the southerly side of Belmont Street, at a point known as the "Four Corners" which is at the intersection of Lexington Street in Belmont with Belmont Street on line of land owned by George E. Brown in Watertown. Thence running nearly east following the line of Belmont Street to a stone monument marked "W" "B" "10" standing on the southerly side of Belmont Street, in front of land of Mr. P. Keenan or owners, and where the lines of Watertown, Belmont and the City of Cambridge meet.

We find all bounds in good condition and set in accordance with the above description.

(Signed)

CHARLES M. ABBOTT,
G. FREDERICK ROBINSON,
WILBUR F. LEARNED,
FORREST J. MAYNARD,

Watertown Committee.

JOHN A. L. ODDE,
EDWIN E. FARNHAM,

October 27, 1920.

Belmont Committee.

Report of Consulting Engineer

We found all the stone monuments in good condition and position. At the corner stone situated on the south line of Belmont Street near St. Mary's Street, which stone is marked C. W. and marks the corner boundary between Belmont and Watertown, the question arose as to the proper lettering of the stone. It was agreed that the subject matter of lettering be postponed until the line between Cambridge and Watertown be changed by legislation, to conform with the present south line of Belmont Street, the line now extending approximately along the center of the walk on the south side of Belmont Street.

WILBUR F. LEARNED, *Consulting Engineer*

November 13, 1920.

Between the City of Cambridge and the Town of Watertown

On November 9, 1920, the undersigned committee, representing the City of Cambridge and the Town of Watertown, met and examined the boundary lines dividing said city and town, and report that they found monuments as described below, properly marked and standing in their proper positions.

Beginning at a stone monument in Belmont Street where the lines of Belmont, Cambridge and Watertown meet (said stone being in the roadway has been cut off — and is now about one foot below the surface of Belmont Street) a witness bound has been set on the southerly side of the street 13.4 feet southerly from said bound and is marked "C. W." From this monument the line runs easterly (following the crooked line, which formed the old southerly boundary of Belmont Street) to a stone monument at the junction of Belmont and Mt. Auburn Streets (this stone being in the roadway has been cut off level with the gutter) thence southerly crossing Mt. Auburn Street 93.75 feet; this corner is marked by a bolt and the letters "C. W." in the parapet of the Mt. Auburn Street bridge over the Watertown Branch of the Fitchburg Railroad — thence easterly along the southerly line of Mt. Auburn Street (as laid out and established by the county commissioners on June 13, 1896) to a point in the old southerly line of Mt. Auburn Street — thence easterly along said line to a stone marked "C. W. 7-1829." Thence easterly in a straight line to a stone marked "C. W. 6-" thence turning and running south 10°-17' west 445.49 feet across land of Mt. Auburn Cemetery to a stone monument standing in said cemetery and marked "C. W.-5"; thence turning and running south 80°-10' east 1078.75 feet to a stone marked "C. W.-4" standing on the westerly side of Coolidge Avenue — thence turning and following the westerly side of said avenue — running in a general southerly direction to a stone monument marked "C. W.-3," thence south 17°-10' east 38.14 feet to a stone standing on the southerly side of Coolidge Avenue and marked "C. W.-2," thence running south 18°-30' east to the division line between Cambridge and Boston. The stone which formerly stood on the northerly

bank of Charles River (marked "C. W.-1") has been removed and will be replaced when the land has been filled as is now contemplated.

(Signed)

CHARLES M. ABBOTT,
ERNEST K. INGALLS,
G. FREDERICK ROBINSON,
WILBUR F. LEARNED,
FORREST J. MAYNARD,

Watertown Committee.

JOHN H. HOLT,
GEORGE DAVIS,

Cambridge Committee.

Report of Consulting Engineer

The witness monument, which formerly stood near the border of Charles River on Metropolitan Park land adjoining the Cambridge Cemetery, was not found; all others between the two municipalities were found to be in good condition.

A conference November 11 with W. F. Williams, Engineer, Massachusetts Commission on Waterways and Public Lands, resulted in postponing the resetting of the witness monument until the contemplated improvements by the Metropolitan District Commission have been completed.

WILBUR F. LEARNED, *Consulting Engineer.*

November 11, 1920.

Between the City of Newton and the Town of Watertown

To the Board of Aldermen of the City of Newton and the Selectmen of the Town of Watertown.

Gentlemen:

The undersigned committee, duly appointed by the Board of Aldermen of the City of Newton and the Selectmen of the Town of Watertown, to perambulate the boundary lines between said city and town, would respectfully report that they did on November 9, 1920, examine the boundary lines dividing said city and town, and that they found monuments as described below, properly marked and standing in their proper positions.

First. Commencing at a point where the boundary lines of Watertown, Waltham and Newton meet in the center of the channel of the Charles River, said point having two witness monuments situated on the north and south banks of said river.

Second. Thence running easterly along said center line of channel to a point in range with stone monuments numbered 11, 12 and 13 to be hereinafter described.

Third. Thence extending in a southwesterly direction to a stone monument marked "W" "N" "13" standing on the south side of the Charles River on land of the Commonwealth of Massachusetts.

Fourth. Thence extending in the same direction to a stone monument marked "W" "N" "12" standing in the sidewalk on the northerly side of California Street in front of land of Eva M. Pierce.

Fifth. Thence extending in the same direction to a stone monument marked "W" "N" "11" standing on land of Roman Catholic Archbishop of Boston, a little easterly of house on said land and near Watertown Street.

Sixth. Thence extending easterly to a stone monument marked "W" "N" "10" standing near the easterly line of Watertown Street in front of land of John Cormier.

Seventh. Thence extending in the same direction to a stone monument marked "W" "N" "9" standing on the westerly line of Fayette Street in front of land of Henry C. Smalley.

Eighth. Thence extending in the same direction to a stone monument marked "W" "N" "8" standing on the northerly line of Boyd Street opposite the land of John N. Corner and George Smith.

Ninth. Thence extending in the same direction to a stone monument marked "W" "N" "7" standing on the easterly line of Park Street on land of estate of John Gleason.

Tenth. Thence extending in the same direction to a stone monument marked "W" "N" "6" standing on the southerly line of Boyd Street opposite the house of the estate of J. Henry Bacon.

Eleventh. Thence extending in the same direction to a stone monument marked "W" "N" "5" standing in the sidewalk on the westerly side of Galen Street in front of land of John T. Burns & Sons, Inc. Stone broken off and to be reset.

Twelfth. Thence extending easterly to a stone monument marked "W" "N" "4" standing in the cellar of a house facing Jefferson Street, said house being No. 51, owned by Mary M. Carley.

Thirteenth. Thence extending northerly to a stone monument marked "W" "N" "3" standing in the sidewalk on the southerly side of Williams Street in front of the estate of Joseph M. Briggs.

Fourteenth. Thence extending in the same direction to a stone monument marked "W" "N" "2" standing in the sidewalk on the southerly side of Maple Street in front of the land belonging to Jonah G. Bridge.

Fifteenth. Thence extending in the same direction to a stone monument marked "W" "N" "1" standing on the southerly side of Charles River on land belonging to Isabella M. Bridge.

Sixteenth. Thence extending in the same direction to the center line of the Charles River.

Seventeenth. Thence extending in an easterly direction over said center line of the Charles River to a point where the boundary lines of Newton, Boston and Watertown meet.

At the crossing of Bridge Street over the river, the appearance of the abutment shows the location of the line, extending down the thread of the river, and upon said line at the easterly and westerly side of the bridge cast-iron plates have been set marked "N" and "W" the exact line being marked by a vertical projection on each plate. The stone witness monument marked

"1" is about twelve inches above the surface; the ground having been filled around the monument on account of the regrading of the grounds caused by the location of the Metropolitan Sewer. The stone monument marked "4" is situated in a bin filled with coal in the cellar of house owned by Mary M. Carley and was not seen by the undersigned.

(Signed)

CHARLES M. ABBOTT,
ERNEST K. INGALLS,
G. FREDERICK ROBINSON,
WILBUR F. LEARNED,
F. J. MAYNARD,

For the Town of Watertown.

ALBERT H. McAUSLAN,
B. L. GOODWIN,
EDWIN H. ROGERS,
FRANK M. GRANT,

For the City of Newton.

Report of Consulting Engineer

Stone "5" on the north side of Galen Street, which is maintained by the two municipalities, was broken off just below the surface of the ground. It was agreed by both committees present that the City of Newton set a new stone with the top flush with the sidewalk and that the expense be shared equally by both municipalities.

WILBUR F. LEARNED, *Consulting Engineer.*

November 11, 1920.

REPORT OF INSPECTOR OF CATTLE

To the Honorable Board of Selectmen:

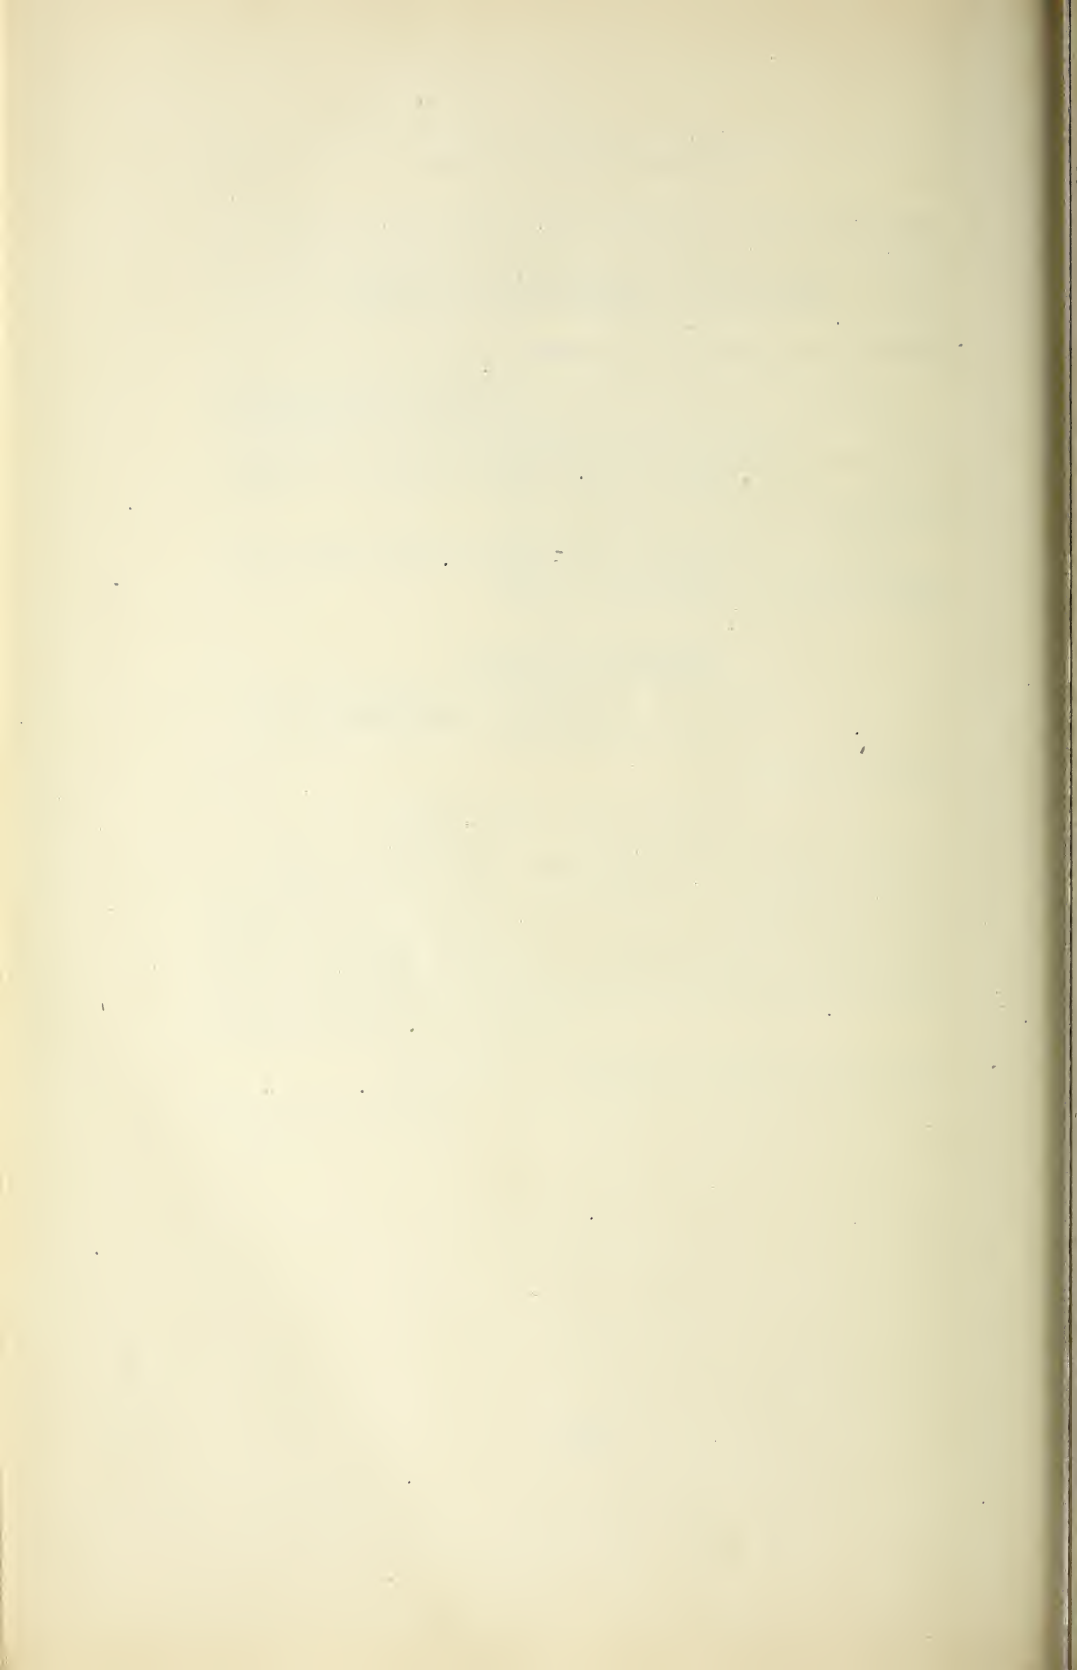

Gentlemen: I herewith submit my report as Cattle Inspector and Town Veterinarian, for the year ending December 31, 1920.

Examined nine hundred and thirty animals for contagious diseases, and inspected forty-one stables relative to sanitary conditions.

Animals in the different departments of the Town have received medical attention when needed.

Respectfully submitted,

JESSE F. HUMPHREVILLE.

SUMMARY OF STATISTICS

For the Year Ending December 31, 1920

(In form recommended by the New England Water Works Association)

Watertown Water Works

Town of Watertown, Middlesex County,
State of Massachusetts

General Statistics

Population estimated, 21,500.

Date of construction, 1884-1885.

By whom owned, Town.

Source of supply, Metropolitan.

Financial

Receipts

From Water Rates:

A	Meter rates,	\$119,178 14	
B	Total from consumers,		\$119,178 14
C	For hydrants,		
D	For fountains,		
E	For spraying trees,	4 40	
F	For public buildings,	856 91	
G	Appropriation for construction,	20,000 00	
H	Appropriation for maintenance,	9,942 00	
I	Special appropriation,		
	Renewal of mains,	12,400 00	
J	Total from municipal departments,		43,203 31
K	From other sources:		
	Service pipes, etc.,		2,858 82
Total,			<hr/> \$165,240 27

Expenditures

Water Works, Maintenance,		
AA	Operations (management and repairs)	\$16,889 30
BB	Special:	
	Metropolitan assessments,	38,534 77
	Renewals, special,	12,155 21
		<hr/>
CC	Total maintenance,	\$67,579 28
DD	Interest on bonds,	6,360 00
EE	Payments on bonds,	19,000 00
Water Works, Construction,		
FF	Extension of mains,	\$10,616 42
GG	Extension of services,	8,667 42
HH	Extension of meters,	93 98
		<hr/>
II	Total construction,	19,377 82
JJ	Balance:	
(aa)	Ordinary,	\$59,712 38
(bb)	Extraordinary:	
	Renewals,	244 79
		<hr/>
Total balance,	\$59,957 17	59,957 17
		<hr/>
KK	Total,	\$172,274 27
Disposition of balance:		
L	Net cost of works to date,	\$705,387 54
M	Bonded debt to date,	\$153,000 00
N	Average rate of interest, $3\frac{1}{2}$, 4, and $4\frac{1}{2}$ per cent,	
	Matured bonds, payable April 1, 1921,	\$3,000 00
	Matured bonds, payable July 1, 1921,	5,000 00
	Matured bonds, payable January 1, 1921,	9,000 00
	Matured bonds, payable October 1, 1921,	1,000 00

Statistics of Consumption of Water

1. Estimated total population to date, 21,500.
2. Estimated population on lines of pipe, 21,500.
3. Estimated population supplied, 21,500.

4. Total consumption for the year, 699,673,000 gallons.
5. Passed through meters, 435,319,000 gallons.
6. Percentage of consumption metered, 62.21.
7. Consumption for manufacturing purposes, 244,788,000.
8. Average daily consumption, 1,911,700.
9. Gallons per day to each inhabitant, .89.
10. Gallons per day to each consumer, .89.
11. Gallons per day to each tap, 565.
12. Cost of supplying water, per million gallons, figured on total maintenance (CC), \$96.58.
13. Total cost of supplying water, per million gallons, figured on total maintenance plus interest on bonds, \$105.67.

Statistics Relating to Distribution System

Mains

1. Kinds of pipe, cement and cast-iron.
2. Sizes, from 16-inch to 2-inch.
3. Extended 7934 feet during year.
4. Total now in use, 53 miles.
5. Cost of repairs per mile, \$11.58.
6. Number of breaks, during the year, 1.
7. Length of pipes less than 4 inches in diameter, 6.12 miles.
8. Number of hydrants added during the year (public and private), 9.
9. Number of hydrants (public and private) now in use, 432.
10. Number of stop gates added during the year, 22.
11. Number of stop gates now in use, 708.
12. Number of stop gates smaller than 4-inch, 73.
13. Number of blow-offs, 13.
14. Range of pressure on mains, 100 pounds to 40 pounds.

Services

15. Kind of pipe, W. I. cement lined and galvanized.
16. Sizes, $\frac{3}{4}$ inch to 2 inches.
17. Extended 3995 feet.
18. Number of services changed from $\frac{3}{4}$ -inch to 1-inch, 16.
19. Total now in use 22,730.5.

20. Number of service taps added during the year, 88.
21. Number now in use, 3383.
22. Average length of service, 45.39.
23. Average cost of service for the year, \$32.48.
24. Number of meters added, —.
25. Number now in use, 3471.
26. Percentage of services metered, 100.
27. Percentage of receipts from metered water (A divided by B), 100. Eighty-two services laid to vacant lots as far as street line.

Of the fifty miles of water mains in our streets there is still about twenty miles of the old cement-lined pipes which have been in service thirty-seven years. This is a matter of deep concern to the Board and of vital importance to the Town. It is therefore important and necessary that the Town appropriate a substantial amount each year for the renewal of these old mains and in this connection it is well to state that it has long been the policy of the commissioners in so far as the appropriations would permit, to replace the old mains where it has been decided to resurface or rebuild the streets. It would be vastly better if this work would precede the rebuilding of the streets by at least one year, so that the settling of the streets around the pipes be fully overcome.

We are informed by the State Highway Commission that Main Street from Howard to the Waltham line (State Road) is to be rebuilt this year, and any changes in our system contemplated for the near future on this thoroughfare should be done previous to their work. The present main should be replaced with one of 10-inch capacity, being a main trunk line, and to serve as a future intake from the Metropolitan Conduit to Spot Pond (located near the Town line).

The estimate of the expense of this replacement which is thirty-eight hundred feet in length is twenty-thousand dollars (\$20,000). The streets enumerated to us by the Town Engineer, that are to be rebuilt in the near future are Main Street from Howard Street, Fifth Avenue, and Common Street from Spring to Church Street.

The old cement-lined pipes are in all of the above-named

streets and will have to be replaced before the streets are rebuilt.

Extension of mains or new work on the following named streets, California Street, Prescott Street, Putnam Street east, Hazel Street and Beechwood Avenue will call for about the same appropriation as last year unless there should be large building operations. In that event our usual appropriations would not be sufficient.

Last year we pleaded with the Finance Commission to allow us an appropriation sufficient to buy a light truck to replace one that had passed its usefulness, but without avail. Results: We have had to expend on the old truck in repair bills, more than sufficient to buy a new one. The request is renewed and will be found in our estimate of expense for the Department.

We have touched briefly on a few of the things of considerable importance to the proper functioning of the department.

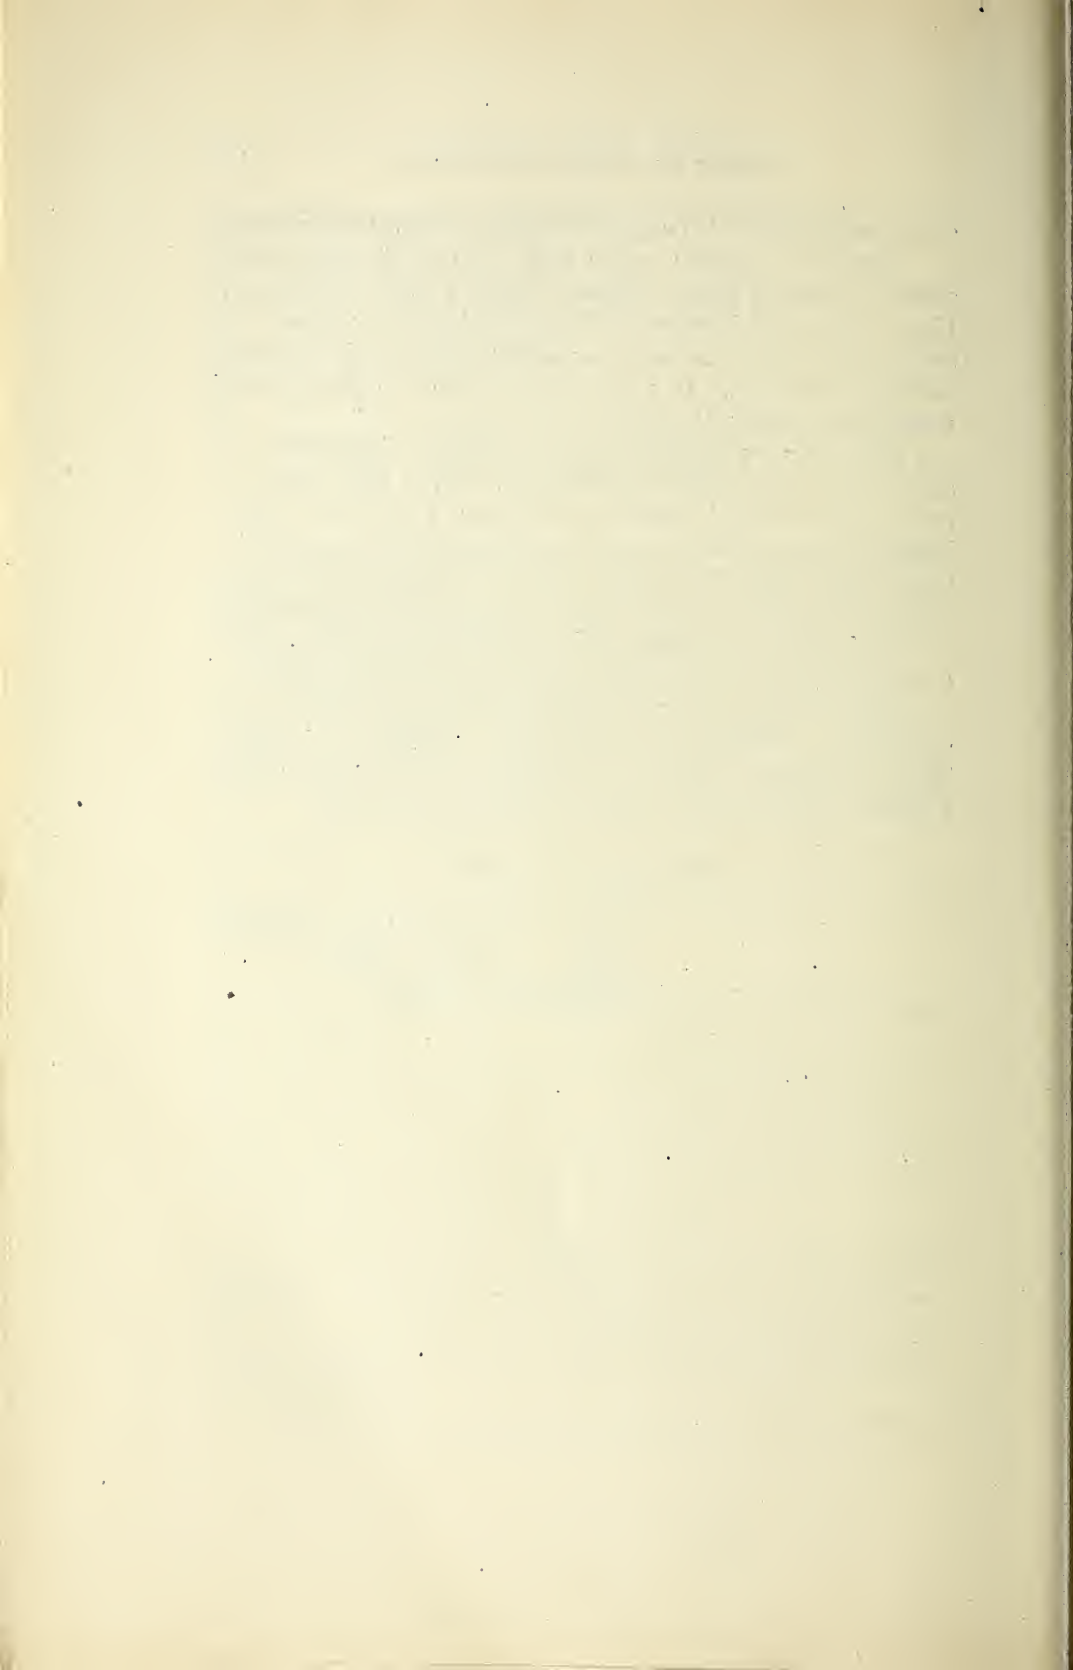

Our requirements for the ensuing year are as follows: For construction, \$20,000; for maintenance, \$10,000; for office, \$700; for salaries, \$6,320; for vacations, \$918; for new truck, \$672.25; and for special work (reconstruction) \$26,800.

Respectfully submitted,

CHARLES BRIGHAM, *Chairman.*

JOHN S. LOVELL, *Clerk.*

JOSEPH W. GERRY.

REPORT OF THE BOARD OF TRUSTEES OF THE WATERTOWN FREE PUBLIC LIBRARY

The Trustees of the Free Public Library herewith submit the report of the Librarian for the year 1920.

Owing to the death of the Chairman of the Board, the Rev. Thomas W. Coughlan, it becomes necessary this year for the Secretary of the Board to sign this report of the Trustees in behalf of that Board. Father Coughlan will be greatly missed by the whole organization, not only for his presence and his cheery outlook on life, but for his wise counsel as well, counsel never thrust forward, but often asked. Fortunately his chair can be occupied, for a time at least, by his fellow-worker, the Rev. Richard N. Splaine.

Last year this report called attention to the growing use of the Library and to the increasing cost of its maintenance; this year these facts must be much more strongly emphasized, for after carrying the property of the Library through the years of the war and the time of consequent inflation of costs, and after holding back many really necessary expenses, the moment has been reached when such economies can no longer be considered and when they have actually ceased to be economical. Depreciation is asserting itself, and will no longer be denied.

For several years the heating plant at the Main Library has been on the verge of a complete breakdown. Continual repairs have been made year after year, but now the limit has been reached. The Library is in imminent danger of being obliged to close its doors for an indefinite period because of a complete failure of the boiler any day, and the cost of repairs has almost arrived at the point where it will meet the interest on the investment in a new boiler. It must now be considered in the terms of a business proposition; not as a mere subject for scientific consultation.

In last year's report mention was also made of the deliberate postponement of several other needs — a new desk in

the delivery room, new flooring and other repairs. With the passing of another year these needs have become imperative. The desk and the flooring came to the Town with the Library building itself — thirty-seven years ago. Need anything more be said?

During the past few years it has become increasingly difficult to obtain assistants in the Library, and of late this situation has become so acute that it has thrown a constantly growing burden upon the willing workers who have been consistently loyal in their help and in their duties. This is not as it should be, and in spite of present financial conditions it seems only fair that the remuneration of those who work in our Library should not be less than those who work in our schools. This requires a slight increase only in the salary budget, and it is not only just that it should be met, but a necessity, if the present very capable staff is to be held, substitutes obtained and vacancies filled.

In spite of heavily increased costs in every direction, particularly in the buying of books and magazines and in the rebinding of worn-out volumes, it is the belief of the Trustees that a reasonably satisfactory service can be maintained throughout the coming year without any addition to the budget for books and maintenance beyond the appropriations of 1920.

EDWIN T. STIGER,
Secretary of the Board of Trustees.

REPORT OF THE LIBRARIAN

To the Trustees of the Watertown Free Public Library.

Gentlemen: I herewith present to you the fifty-third report of the library. While the circulation during the year of 1920 does not show the phenomenal growth that was shown during the two preceding years, a circulation of 127,402, with an increase of 3013 shows a healthy condition. This increase was made in spite of the handicap of the stormy weather and bad walking early in the year. Few changes have been inaugurated and there have been few changes in the personnel of the regular staff. Miss Camp was transferred to the East Branch and for some time we were unable to fill the vacancy at the Main Library but it was filled in April by Miss Irene K. MacDonald. We have also been handicapped by much illness among the staff so that it has seemed unwise to undertake any new ventures.

As has been mentioned in previous reports, the work at the East Branch is hampered by lack of adequate space. From September to December of this year there were 2238 more books circulated than were circulated during the same four months in 1919. Here is a fine field for good work with the children as well as with the adults but when the children come in swarms the adults, disliking the unescapable confusion, are apt to take their departure. Excellent work has been done with the children's reference work so we dislike to turn out the children although we regret that the adults do not find the quiet that they expect to find in a library. The necessity of having a building of our own, with separate rooms for the adults and for the children should be ever kept in mind and everything done to have the Town erect such a building in the near future. Meanwhile something ought to be done to improve the lighting of the book shelves and a regular assistant should be added to the staff to assist at the East Branch.

The work with the schools has been carried on as usual and we have had splendid co-operation from the school department. The circulation of supplementary reading for the schools

has increased and this may be attributed to a better organized system of delivery. It is hoped that we can extend this work further during the coming year. During "Children's Book Week" the children's librarian gave a talk at the Francis School before the Parent-Teacher's Association. An exhibition of children's books was also shown and we had two window exhibits.

The coat of fresh paint on the walls of the children's room has added to the cheerfulness of its aspect and that the children appreciate their room is borne out in many ways. The circulation for the year in this department was 35,375, an increase of 7.2 per cent. Miss Bartlett, the children's librarian, has carried on the work in a most efficient manner. The problems that confront a children's librarian and the value of a good children's librarian, are understood by only the few people who see a children's room during its busy hours and the work that is left behind after the rush is over. The discipline problem is one of the greatest factors in this part of library work. In making up the budget there should be especial consideration given to the replacement of books in the children's room. Many more books should be discarded, if we can have the funds necessary for their replacement.

One room in the building was used but little during a previous period of years but it is now one of the most used rooms in the building. Story-hours, meetings of various kinds and classes in current events, citizenship, Americanization, and finance for women have been held there. Many people have made their acquaintance with the library when attending these classes. It is gratifying to feel that we have a room, which, though not planned for that purpose, like the rooms in the modern library, is such that we can have these meetings.

The American Library Association issued an appeal for funds to carry out a program of library extension work, which had as its slogan, "Books for Everybody." To raise Watertown's contribution to this fund the librarian organized a committee known as the "Books for Everybody" Committee, with the following officers: Mr. Robert Osborn, Chairman; Mr. Robert J. White, Sub-Chairman; Mr. William S. Holdsworth, Treasurer and the librarian as Secretary. Through the medium

of three entertainments and contributions from interested friends the sum of \$670.70 was raised and has been turned over to the American Library Association to be used for books for the blind, for the merchant marine and in hospitals. It is impossible to mention individually all those who gave of their time and money to make Watertown's contribution a credit to the Town but the kindly support of so many of the townspeople in the raising of this money has been one of the pleasantest experiences of my library work.

Again I call your attention to the need of necessary changes and repairs. In the last few years ten new radiators have been added to the system of radiation which an already decrepit boiler had to take care of and it has been necessary to spend money each year for repairs and alterations that have not given the proper results when done. We are also not getting the heat which we should have from the coal burned. I have also spoken of the inefficiency of our delivery desk. When the library was built in 1883 the circulation was 28,274 volumes. Most of the records were kept in large books. Now, with a circulation of 127,402 volumes and modern methods of using cards, etc., the desk in no way meets our needs. The library when it was built, and when it was altered in 1899, was not planned to allow the public access to the shelves. This privilege has been one of the most appreciated innovations of later years but it has been accomplished under many disadvantages to the public and to the staff. While the conditions can never be ideal, a new delivery desk in place of the present desks, the removal of one book-case and the closets and the readjustment of the remaining book-cases will result in a more efficient, and I hope, in a more attractive library. At the same time, the floor, of which I have spoken before, should receive attention. I realize that I am asking for changes that cannot be met through our regular appropriation but I feel that certain extensive repairs should be expected after a building has been used for thirty-seven years and the very fact that the floors are worn so that the nails protrude attests to the number of people who have passed over it during that period and found in the books used either pleasure or profit.

The price of books, periodicals and binding has risen

steadily during the last year and everything points to still further increase. It has been necessary to discard 808 books as worn out and more should be discarded at an early date. To cover the necessary replacements and to allow for the new books, periodicals and binding a larger sum will be needed than was asked for last year.

My library assistants have worked faithfully during the year. Owing to unusual demands made upon library assistants, especially in the matter of irregular hours, it is increasingly difficult to fill positions with properly trained people. I therefore trust that it will be possible to adjust the salaries so that our staff will not be lured away to positions which are more attractive financially. The library is recognized by the State as part of the educational system and the salaries in libraries should receive the same attention that the salaries of teachers are now receiving.

We continue to avail ourselves of the liberal policy of inter-library loans, thereby accommodating our borrowers and saving much in our book appropriation, and we gratefully acknowledge our indebtedness to the Massachusetts Free Public Library Commission and the neighboring libraries.

The loyal support of my staff and of you, the Trustees, has made the past year a very pleasant one.

Respectfully submitted,

LYDIA W. MASTERS,
Librarian.

	\$2,526 26

*These are independent industrial schools and the expenditure is not included by the State in the support of public schools. Money received from State on account of Newton, Boston and Cambridge Industrial Schools.

REPORT OF THE CHAIRMAN OF THE SCHOOL COMMITTEE

To the School Committee:

During the past year the new addition to the Hosmer School has been brought into use and on January 3, 1921, 749 pupils were in attendance there, or an average of over 37 per room, giving little or no flexibility for future increase or growth. This shows conclusively that the construction of this school has been too long delayed and the pressing needs of this section of the Town are still upon us.

The Town is now provided with a number of good buildings, well adapted for our work, but under the existing conditions we have little room left for expansion or to meet the requirements of the incoming classes. In the various grade buildings in the Town we have available at the present time seventy-eight rooms, one of which is in a portable building, and one unoccupied in the Bemis School. It is the intention of the Committee to fit up the room at the Bemis School so that an additional class may be taken care of there. This will reduce the number of pupils attending the Marshall Spring School to a small degree.

The Marshall Spring building at the present time is caring for twelve classes, or 439 pupils, and these classes are being accommodated by a division of work into two sessions and by the use of three extra teachers. The situation here as to the grades is overcrowded and must soon be relieved. The removal of the two upper grades to the Junior High School will in a measure relieve this situation, but with the incoming lower grades and the number of pupils in them, the pressure will still be maintained.

The pressure in the lower grades of our school system is becoming more and more acute and the expansions in the grades from the first to the sixth, in many instances, require careful thought and a long look into the future to provide the necessary conditions which will be required.

Although three new school buildings have been provided

within the last six years, namely, the Parker School in 1914 with ten rooms and hall, the new Coolidge School in 1915 with ten rooms and hall, and the Hosmer School addition in 1919 with twelve rooms and hall — in other words, thirty-two classrooms — yet these buildings are today filled and in some instances double sessions are required to carry on the work.

The total enrollment as of January 3, 1921, in all first grades in Town is 517, while the total in the ninth grade is 194. This will show the citizens the rapidity with which the lower grades are filling up and the grave necessity of inaugurating a new system of gradation, which will be needed to provide for the adequate housing of lower-grade pupils.

The High School

With an ever-increasing ratio of those entering this school as compared with those graduating, and the already crowded condition, it will be apparent to our citizens that relief must be provided here, or the construction of a new and more adequate building must be soon undertaken.

The following figures show conclusively the facts as to growth within the last twenty-one years and are set forth to show how rapidly this school is building up. The first class graduated from the new high school was that of 1913 — or eight years ago.

High School Enrollment

January 1, 1900	110 Pupils
January 1, 1905	182 Pupils
January 1, 1910	190 Pupils
January 1, 1915	297 Pupils
January 1, 1920	406 Pupils

and the present year, January 3, 1921, on the opening of the present term, 443 were in attendance, made up as follows:

Special	1
Seniors	94, Class of 1921
Juniors	86, Class of 1922
Sophomores	123, Class of 1923
Freshmen	139, Class of 1924
Total	443

The opening and furnishing of an additional room in the basement last September enabled us to care for this number; this practically exhausts our facilities, the school now being used for 443 pupils, where designed to accommodate but 325.

The probable status next fall at opening in September will be about as follows, based on present enrollment:

Class of 1922	86
Class of 1923	123
Class of 1924	139
Class of 1925	194
<hr/>	
Total	542

It would appear from these figures with a shrinkage of eight per cent that the net enrollment will be nearly, if not quite, 500 pupils, or an increase of 57 over present figures.

Junior High School

With the graded schools filled to capacity so that no extra rooms are available, and with an over-crowded high school and a visual increase there in September of nearly fifteen per cent, it should be only too apparent to our citizens that the recorded unanimous votes of the School Committees of both 1919 and 1920 as in favor of the establishment of Junior High Schools should be carried out, and the necessary building provided by the Town.

This building should be started as soon as it is possible to place the contracts, and the Town should take all necessary action at once, so that it can be available for use by January 1, 1922.

Already the Committee appointed have made good progress, much of the land for site has been acquired; the Town has authorized the taking by eminent domain of the remaining areas by its Selectmen; and a petition to the State Legislature for privilege of borrowing outside the debt limit has been authorized.

The divisions of the system of education as adopted by the School Committee will be:

1. Kindergarten	1 Year
2. Graded Classes	6 Years
3. Junior High School	3 Years
4. Senior High School	3 Years

or a thirteen-year course.

The pupils attending the three-year course in the Junior High School would be about as follows:

From present Seventh Grades	284 Pupils
From present Eighth Grades	249 Pupils
From present Ninth Grades	194 Pupils
	<hr/>
	727 Pupils

It will thus be seen that the building*called for for the first Junior High School by the committee, will accommodate our present needs, and the future needs will be provided when the present high school is converted for Junior High School uses.

It would seem to your chairman that the following program as to future school needs as set forth from time to time in the discussions and deliberations of the committee should be as follows:

- I. Junior High School for 600 pupils in west end.
- II. Ten-room addition, Coolidge School in east end.
- III. New high school for 700-800 pupils in central section.
- IV. Present High School converted to Junior High School for 600 pupils of east end.

Such an arrangement will care for the upper six grades and provide for possible relief that must be had in the lower seven grades.

General

The need of fitting up the Manual Training rooms in the Parker School should be taken up, and the need of moving from building to building should be eliminated as the loss of much valuable time for class work is involved to the detriment of the pupils.

The transportation of children in the lower grades from Hall Avenue section to the central district should be cared for during

the winter months, a petition for relief having been filed, as during the past winter the impassable condition of Common Street Hill caused these children much inconvenience.

We are aware that the expenditures for the school system are large and ever increasing, but they must continue to increase with the growth and needs of the schools, if the schools are kept on a high plane and their efficiency kept well advanced and up to the standard of our neighboring communities. In 1901, 1378 pupils were in our schools; today, the number has increased to 3439.

We have endeavored to conduct the schools for the best interests of the pupils, and with a desire to provide for them the best and largest results possible.

Close and intimate attention has been given by the Committee to the work intrusted to them, and we believe the results for the most part have been satisfactory. We bespeak from all our citizens their kindly consideration and renewed interest in the work which the committee hope to accomplish for the upbuilding of the schools. We trust the confidence placed in their hands will not be abused, but bear an increased fruitage in all that makes for their highest welfare.

In conclusion, let me thank the superintendent, the members of the committee, the principals, teachers, and all in any way connected with the Watertown Schools for their untiring efforts to maintain our schools in an efficient manner and to the credit of the Town.

Respectfully submitted,

ARTHUR F. GRAY,
Chairman of School Committee.

SUPERINTENDENT'S REPORT

To the School Committee of Watertown:

I submit herewith my thirteenth annual report. This report is the eighty-third of the printed reports of the School Committee of Watertown.

In the education of children as in every other worthwhile endeavor there is always a constant demand for the elimination of waste. There is in the educational field as great a waste as is to be found in any field where the undertaking is equally large. To make our efforts worth while we are constantly seeking to improve the working conditions whereby we hope to produce a satisfactory product.

The fact that the great majority of pupils leave school without attaining an excellent rating in many things is no proof that the school is a failure. The product of the schools of yesterday are the men and women who are doing the world's work today. The product of the schools of today will do the world's work tomorrow. We confidently expect that the work will be done better because the schools are giving a better training.

As is the teacher, so is the school. Massachusetts, with its many normal schools, has been supplying us so long with superior trained teachers that it is a rare event to receive an application for a position to teach in our schools from a teacher who has not had a special training in addition to a regular high school course. This has not always been true. Hence it is a fair deduction that these better trained teachers are doing better work, although individual instances may be cited of superior schools taught by teachers trained only in the school of experience. Nevertheless the fact remains that today no one thinks of taking up the profession of teaching without making special preparation for the work.

State Aid

For the purpose of equalizing the cost of education the State pays one hundred dollars to the several towns and cities

for each teacher employed for full time at a salary of six hundred fifty dollars, one hundred fifty dollars for each full time teacher receiving a salary of seven hundred fifty dollars, and two hundred dollars for each one receiving eight hundred or more dollars.

The underlying thought of this legislation is the taxation of the property of the State wherein it may be for the benefit of the children of the State wherever they may be. On account of this law we received last November about twenty thousand dollars.

Americanization

Massachusetts recently passed an Americanization Law providing for work with the adult immigrant in the various towns and cities of the state desiring the co-operation and in recognizing this as a state need has undertaken to bear half the expense. As a result greater progress has been made in the past year toward an intelligent appreciation and handling of this problem than in all the previous years of our national history.

Evening classes have been carried on in connection with the evening school and one teacher has been doing some work on the outside. There is a chance for the extension of this work: There is an opportunity for the development of mothers' classes in certain quarters which might meet in the schoolhouses in their neighborhood. Factory classes should be started at the Hood Factory, already the Hood Rubber Company is conducting several classes at private expenses. If such classes were conducted under the direction of the School Committee the State would share half of the expense. Under these conditions the Town and the State would have a share in the supervision of the same. I feel that our school budget should include money for carrying on this work in a larger way.

School Finances

The cost of education increases regularly year by year very much as the cost of all else mounts. Thus far the percentage of increase has nowhere near approximated the percentage of increase in costs of other lines of industry. All materials used in education have advanced in price and teachers'

salaries have also increased at frequent intervals. The last increase in salaries by the School Committee, while the largest in amount of any yet made by this town, merely serves to keep our salary level in line with other towns and cities of the State.

Attention to individual needs in instruction characterizes the Watertown schools. Through the use of achievement tests as well as the intelligence tests the capabilities of pupils can be more definitely determined and better provision made for special needs. Some of our teachers have taken special work at Harvard School of Education or the Hyannis Summer School which enables them to do this work. Miss Elizabeth P. Connors of the Parker School writes in part as follows:

Intelligence Tests: In 1919 a law was enacted authorizing school committees to ascertain the number of children who were three years mentally retarded and to form a special class if that number exceeded ten.

After a careful study of many tests, the Dearborn Group Tests of intelligence were chosen for use in the Watertown schools. They were used in the Virginia survey and in many school surveys throughout Massachusetts. The writer has had the great privilege of the advice and assistance of the author, Professor Walter F. Dearborn, of Harvard University.

Series I is used in the first three grades. This test requires no knowledge of reading or writing. It was given as a school entrance examination in Winchester to a group of children who were under the required age of five years and nine months.

Series II is used from the fourth to the ninth grades inclusive. This test involves reading, writing, and some knowledge of numbers, such as children in these grades would be expected to know.

There is a wide difference in the amount of native intelligence as was proven by the results of the mental tests used in the Army. There are many degrees of normality, but children may be roughly classified by these tests into three groups, the superior, the normal, and those of lower ability.

The superior children can be selected early in their school life, and allowed to progress at their own rate of speed. This has been tried out in many places with a great saving in time and money. The following table shows the time taken for a

group of fourteen hundred children in St. Louis to complete the eight grades.

1 per cent completed them in 4 years.

6 per cent completed them in 5 years.

24 per cent completed them in 6 years.

36 per cent completed them in 7 years.

26 per cent completed them in 8 years.

7 per cent completed them in 9 years.

St. Louis has a quarterly promotion system and "coaching classes."

About ten per cent of money spent on education is used for retardates. Psychologists say the chief cause of retardation is inferior mental endowment.

The following table shows the number of over-age pupils in the Parker School.

Age-Grade Table, November 1, 1920

	5 Yrs.	6 Yrs.	7 Yrs.	*8 Yrs.	9 Yrs.	10 Yrs.	11 Yrs.	12 Yrs.	13 Yrs.	14 Yrs.	15 Yrs.	16 Yrs.	Total
Grade I	21	28	3	2									54
II	1	19	15	3	2	1	1						42
III			14	21	3	1							39
IV				11	13	4	2	1	1				32
V					19	7	5	3	2	2			38
VI					1	9	15	7	7	1			40
VII							11	15	5	1	1	1	34
VIII							1	10	9	14	1	3	38
IX								1	12	15	10	2	40
	22	47	32	37	38	22	35	37	36	33	12	6	357

Eighty-nine or 27 per cent are over age. About twenty per cent of these come from homes where a foreign language is used.

These tests are of practical importance in determining what special aptitude children have, and in what manner the interest

of the child may be best aroused. They have shown that some teachers have a very difficult problem, requiring unusual patience and skill, where the mental ratings of the class are unusually low.

Achievement tests in reading, arithmetic, spelling, etc., will also be given, and thus our schools may be compared with those of other places.

The children selected for special classes will be tested individually by the Harvard or State Clinics and the other authorized fields of inquiry investigated.

Chapter 311 of the Acts of 1919 provided for the establishment of Continuation Schools in cities and town in which there were employed during the previous calendar year two hundred or more minors between fourteen and sixteen years of age. This act was placed for referendum on the ballot at the annual election in November, 1919, and was accepted by every municipality in the State with one exception. The vote in Watertown was 1901 in favor and 228 opposed, the majority of 1673 being the largest on any of the five measures calling for an expression of opinion.

Under this act the School Committee at their May meeting appointed Mr. Edwin H. Whitehill, for thirteen years a member of the High School staff, as director of the local Continuation School and the work of organization was carried on during the summer. The sessions of the school began on September 8 in the High School building with an enrollment of 229. The total enrollment up to January 1 was 250. A faculty of three members besides the Director has been employed. Mr. Franklin P. Keating, a graduate of Rindge Manual Training School and the Massachusetts Normal Art School, is in charge of the manual arts for the boys; Miss Marion P. Keep, a graduate of the Framingham Normal School, conducts the classes in household arts for the girls; Miss Edith S. Damon, a graduate of Mount Holyoke College, the academic subjects for girls.

The purpose of the Continuation School is to provide for employed minors under sixteen years of age training in manual and household arts, hygiene, and citizenship, and to furnish vocational guidance. Four hours' school attendance per week (twenty hours when unemployed), classes limited to fifteen

pupils, boys to be taught by men and girls by women, are some of the conditions prescribed by the State Board of Education to accomplish these purposes. Where these requirements are complied with the State reimburses for one-half the cost of maintenance of the school. In addition to the work done in the classroom a system of "follow-up" work, consisting of visits to the homes of the pupils and conferences with foremen and employers, re-enforces the classroom instruction and serves to unite the home, the factory, and the school in promoting the welfare of the pupils. The small classes make possible a more careful study of the needs of the boy or girl. In carrying on this system, the teachers have met the hearty co-operation of employers and parents to secure regular attendance and to accomplish the ultimate purpose, the training of young people for efficient citizenship.

The classes in manual arts are engaged in fitting a room in the basement of the new Hosmer addition with benches, tool closet, and office, in preparation for training in metal work. Woodworking is already provided for in the equipment installed for the manual training classes of the regular schools. Additional facilities for both groups of pupils will thus be furnished.

In the household arts classes the girls are receiving instruction in cooking and serving meals, food values and marketing, personal hygiene and household sanitation, home nursing and first aid. The training received in the school is re-enforced by work done at home, which the pupils are expected to describe in written reports. Visits to the homes by the teachers and conferences with the mothers have aroused interest in the school and in some cases have had a definite influence on the home life of the family.

The aim of the academic work with both boys and girls is to supplement the previous instruction in the grades and to give the pupils such ideas and ideals of a civic and cultural nature as will help them to enjoy the worthwhile things of life and to take their proper place in community activities. Our citizens are urged to visit the school and to see for themselves the spirit and the actual work of the classes.

Professional Growth

I wish to call attention to the zeal with which many of our teachers are doing outside study of a professional nature. Many are taking courses either at Boston University School of Education, the Department of Education at Harvard or courses under University Extension, and they are to be commended for their splendid undertaking.

Our School Organization

The plan of organization and the one that seems to be recommended by progressive education divides the school course into thirteen grades, one kindergarten-sub-primary grade, six elementary grades, three intermediate or Junior High and three in the Senior High. This will mean eventually two Junior High Schools and one Senior High School. Had this type of school organization been proposed ten years ago it would have needed defense. Today it needs no defense. It has been adopted by progressive committees all over the country. Notable examples in Massachusetts are Springfield and Boston.

The High School

The State Department of Education has placed the High School in Class A for the last number of years and we have the privilege of sending the pupils to several of the New England colleges on certificates.

In a recent number of the "Survey of High Schools of the United States" issue by the Federal Board of Education, there are certain figures that show that Watertown is not lagging behind. The figures which I quote are those that refer to conditions in Massachusetts.

(1) 36 per cent of the graduates of high schools go on to higher institutions. Watertown sends over 40 per cent.

(2) 5 per cent of the High School enrollment is in the senior class. Watertown for four years has maintained over 18 per cent, i.e., we hold our pupils better than the average school.

(3) 16.05 per cent of pupils enrolled are in the commercial course. Watertown has over 50 per cent. This is to say our

school is definitely preparing its pupils either for college or business.

(4) The average number of pupils per teacher is 23. In Watertown it is 23 or less. This means that our organization meets the best standards.

Employment Certificates

Employment Certificates, Under 16	Boys	Girls	Totals
Total number of limited, special, and regular certificates issued to work in Watertown or elsewhere, this year	201	107	308
Number of minors certified for regular employment in Watertown and elsewhere:			
Resident minors certified by me for employment in Watertown	99	69	168
Resident minors certified by me for employment elsewhere	41	9	50
	140	78	218
Resident minors certified by me for employment both in Watertown and elsewhere (subtract) . .	13	4	17
Total number of minors to whom I have issued regular certificates	127	74	201
Minors certified by other towns to work in Watertown	138	116	254
Total number of different minors employed in Watertown this year under authority of Regular Employment Certificates	237	185	422
Educational Certificates, for those Over 16			
Number of minors certified for employment this year	313	255	568
Number of educational certificates issued this year	443	381	824
Total number of certificates I have issued this year (either Employment or Educational)	644	488	1132

The School Bank

For Year Ending October 31, 1920

1. Number of schools in which the system was in operation October 31, 1920, 10.
2. Number of rooms in which the system was in operation October 31, 1920, 75.
3. Number of enrolled pupils in such schools October 31, 1920, 2863.
4. Number of enrolled depositors in such schools October 31, 1920, 1860.
5. Number of deposits received from November 1, 1919, to October 31, 1920, 18844.
6. Amount of such deposits. (The balance carried over from the previous year should be included in this item) \$9289.94.
7. Number of withdrawals (not including amounts transferred to savings bank passbooks) from November 1, 1919, to October 31, 1920, inclusive, 934.
8. Amount of such withdrawals, \$2,245.05.
9. Amount to the credit of depositors in the school savings bank October 31, 1920, \$705.03.
10. Number of scholars to whom savings bank passbooks have been issued from November 1, 1919, to October 31, 1920, inclusive, 566.
11. Amount of deposits transferred from school savings to savings bank passbooks from November 1, 1919, to October 31, 1920, inclusive, \$6,339.86.

Report of School Nurse For the Year 1920

Pupils examined by physicians	1,220
Pupils inspected in schools	4,915
Pupils treated in schools	649
Pupils inspected at home	52
Number of visits to schools	424
Number of homes visited	146
Pupils taken to Pope Dispensary (January to June)	46
Pupils taken to Forsyth and Harvard Dental Infirmaryes	379
Number of pupils fitted to glasses	85
Pupils with hypertrophied tonsils	124

Pupils with adenoids	32
Pupils with heart murmers	12
Pupils with nasal defects	8
Pupils with defective teeth	450
Pupils with scabies	12
Number of baths given November and December at Coolidge School	47

In concluding this report on the condition of our schools, I cannot make too emphatic the statement that our greatest need at the present time is that of adequate accommodations. The rapid growth of the town, bringing children to us in larger numbers than we can properly accommodate, has caused us to continue putting off many essential projects which we ought to be undertaking and of whose need the Committee are well aware. I am confident, however, that the town will move in this matter as promptly and generously as in the past, so that we may amply satisfy the various needs of all types of children for whose education we are responsible.

I wish to express to the Committee my appreciation of their co-operation and support in the work of the year and to bear witness again to the faithful devotion of the teaching corps to the great task at hand.

Respectfully submitted,

WILFRED H. PRICE.
